The Commissioner of Indian Affairs,

Sir;-

In further reference to the above letter of May 21, 1914 and my report of Aug. 18 I am enclosing a copy of letter just received from Mr. Chandler who is connected with the company owning the Tejon Ranch and is acting somewhat as manager.

It is probable we will have something further from them after my letter has been considered by their board.

Very Respectfully,

Mr. E. H. Ashburn,
Special Indian Agent,
[illegible] Building,
Reno, Nevada.

Dear Sir:

Your letter of August 19th reached my office while I was away on a trip to Alaska.

I do not think there need be any fear that the Indians on the Tejon Ranch will be discharged, in fact, I am sure that there is no present intention of moving them from the land which they have for many years been renting from the company and which has given them such great satisfaction as a home.

Mr. Lopez has been on the ranch for nearly forty years and has always made it a rule to give the Indians living on the ranch the preference in the matter of work when it is a class of work that they can do as well as outsiders.

While I am not able to give you any authoritative or legally binding statement until after positive action of the board will have been previously obtained, I can assure you that there is not the slightest probability of the present owners of the ranch desiring to make any change which will affect adversely the interest of the Tejon Indians.

Yours very truly,

Signed HARRY CHANDLER.
