SEC. 138. (a) SHORT TITLE.—This section may be cited as the “Eastern Band of Cherokee Indians Land Exchange Act of 2003”.

(b) FINDINGS AND PURPOSES.—

(1) FINDINGS.—Congress finds the following:

(A) Since time immemorial, the ancestors of the Eastern Band of Cherokee Indians have lived in the Great Smoky Mountains of North Carolina. The Eastern Band's ancestral homeland includes substantial parts of seven eastern States and the land that now constitutes the Great Smoky Mountains National Park.

(B) The Eastern Band has proposed a land exchange with the National Park Service and has spent over \$1,500,000 for studies to thoroughly inventory the environmental and cultural resources of the proposed land exchange parcels.

(C) Such land exchange would benefit the American public by enabling the National Park Service to acquire the Yellow Face tract, comprising 218 acres of land adjacent to the Blue Ridge Parkway.

(D) Acquisition of the Yellow Face tract for protection by the National Park Service would serve the public interest by preserving important views for Blue Ridge Parkway visitors, preserving habitat for endangered species and threatened species including the northern flying squirrel and the rock gnome lichen, preserving valuable high altitude wetland seeps, and preserving the property from rapidly advancing residential development.

(E) The proposed land exchange would also benefit the Eastern Band by allowing it to acquire the Ravensford tract, comprising 143 acres adjacent to the Tribe's trust territory in Cherokee, North Carolina, and currently within the Great Smoky Mountains National Park and Blue Ridge Parkway. The Ravensford tract is part of the Tribe's ancestral homeland as evidenced by archaeological finds dating back no less than 6,000 years.

(F) The Eastern Band has a critical need to replace the current Cherokee Elementary School, which was built by the Department of the Interior over 40 years ago with a capacity of 480 students. The school now hosts 794 students in dilapidated buildings and mobile classrooms at a dangerous highway intersection in downtown Cherokee, North Carolina.

(G) The Eastern Band ultimately intends to build a new three-school campus to serve as an environmental, cultural, and educational “village,” where Cherokee language and culture can be taught alongside the standard curriculum.

(H) The land exchange and construction of this educational village will benefit the American public by preserving Cherokee traditions and fostering a vibrant, modern, and well-educated Indian nation.

(I) The land exchange will also reunify tribal reservation lands now separated between the Big Cove Community and the balance of the Qualla Boundary, reestablishing the territorial integrity of the Eastern Band.

(J) The Ravensford tract contains no threatened species or endangered species listed pursuant to the Endangered Species Act of 1973. The 218-acre Yellow Face tract has a number of listed threatened species and endangered species and a higher appraised value than the 143-acre Ravensford tract.

(K) The American public will benefit from the Eastern Band's commitment to mitigate any impacts on natural and cultural resources on the Ravensford tract, by among other things reducing the requested acreage from 168 to 143 acres.

(L) The Congress and the Department of the Interior have approved land exchanges in the past when the benefits to the public and requesting party are clear, as they are in this case.

(2) PURPOSES.—The purposes of this section are the following:

(A) To acquire the Yellow Face tract for protection by the National Park Service, in order to preserve the Waterrock Knob area's spectacular views, endangered species and high altitude wetland seeps from encroachment by housing development, for the benefit and enjoyment of the American public.

(B) To transfer the Ravensford tract, to be held in trust by the United States for the benefit of the Eastern Band of Cherokee Indians, in order to provide for an education facility that promotes the cultural integrity of the Eastern Band and to reunify two Cherokee communities that were historically contiguous, while mitigating any impacts on natural and cultural resources on the tract.

(C) To promote cooperative activities and partnerships between the Eastern band and the National Park Service within the Eastern Band's ancestral homelands.

(c) LAND EXCHANGE.—

(1) IN GENERAL.—The Secretary of the Interior ("Secretary") shall exchange the Ravensford tract, currently in the Great Smoky Mountains National Park and the Blue Ridge Parkway, for the Yellow Face tract adjacent to the Waterrock Knob Visitor Center on the Blue Ridge Parkway.

(2) TREATMENT OF EXCHANGED LANDS.—Effective upon receipt by the Secretary of a deed or deeds satisfactory to the Secretary for the lands comprising the Yellow Face tract (as described in subsection (3)) to the United States, all right, title, and interest of the United States in and to the Ravensford tract (as described in subsection (4)), including all improvements and appurtenances, are declared to be held in trust by the United States for the benefit of the Eastern Band of Cherokee Indians as part of the Cherokee Indian Reservation.

(3) **YELLOW FACE TRACT.**—The Yellow Face tract shall contain Parcels 88 and 89 of the Hornbuckle Tract, Yellow Face Section, Qualla Township, Jackson County, North Carolina, which consist altogether of approximately 218 acres and are depicted as the “Yellow Face Tract” on the map entitled “Land Exchange Between the National Park Service and the Eastern Band of Cherokee Indians,” numbered 133/80020A, and dated November 2002. The map shall be on file and available for public inspection in the appropriate offices of the National Park Service and the Bureau of Indian Affairs. Upon completion of the land exchange, the Secretary shall adjust the boundary of the Blue Ridge Parkway to include such lands and shall manage the lands as part of the parkway.

(4) **RAVENSFORD TRACT.**—The lands declared by subsection (2) to be held in trust for the Eastern Band of Cherokee Indians shall consist of approximately 143 acres depicted as the “Ravensford Tract” on the map identified in subsection (3). Upon completion of the land exchange, the Secretary shall adjust the boundaries of Great Smoky Mountains National Park and the Blue Ridge Parkway to exclude such lands.

(5) **LEGAL DESCRIPTIONS.**—Not later than 1 year after the date of enactment of this section, the Secretary of the Interior shall file a legal description of the areas described in subsections (3) and (4) with the Committee on Resources of the House of Representatives and the Committee on Indian Affairs and the Committee on Energy and Natural Resources of the Senate. Such legal descriptions shall have the same force and effect as if the information contained in the description were included in those subsections except that the Secretary may correct clerical and typographical errors in such legal descriptions. The legal descriptions shall be on file and available for public inspection in the offices of the National Park Service and the Bureau of Indian Affairs.

(d) **IMPLEMENTATION PROCESS.**—

(1) **GOVERNMENT-TO-GOVERNMENT AGREEMENTS.**—In order to fulfill the purposes of this section and to establish cooperative partnerships for purposes of this section the Director of the National Park Service and the Eastern Band of Cherokee Indians shall enter into government-to-government consultations and shall develop protocols to review planned construction on the Ravensford tract. The Director of the National Park Service is authorized to enter into cooperative agreements with the Eastern Band for the purpose of providing training, management, protection, preservation, and interpretation of the natural and cultural resources on the Ravensford tract.

(2) **CONSTRUCTION STANDARDS.**—Recognizing the mutual interests and responsibilities of the Eastern Band of Cherokee Indians and the National Park Service for the conservation and protection of the resources on the Ravensford tract, the National Park Service and the Eastern Band shall develop mutually agreed upon standards for size, impact, and design of construction consistent with the purposes of this section on the Ravensford tract. The standards shall be consistent with the Eastern Band’s need to develop educational facilities and support infrastructure adequate for current and future generations and shall otherwise minimize or mitigate any adverse impacts on natural or cultural resources. The standards

shall be based on recognized best practices for environmental sustainability and shall be reviewed periodically and revised as necessary. Development of the tract shall be limited to a road and utility corridor, an educational campus, and the infrastructure necessary to support such development. No new structures shall be constructed on the part of the Ravensford tract depicted as the “No New Construction” area on the map referred to in subsection (c)(3), which is generally the area north of the point where Big Cove Road crosses the Raven Fork River. All development on the Ravensford tract shall be conducted in a manner consistent with this section and such development standards.

(e) GAMING PROHIBITION.—Gaming as defined and regulated by the Indian Gaming Regulatory Act (25 U.S.C. 2701 et seq.) shall be prohibited on the Ravensford tract.

SEC. 139. Notwithstanding any implementation of the Department of the Interior’s trust reorganization plan within fiscal years 2003 or 2004, funds appropriated for fiscal year 2004 shall be available to the tribes within the California Tribal Trust Reform Consortium and to the Salt River Pima Maricopa Indian Community, the Confederated Salish-Kootenai Tribes of the Flathead Reservation and the Chippewa Cree Tribe of the Rocky Boys Reservation on the same basis as funds were distributed in fiscal year 2003. This Demonstration Project shall operate separate and apart from the Department of the Interior’s trust reform reorganization, and the Department shall not impose its trust management infrastructure upon or alter the existing trust resource management systems of the above referenced tribes having a self-governance compact and operating in accordance with the Tribal Self-Governance Program set forth in 25 U.S.C. Sections 458aa–458hh: *Provided*, That the California Trust Reform Consortium and any other participating tribe agree to carry out their responsibilities under the same fiduciary standards as those to which the Secretary of the Interior is held: *Provided further*, That they demonstrate to the satisfaction of the Secretary that they have the capability to do so.

SEC. 140. (a) SHORT TITLE.—This section may be cited as the “Blue Ridge National Heritage Area Act of 2003”.

(b) FINDINGS AND PURPOSE.—

(1) FINDINGS.—Congress finds that:

(A) The Blue Ridge Mountains and the extensive cultural and natural resources of the Blue Ridge Mountains have played a significant role in the history of the United States and the State of North Carolina.

(B) Archaeological evidence indicates that the Blue Ridge Mountains have been inhabited by humans since the last retreat of the glaciers, with the Native Americans living in the area at the time of European discovery being primarily of Cherokee descent.

(C) The Blue Ridge Mountains of western North Carolina, including the Great Smoky Mountains, played a unique and significant role in the establishment and development of the culture of the United States through several distinct legacies, including—

(i) the craft heritage that—

(I) was first influenced by the Cherokee Indians;

(II) was the origin of the traditional craft movement starting in 1900 and the contemporary craft movement starting in the 1940's; and

(III) is carried out by over 4,000 craftspeople in the Blue Ridge Mountains of western North Carolina, the third largest concentration of such people in the United States;

(ii) a musical heritage comprised of distinctive instrumental and vocal traditions that—

(I) includes stringband music, bluegrass, ballad singing, blues, and sacred music;

(II) has received national recognition; and

(III) has made the region one of the richest repositories of traditional music and folklife in the United States;

(iii) the Cherokee heritage—

(I) dating back thousands of years; and

(II) offering—

(aa) nationally significant cultural traditions practiced by the Eastern Band of Cherokee Indians;

(bb) authentic tradition bearers;

(cc) historic sites; and

(dd) historically important collections of Cherokee artifacts; and

(iv) the agricultural heritage established by the Cherokee Indians, including medicinal and ceremonial food crops, combined with the historic European patterns of raising livestock, culminating in the largest number of specialty crop farms in North Carolina.

(D) The artifacts and structures associated with those legacies are unusually well-preserved.

(E) The Blue Ridge Mountains are recognized as having one of the richest collections of historical resources in North America.

(F) The history and cultural heritage of the Blue Ridge Mountains are shared with the States of Virginia, Tennessee, and Georgia.

(G) there are significant cultural, economic, and educational benefits in celebrating and promoting this mutual heritage.

(H) according to the 2002 reports entitled “The Blue Ridge Heritage and Cultural Partnership” and “Western North Carolina National Heritage Area Feasibility Study and Plan”, the Blue Ridge Mountains contain numerous resources that are of outstanding importance to the history of the United States.

(I) it is in the interest of the United States to preserve and interpret the cultural and historical resources of the Blue Ridge Mountains for the education and benefit of present and future generations.

(2) PURPOSE.—The purpose of this section is to foster a close working relationship with, and to assist, all levels of government, the private sector, and local communities in the State in managing, preserving, protecting, and interpreting the cultural, historical, and natural resources of the Heritage Area while continuing to develop economic opportunities.

(a) In providing services or awarding financial assistance under the National Foundation on the Arts and the Humanities Act of 1965 from funds appropriated under this Act, the Chairperson of the National Endowment for the Arts shall ensure that priority is given to providing services or awarding financial assistance for projects, productions, workshops, or programs that serve underserved populations.

(b) In this section:

SEC. 313. None of the funds in this Act may be used to support Government-wide administrative functions unless such functions are justified in the budget process and funding is approved by the House and Senate Committees on Appropriations.

SEC. 314. Notwithstanding any other provision of law, none of the funds in this Act may be used for GSA Telecommunication Centers.

SEC. 315. Notwithstanding any other provision of law, for fiscal year 2004 the Secretaries of Agriculture and the Interior are authorized to limit competition for watershed restoration project contracts as part of the “Jobs in the Woods” Program established in Region 10 of the Forest Service to individuals and entities in historically timber-dependent areas in the States of Washington, Oregon, northern California, Idaho, Montana, and Alaska that have been affected by reduced timber harvesting on Federal lands. The Secretaries shall consider the benefits to the local economy in evaluating bids and designing procurements which create economic opportunities for local contractors.

SEC. 316. Amounts deposited during fiscal year 2003 in the roads and trails fund provided for in the 14th paragraph under the heading “FOREST SERVICE” of the Act of March 4, 1913 (37 Stat. 843; 16 U.S.C. 501), shall be used by the Secretary of Agriculture, without regard to the State in which the amounts were derived, to repair or reconstruct roads, bridges, and trails on National Forest System lands or to carry out and administer projects to improve forest health conditions, which may include the repair or reconstruction of roads, bridges, and trails on National Forest System lands in the wildland-community interface where there is an abnormally high risk of fire. The projects shall emphasize reducing risks to human safety and public health and property and enhancing ecological functions, long-term forest productivity, and biological integrity. The projects may be completed in a subsequent fiscal year. Funds shall not be expended under this section to replace funds which would otherwise appropriately be expended from the timber salvage sale fund. Nothing in this section shall be construed to exempt any project from any environmental law.

SEC. 317. Other than in emergency situations, none of the funds in this Act may be used to operate telephone answering machines during core business hours unless such answering machines include an option that enables callers to reach promptly an individual on-duty with the agency being contacted.

SEC. 318. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2004, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, all of the western redcedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in fiscal year 2003, less than the annual average portion of the decadal allowable sale quantity called for in the Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, the volume of western redcedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs

of domestic processors in Alaska; and (ii) is that percent of the surplus western redcedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a “rolling basis” shall mean that the determination of how much western redcedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western redcedar shall be deemed “surplus to the needs of domestic processors in Alaska” when the timber sale holder has presented to the Forest Service documentation of the inability to sell western redcedar logs from a given sale to domestic Alaska processors at a price equal to or greater than the log selling value stated in the contract. All additional western redcedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

SEC. 319. A project undertaken by the Forest Service under the Recreation Fee Demonstration Program as authorized by section 315 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1996, as amended, shall not result in—

(1) displacement of the holder of an authorization to provide commercial recreation services on Federal lands. Prior to initiating any project, the Secretary shall consult with potentially affected holders to determine what impacts the project may have on the holders. Any modifications to the authorization shall be made within the terms and conditions of the authorization and authorities of the impacted agency; and

(2) the return of a commercial recreation service to the Secretary for operation when such services have been provided in the past by a private sector provider, except when—

(A) the private sector provider fails to bid on such opportunities;

(B) the private sector provider terminates its relationship with the agency; or

(C) the agency revokes the permit for non-compliance with the terms and conditions of the authorization.

In such cases, the agency may use the Recreation Fee Demonstration Program to provide for operations until a subsequent operator can be found through the offering of a new prospectus.

SEC. 320. Prior to October 1, 2004, the Secretary of Agriculture shall not be considered to be in violation of subparagraph 6(f)(5)(A) of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604(f)(5)(A)) solely because more than 15 years have passed without revision of the plan for a unit of the National Forest System. Nothing in this section exempts the Secretary from any other requirement of the Forest and Rangeland Renewable Resources Planning Act (16 U.S.C. 1600 et seq.) or any other law: *Provided*, That if the Secretary is not acting expeditiously and in good faith, within the funding available, to revise a plan for a unit of the National Forest System, this section shall be void with respect to such plan and a court of proper jurisdiction may order completion of the plan on an accelerated basis.

SEC. 321. No funds provided in this Act may be expended to conduct preleasing, leasing and related activities under either the Mineral Leasing Act (30 U.S.C. 181 et seq.) or the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) within the boundaries of a National Monument established pursuant to the Act of June 8, 1906 (16 U.S.C. 431 et seq.) as such boundary existed on January 20, 2001, except where such activities are allowed under the Presidential proclamation establishing such monument.

SEC. 324. In entering into agreements with foreign countries pursuant to the Wildfire Suppression Assistance Act (42 U.S.C. 1856m) the Secretary of Agriculture and the Secretary of the Interior are authorized to enter into reciprocal agreements in which the individuals furnished under said agreements to provide wildfire services are considered, for purposes of tort liability, employees of the country receiving said services when the individuals are engaged in fire suppression: *Provided*, That the Secretary of Agriculture or the Secretary of the Interior shall not enter into any agreement under this provision unless the foreign country (either directly or through its fire organization) agrees to assume any and all liability for the acts or omissions of American firefighters engaged in firefighting in a foreign country: *Provided further*, That when an agreement is reached for furnishing fire fighting services, the only remedies for acts or omissions committed while fighting fires shall be those provided under the laws of the host country, and those remedies shall be the exclusive remedies for any claim arising out of fighting fires in a foreign country: *Provided further*, That neither the sending country nor any legal organization associated with the firefighter shall be subject to any legal action whatsoever pertaining to or arising out of the firefighter’s role in fire suppression.

SEC. 325. A grazing permit or lease issued by the Secretary of the Interior or a grazing permit issued by the Secretary of Agriculture where National Forest System lands are involved that expires, is transferred, or waived during fiscal years 2004–2008 shall be renewed under section 402 of the Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1752), section 19 of the Granger-Thye Act, as amended (16 U.S.C. 5801), title III of the Bankhead-Jones Farm Tenant Act (7 U.S.C. 1010 et seq.), or, if applicable, section 510 of the California Desert Protection Act (16 U.S.C. 410aaa–50). The terms and conditions contained in the expired, transferred, or waived permit or lease shall continue in effect under the renewed permit or lease until such time as the Secretary of the Interior or Secretary of Agriculture as appropriate completes processing of such permit or lease in compliance

with all applicable laws and regulations, at which time such permit or lease may be canceled, suspended or modified, in whole or in part, to meet the requirements of such applicable laws and regulations. Nothing in this section shall be deemed to alter the statutory authority of the Secretary of the Interior or the Secretary of Agriculture: *Provided*, That where National Forest System lands are involved and the Secretary of Agriculture has renewed an expired or waived grazing permit prior to fiscal year 2004, the terms and conditions of the renewed grazing permit shall remain in effect until such time as the Secretary of Agriculture completes processing of the renewed permit in compliance with all applicable laws and regulations or until the expiration of the renewed permit, whichever comes first. Upon completion of the processing, the permit may be canceled, suspended or modified, in whole or in part, to meet the requirements of applicable laws and regulations: *Provided further*, That beginning in November 2004, and every year thereafter, the Secretaries of the Interior and Agriculture shall report to Congress the extent to which they are completing analysis required under applicable laws prior to the expiration of grazing permits, and beginning in May 2004, and every two years thereafter, the Secretaries shall provide Congress recommendations for legislative provisions necessary to ensure all permit renewals are completed in a timely manner. The legislative recommendations provided shall be consistent with the funding levels requested in the Secretaries' budget proposals: *Provided further*, That notwithstanding section 504 of the Rescissions Act (109 Stat. 212), the Secretaries in their sole discretion determine the priority and timing for completing required environmental analysis of grazing allotments based on the environmental significance of the allotments and funding available to the Secretaries for this purpose: *Provided further*, That any Federal lands included within the boundary of Lake Roosevelt National Recreation Area, as designated by the Secretary of the Interior on April 5, 1990 (Lake Roosevelt Cooperative Management Agreement), that were utilized as of March 31, 1997, for grazing purposes pursuant to a permit issued by the National Park Service, the person or persons so utilizing such lands as of March 31, 1997, shall be entitled to renew said permit under such terms and conditions as the Secretary may prescribe, for the lifetime of the permittee or 20 years, whichever is less.

SEC. 326. Notwithstanding any other provision of law or regulation, to promote the more efficient use of the health care funding allocation for fiscal year 2004, the Eagle Butte Service Unit of the Indian Health Service, at the request of the Cheyenne River Sioux Tribe, may pay base salary rates to health professionals up to the highest grade and step available to a physician, pharmacist, or other health professional and may pay a recruitment or retention bonus of up to 25 percent above the base pay rate.

SEC. 331. No funds appropriated in this Act for the acquisition of lands or interests in lands may be expended for the filing of declarations of taking or complaints in condemnation without the approval of the House and Senate Committees on Appropriations: *Provided*, That this provision shall not apply to funds appropriated to implement the Everglades National Park Protection and Expansion Act of 1989, or to funds appropriated for Federal assistance to the State of Florida to acquire lands for Everglades restoration purposes.
