Yes – both letters have the same status and can be shared publically.

Michael,

I now have a request for the original letter dated Dec. 30. Did you say that it was okay to deliver that letter also, if requested? Please let me know. Thanks.

Thanks, Paul.

I am forwarding to people who may be getting inquiries from outside of eth Department.

Has Exec Sec or our office forwarded this to the Tribe for its records? If not I think they should get a copy before anyone else gets a copy. From an e-mail last Thursday afternoon, I think that Patrice was touching base with the Tribe. Patrice or Paul do you know if the Tribe knows about or has the corrected version?

Also in last Thursday's e-mail, Mike noted that the OS FOIA Officer, Ray McInerney, can help to advise AISA on posting the letter on DOI's electronic FOIA reading room. Nedra's office might be able to post this to the press release as another option. Paul, would you like for Nedra to explore these options?

Regarding the effective date, December 30, 2011, is still the effective date. The January 6, 2012, date reflects a new version that addressed clerical errors in the December letter.

If anyone thinks that my e-mail misses anything, please let me know.
