Dear Secretary,

Just a brief letter with a few remarks on the new regulations for the acknowledgment process.

1.- Most areas refer back to 1934, and then in 83.7-e, it refers you back to a historical tribe once again.

2.- In the present criterion you are only required to meet five out of the seven requirements. In the new criterion you are considering seven out of the seven, or all seven of the requirements.

These are a few of our immediate concerns. Thank you for your concern , and your time.

Sincerely,
Vancleave Live Oak Choctaw Corporation
