Attached is a draft response to the Tejon Indian Tribe. The Tribe requested either to be recognized under the IRA or for its federal status to be reaffirmed because of an administrative error by the DOI. Also attached is a memo that describes

Can you both take a look and give feedback on the draft response letter ("Tejon Reaffirmation 12.11")? I have the information that the Tribe submitted and have attached to this e-mail some of the federal documents that are referred to Any feedback would be greatly appreciated even if we can just have a conversation in the next day, so thanks in advance for your time. Thanks for reading through the typos that still may be in the letter.

Paul, after Liz and Dion give their input, would you like to send a version of the response letter to the OFA, PAC Region and the BIA Indian Services? Before any draft gets distributed internally, could you talk directly with Patrice about how SOL will review? Within SOL, I that Maria and Mike may need to be added for the next version but of course defer to Patrice and Paul. Until then, I am keeping the distribution list just to the people on this e-mail. Thank you everyone for maintaining the A-C privilege.

Thanks.

Reference is made to letter from the Office of, [illegible]
addressed to Mr. Harry Chandler of the Los Angeles Times, Los Angeles,

captioned matter. I have the honor to advise that during my recent trip through
[illegible] County, California, enroute to Los Angeles, in the [illegible]

being very little furniture of any kind and exceedingly scant of both bedding and clothing. The extent of the enclosed and used lands of these Indians will not exceed 15 acres, consisting of 8 or 10 small patches, the largest being that of the Chief, Juan Lozada, who has about $\frac{1}{2}$ acres in his enclosure, the others ranging from $\frac{1}{4}$ to about one acre, likely averaging $\frac{1}{2}$ acre, given chiefly to garden uses, the the Chief has grown during the past year some native hay and has about $\frac{1}{4}$ acre in alfalfa.

My information was that under orders of the ranch manager, J. J. Lopez, these Indians have not and will not in the future be permitted to increase their live-stock holding to any extent, not even sheep, goats or hogs. They have a few horses, comparatively few, not exceeding 10 head, of which only 6 or 7 of any serviceable value. There is not a milk cow on the rancharia, and was told by the Indians they are not permitted to own cattle. That during the past summer they were ordered not to take water from the company ditch to irrigate their gardens.

The Catholic people have built for these Indians a very neat little house for religious worship, but according to information of the Chief and Mr. Cantor, its door has been closed and locked against these people for some time. There is certainly built a very neat little school house, erected by the County, but being denied the advantage of a school this year on account of the orders of Lopez, since the recent burning of Chief Lozada's cabin home, has only been occupied by him. Lumber sent by the County this year to add to or in some way improve the school house has not and will not be used, having been recently sold, on account of opposition of the manager, who evidently acts under instructions from ranch owners.

Prof. R. L. Stobson, ex-Supt. of Schools, resident of Bakerfield,

has advised me that during his administration Lopez attempted to prevent the establishment of a school on the Indian lands.

Page 3.

that he became so persistent in his opposition that he told him if he further interfered that he would have him arrested."

The night before leaving Bakersfield I called on the present Supt. Public Schools to learn why no school by the County has for some time not been carried on for these Indians, and was informed by him that it was the opposition of the ranch owners through their manager, Lopez. This manager acting under instructions from the ranch owners by repeated and persistent efforts has, I was informed, caused every Indian, except the Chief, representing the head of a family or living in any one of the cabin homes to sign some character of agreement or lease contract, which I suppose is intended more as recognition of the rights of the owners and an estoppel to the Indian setting up any claim to the land, than any thing else. The older Indians of this band have not entirely abandoned the conviction that they have a legal right to the land on which their old village was situated. The following type-written notice

was through Lopez served on Chief Lozada, viz: "June 28, 1915. To Juan Lozada (Chief, Tejon)
You are hereby notified not to put any improvements, or buildings, or structures of any kind upon any of the lands and premises of the Tejon Ranch or Company, unless you sign a lease with them and permission is given you to so do- Tejon Ranch Co. by J. J. Lopez, Manager."

The recent burning at night of Lozada's home during his and his ~~wife's absence~~ wife's absence in Bakersfield and the serving of this notice causes he and the other Indians to believe the ranch people are responsible for the burning of his house. Castro also shares in this conviction.

Through Castro and the Chief learn that the ranch owners give employment to from 8 to 12 of the most able-bodied of these Indians for from 2 to 3 months during each year, paying a nominal wage, slightly less than is usually paid for such work, and that 2 to 3 have work on the ranch nearly the entire year. These Indians taken as a whole are mentally rather weak, with possible exception of the Chief, and therefore more easily imposed upon. As I noted the situation, so long as through 116

their present manager these Indians may be kept environed, controlled and used as in the past; there is not the remotest probability of the present owners of the ranch desiring to make any change which will effect adversely the interests of the Tejon Indians?

As I see it, these Indians have proven more of an asset to this ranch than a disadvantage. I am confident not a single Indian has every been employed by the ranch owners until needed and only kept in service as long as their interests suggested, and I am reasonably certain that no better wages^{have} been paid them than paid for similar work elsewhere. This ranch consists of over 200,000 acres, and the Indian rancheria situated as it is therein, hardly mentally capacitated to protect himself against impositions, far removed from white friends who might see and protect him, denied the possibility of ever increasing his holdings, in that these ranch owners, as I understand, refuse to sell ⁿ any part of their holdings for a permanent home for these people, nor, under present successful management, can he hope for a school for his children, causes me to conclude that these Indians should be removed entirely off this company land as soon as possible.

During my short stay in Bakersfield in efforts to secure reliable information concerning these Indians, after first meeting Castro, who was suggested to me as the best and most valuable friend to these people, at his suggestion I called upon Mr. R. McDonald, editor of one of the papers, 1723 Chester Ave., E. J. Emmons, Atty. in Producers Bank Building, Judge H. A. Peairs, Judge of the Superior Court, Prof. R. L. Stockton and some few others. All of these gentlemen expressed the opinion, though with some, such opinion was reached largely from other than actual personal knowledge, that these Indians have not in the past met with just, fair and humane treatment, some seemingly believing that their present conditions ^{is} little short of peonage.

117

Page 5.

It is with deep regret that duty as I understand it, for I feel that the Office ^{should} hear what I have heard, forces me to report the most serious charge yet mentioned. The man, T.C. Castro, who has spent considerable of his time among these Indians, has known the band all his life, speaks their language as well or better than they do, makes no secret in the charge that during the past several years this man Lopez, who, has been on this ranch for the past 35 or 40 years, since company ownership as ranch manager, has so managed as to be able to take unlawful and unholy advantage of a number of the young and most prepossessing girls of this band, accomplishing his unholy deeds, ^{Castro} insist, about the period of their reaching young womanhood, or soon thereafter.

I made mention of this serious charge to Judge Peairs, who had to say that while he had heard these charges, and that Castro had discussed the same with him, yet he could conclude they have every reached such nature as to be susceptible of proof in court. The remoteness of the Indian ranoheria and the ignorance of these people make them easy victims of wicked designing men.

Both Mr Emmons and Mr. McDonald have promised to try and find some suitable location for these Indians to the east, up the creek outside of the ranch company enclosure, and write me results of their efforts.

Mr McDonald expressed the conviction that such place could be found, and that ^{these} people should be removed as soon as possible.

I shall write both he and Mr. Emmons within the next few days.

If not under present appropriation, then would suggest that under next, this Indians should have first relief from their present unfortunate environments.

Very respectfully,

Special Indian Agent.

Aug. 18, 1914	Report from Special Indian Agent Asbury to Commissioner of Indian Affairs	Exhibit 8	<p>"I have access to old reports of the Commissioner of Indian Affairs where I find reference to these Indians from the time the jurisdiction of the United States was extended over them.</p> <p>These Indians had lived at the same place for many years, one of the old men say from the time the sun came up the first time.</p> <p>They have continued to live on the ranch up to the present time but the number has diminished by death and removal to other places until at present there are about sixty Indians making their home there.</p> <p>I asked [Tejon Ranch] if they would sell us a small tract of land where the Indians live or give us some sort of Easement that would secure the use of that land to the Indians at least for a long term of years.</p> <p>Unless some ground can be found to support the claim of the Indians to rights to the land occupied it seems that it will be necessary for us to buy the land, if it can be bought, or to try to buy land of some one else in that same locality."</p>
August 19, 1914	Special Indian Agent Asbury to Mr. Harry Chandler, Los Angeles Times	Exhibit 9	"Will you sell to the Government, for the use of that band or Indians, a small tract of land covering their present homes with a water right for their present gardens?"
Jan. 25, 1915	Special Indian Agent Asbury to Mr. Harry Chandler	Exhibit 11	<p>"I recommend the Tejon situation to be given first consideration and we are anxious to know whether there is a chance of purchasing some land there, in order that steps may be taken to use this money</p> <p>You understand, that we are anxious to secure a permanent home for those Indians, if possible."</p>

The older Indians of this band have not entirely abandoned the conviction that they have a legal right to the land on which their old village was situated.</p> <p>Census of the Indians of El Tejon Band in Kern Co. Please submit a report upon this subject after you have had time to look into the matter."
March 6, 1916	Special Indian Agent John Terrell to Commissioner of Indian Affairs	Exhibit 17	<p>"I spent the better parts of four days in company with Mr. T. C. Castro of Bakersfield, and after reaching these Indians took with us three of their leading men as home, including their chief, Juan Lozada, in our efforts to find them a suitable location that could be purchased, but without success.</p> <p>...</p> <p>The most serious trouble is these Indians were born, raised and have never lived elsewhere than at and very near their present location, and Indian-like permit sentiment to almost entirely overshadow judgment."</p>
Sept. 21, 1916	Special Commissioner Indian Service John J. Terrell to Commissioner of Indian Affairs	Exhibit 19	<p>"In the hope that I might find suitable location for their removal either by purchase or allotments on Government lands persuaded Juan Lozada, Chief of this band to accompany me on my recent trip through portions of Kern, Inyo and Tulare counties, having gone as far to the northeast as Bishop, California.</p> <p>...</p> <p>In conclusion beg to say I have almost given up that I shall likely succeed in securing suitable and available lands by purchase or allotments for the removal of these Indians, at least very far distant from their present location.</p> <p>[A]ll the older and middle aged Indians of this band, in fact all but a few of the younger, children, are full bloods, and except Chief Lozada, are without any education and but few have even a slight knowledge of the English language; that all have lived on present locations, or very close, in sight, all their lives; knowing no other locality, but little of other people or environments; and, Indian-like are more ignorantly and persistently attached than ordinarily to the Tejon Canyon[.] It is but natural that in and around this spot of a long life-time association clusters many sacred memories of, to them, eventful past. Their dead as far back as they know are sleeping their last sleep within their every day sight.</p> <p>It will unquestionably prove a most difficult task to remove these Indians very far from present location, evidently it would require force to remove them.</p> <p>...</p> <p>My suggestion is, if possible to accomplish, to have set aside for use of these Indians all Government lands remaining untaken within these three Ranges and Township at the earliest possible moment"</p>

October, 1916	Department of the Interior Irrigation Request to Department of Justice to protect the El Tejon Indians	Exhibit 20	"I have the honor to transmit herewith a communication with enclosures received from the Office of Indian Affairs requesting the institution of a separate suit in the United States District Court for the Southern District of California to protect the interests of the El Tejon Indians in their homes located in Kern County, California. The Office has the honor to submit the following statement of facts relative to the El Tejon Indians, with a view to having the Department of Justice take whatever action may be deemed advisable for the protection of their interests. These Indians now live near Bakersfield in Kern County, California, on lands which, if surveyed, would probably be described as Sec. 10, T 11N, H 17 W. They maintain tribal relations and the record evidences a continued occupancy of these lands for at least 100 years. The Office has prepared the enclosed draft of a letter to the Attorney General requesting that steps be taken by the proper United States Attorney to protect the interests of those Indians to whatever rights they may have to their village home. It is suggested that even if the home of these Indians might not be procured for them in fee by this method, the Syndicate might at least be placed in a position where it would be willing to compromise the matter by a sale to the United States at a reasonable price for the lands occupied by the Indians." "On Nov 19 Mr. H.K. Palmer, Assistant Engineer, and one rodaman, were detailed by this office to proceed to the Tejon Indian lands and make such surveys and investigations as were necessary to secure the required data. The Tejon band of Indians have been living in the Tehachapi Mountains on the southern edge of the San Joaquin Valley, since before the coming of the Spaniards to California."
Jan. 14, 1918	Report and map of Tejon lands prepared by the United States Indian Irrigation Service	Exhibit 22	"The Department of Justice has been requested by the Department of the Interior to bring suit in the Federal Court to protect these wards of the Government in their rights. We are here to commence such a suit and will, of course, carry it to the Supreme Court of the United States unless successful below. In it we will assert the Indian occupant title not only to the small tract still under Indian cultivation, but to a much greater territory, once undoubtedly used by the Indians, subject to their right of possession and now needed by the tribe as at present constituted, but from which they have been forced. This . . . is a clear case. It has been carefully and patiently investigated. Repressive force has been exerted in the name of a wealthy and powerful syndicate, against ignorant and helpless people whom it is especially the legal and moral duty of the United States to protect. There is but one point on which there can be no give and take, namely, that the Government must obtain for the Indians permanent and undisturbed possession of an adequate tract under secure legal title." "Preliminary to carrying out our plan to see whether a satisfactory settlement could be made by agreement with the owners of the Mexican grant upon which the Tejon Indians are settled, before hanging suit, we thought it desirable that Mr. Fraser and myself be familiar with the situation on the ground. . . . After going over the Indian lands and talking to the Chief, we endeavored to open negotiations with the owners of the ranch through the resident manager [] . . . We also saw Mr. Virtue, the Superintendent of the Tule River Indian Reservation, under whose jurisdiction these Tejon Indians come."

Dec. 20, 1920	Bill of Complaint	Exhibit 71	<p>"This suit is brought under the authority and by the direction of the Attorney General of the United States at the request of the Secretary of the Interior . . . in furtherance of its Indian policy and also in its capacity . . . as guardian for sundry Indians known as the Tejon Band or Tribe of Indians now and from time immemorial residing on certain premises hereinafter described, in what is now Kern County, California; that said Indians are and from time immemorial have been tribal Indians, and at all times since July 7, 1846, have been and now are wards of the United States and at all time herein mentioned were and still are incompetent to manage their own affairs[.]"</p> <p>[T]hat said Tejon Indians were and are the ancestors and predecessors of the existing band or tribe of that name; that up to the years 1843 and 1845, and for a long time thereafter, as hereinafter set forth, said Tejon Indians resided upon and exclusively possessed, used, and cultivated said premises above described, and as well said larger tract, raising crops and pasturing cattle, horses, and other stock thereon.</p> <p>The suit is brought by authority of the Attorney General of the United States at the request of the Secretary of the Interior in furtherance of the Indian policy of the Government, which is here acting as guardian of a band or tribe of Mission Indians, wards of the United States, and incompetent to manage their own affairs, known as Tejon Indians, and from time immemorial residing on a described tract in Kern County, California. The above mentioned officials in bringing the suit are acting not only in the general line of their duty and in defense of the general Indian title of occupancy and use but also under the specific requirements of the Act of January 12, 1891, 26 Stat. "12."</p> <p>"From time immemorial the Tejon Indians have occupied a tract called the Tejon which includes the extreme southern end of the San Joaquin Valley, Kern County, California, and extends into the mountains adjoining . . . In 1851, a treaty was negotiated with this tribe by commissioners delegated by Congress for the purpose, whereby, in consideration of the confirmation of certain lands to them for their exclusive occupancy, and the performance of other conditions by the United States, they agreed to surrender the remainder of their territory; but the treaty was never ratified by the Senate and no treaty or agreement of any sort was ever consummated with these Indians.</p> <p>We told him that facts and law had been considered, that the Interior Department had laid the matter before the Department of Justice stating that the condition of the Indians was unsatisfactory and making that suit be brought if it were thought maintainable that the latter Department, after careful consideration, had now decided, and that indeed it was not only the general but the specific duty of the Attorney General under the Act of 1891 to protect these Indians. . . . Finally, the case is in every way a meritorious one. The condition of these Indians is a reproach to our civilization. They are opposed to an aggregation of the wealthiest and most influential capitalists in Southern California and have no hope or recourse except through the intervention of the United States. . . . The tract which it is the purpose of the suit to secure for the band is in a remote corner of the Tejon Ranch where the presence of the Indians can in no way be an annoyance or detriment to their neighbors and as above pointed out, is in every way suitable and desirable for their maintenance."</p> <p>"In the capacity of guardian of a band of Mission Indians, incompetent to manage their own affairs, known as the Tejon Indians, residing on a described tract of land in Kern County, Cal, the United States brought a suit against the appellee, seeking to have the original title of occupancy and possession of the land by the Indians confirmed and established as a species of easement founded on the grant of title to the lands from the Mexican government, and to obtain compensation for alleged acts of wrong and oppression committed by the appellee, and to enjoin further molestation of the Indians. The particular subject of the suit is 3,364 acres within the boundaries of El Tejon rancho[.]"</p> <p>"This is a suit by the United States, as guardian of certain Mission Indians, to quiet in them a 'perpetual right' to occupy, use, and enjoy a part of a . . . land grant in Southern California[.]"</p>

June 14, 1924	Telegram from Assistant Commissioner E.B. Meent to F.G. Collett	Exhibit 26	"Your telegram thirteenth instant. Decision of Lower Court in El Tejon case affirmed. Immediate steps will be taken for the relief of Indians to extent of funds available."
June 19, 1924	Assistant Commissioner Meent to Superintendent L.A. Dorrington	Exhibit 27	"You are requested to make a careful investigation with a view to determining how large an appropriation should be requested at the next session of Congress to adequately provide land for the Tejon Indians, in addition to the \$900 you have already been authorized to use after July 1, 1924. It is desired that you report this information to the Office by telegraph at the earliest practicable date."
September 2, 1924	Secretary of the Interior Hubert Work to the Attorney General	Exhibit 28	"The Indian Bureau of this Department is in communication with the Superintendent of the Sacramento Agency, who has jurisdiction over the Tejon Band of Indians and he has been instructed to arrange for a conference with the Indians and the ranch owners with a view to ascertaining just what agreement might be made for the Indians to continue to occupy the land and receive employment on the ranch. The Superintendent's report . . . is expected within a short time whereupon the whole matter will receive careful consideration and special attention will be given to the proposition . . . that a portion of the land might be obtained for the Indians by condemnation proceedings if the ranch owners will not consent to the sale." "This will acknowledge receipt of your letter . . . having reference to the Tejon Band of Indians residing on the Tejon Ranch in Kern County, California."
October 18, 1924	Superintendent L.A. Dorrington to Commissioner of Indian Affairs	Exhibit 29	In reply kindly permit me to . . . advise that it had not been deemed expedient nor in the best interest of the Indians to hurry or attempt to force a conference such as contemplated, as the people owning the ranch . . . are very much occupied with other affairs . . . and any conference, or meetings held with the Indians at the ranch should be at their convenience and pleasure. My knowledge of conditions has prompted me to take this view of the situation and unless otherwise directed will act accordingly in the premises. For you information at this time kindly be further respectfully advised that the said Indians are now on the same land occupied by them for many years, and without any objection. That their school is being continued and conducted in the same satisfactory manner as since first established.

Finney to Attorney General	Exhibit 30	About 75 Indians belonging to Tejon Band (see Telegram of 11/10/1924 82438-24 with 32382-24-313 Sacramento) "Reference is again made to the correspondence relating to the Tejon Band of Indians in California who lost their suit in the Supreme Court to have title confirmed in them to the land they have occupied for many years. A report has recently been received from the Superintendent of the Sacramento Indian Agency who has jurisdiction over these Indians, wherein he discusses their conditions." "Your telegram eighth. Approximately seventy-five Indians belong to Tejon Band of which twenty attend public school on Tejon Ranch."

✓ June 23, 1927	Commissioner of Indian Affairs from Superintendent L.A. Dorrington	Attachment to Nov. 8, 2006 Letter to Interior	<p>"Tejon which at one time was considered a Rancheria has passed through legal procedure and title has been declared to be in the Tejon Ranch. Effort has been made to purchase land the Indians occupied, but the owners of the Rancho refused to sell but have expressed their willingness that the Indians should remain there and occupy the land as formerly without any objection so long as they do not make legal claim for same. A rental of \$1.00 per year is charged them for occupancy of the land. It is useless to consider purchasing land for them elsewhere as they would positively refuse to move from their present habitation."</p>
✓ June 26, 1930	Secretary of the Interior Ray Wilbur to Vice President Curtis	Exhibit 34	<p>"In regard to purchasing some of these lands for the El Tejon Indians it may be said that by a decision of the United States Supreme Court June 9, 1924, in the case of United States of America, Appellant, v. Title Insurance and Trust Company, et al. (265 U.S. 472), the court held that title to the land occupied by these Indians was in the Title Insurance and Trust Company, et al., and that the Tejon Indians had no legal or valid title thereto or occupancy thereof.</p> <p>However, the owners have been leasing to the Tejon Band the particular tracts, it is assumed, occupied by the Indians, for a nominal consideration of \$1.00 per year. This procedure is, of course, merely for the purpose of having the Indians recognize the lessors as owners of the property.</p> <p>Correspondence in our files indicates that the Indians of the Tejon Rancho are free to do as they please without let or hindrance in regard to the privately owned lands which they occupy. As the situation in this case is viewed these Indians are generally industrious, self-supporting and contented under present conditions, and have not made any request or demand that lands be purchased for them or that conditions be changed, consequently, I question the wisdom of disturbing them in their present occupancy of the privately owned lands or in any way disrupting their evident orderly and peaceful mode of living."</p>
✓ March 28, 1938	Assistant Commissioner William Zimmerman to George W. Hurley, Esq.	Exhibit 36	<p>"As the owners of the El Tejon Rancheria permit the Indians to reside peacefully on the lands occupied by them for a rental of \$1.00 per year, it is not believed that the existing relationship should be disturbed at this time; nor is it deemed advisable to ask Congress for legislation such as you suggest, especially as it would necessitate the appropriation of a large sum of money to pay for the lands involved."</p>

The Indian Bureau has been concerned over the welfare of these Indians for many years. . . . About 1915 a suit was brought in the Federal Court to establish the right of those Indians to the land which they occupied. However, the decision of the court was that the Indians did not have any right of occupancy on the ranch. Therefore, the Indians are living on the El Tejon Ranch as tenants of the owners of that property. Since the land occupied by these Indians is privately owned, the government has no jurisdiction over the property and government funds appropriated to the Indian Service cannot be used for improving the facilities of these Indians." May 6, 1915	Special Indian Agent Asbury to Mr. Harry Chandler, Los Angeles Times	Exhibit 47	"I am of the opinion that our Office would enter into some sort of agreement with the County, whereby we would bear a part of the expense of maintaining the school there, if satisfactory arrangements can be made with the owners of the ranch. We understand, that we could not go there and build a building and maintain a school of our own, unless it was entirely agreeable with you and believe, that under the law, the Government could not build a building on land to which they did not have a title. If some arrangements could be made, whereby the County would maintain the district, provide the building, I feel sure that we could get the approval of a contract, whereby the Government would bear a large part of the expense of maintaining the school."
December 18, 1916	Special Agent Asbury to the Commissioner of Indian Affairs	Exhibit 48	"I am including herewith an application for contract with the Tejon district in Kern County, California, for twenty children. I am disposed to recommend a contract in this case with a view to giving it a trial. This particular band of Indians has been the subject of very extensive correspondence. The Office will recall that they have been threatened, so it is alleged, with ejection from their present home on the Tejon ranch, which is owned by a syndicate of Los Angeles capitalists. This band of Indians was a subject of investigation by me about August 1914 and I believe that Mr. Terrell has made some reports since and in fact, I think I have written a few letters since that time myself."
April 30, 1917	Acting Assistant Commissioner C.F. Hauke to Secretary of the Interior	Exhibit 51	"To admit to the public school in the district named during the fiscal year ending June 30, 1917 Twenty (20) Indian children between the ages of five and eighteen years, whose parents are members of Tejon tribe of Indians under the jurisdiction of the U.S. Special Indian Agent, Reno, Nevada."
	Lease between Joe J. Taylor, Superintendent & Physician of the Tule River and the Indian School District	Exhibit 55	"This agreement, made and entered into this 1 st day of May, A.D. 1922, by and between Joe J. Taylor, Superintendent & Physician of the Tule River Indian School and Agency, Porterville, California, on behalf of the United States, party of the first part, and Trustees of Indian School District - Pedro Valenzuela, F. Leon & J.R. Lozada party of the second part: Witnesseth, that said party of the first part, for and in consideration of instruction given unto Indian children, wards of the Federal Government, by Public School District El Tejon, Kern County, California, and other good and valuable consideration, does hereby let and lease unto party of the second part and to their successors in office, for us and occupation for the purpose of conducting therein a public school to which Indian children shall have access upon an entire equality with white children, for the period of three years, beginning on May first, 1922, the following described premises:"
December 27, 1920	Justification	Exhibit 57	"In the foothills of the Sierra Mountains in the State of California there is a settlement of Indians known as the Tejon Indian Settlement. The nearest public school is 9 miles distant. There are some 25 children of school age without educational privileges and the transportation of these Indians to an established school is impracticable. The Indians are wards of the Government and very poor. To meet this situation a school district has been established, which under the provisions of the California laws will draw enough state and county money practically to support the school. However, the Indians have no property which could be taxed to provide a schoolhouse, and arrangement is being made whereby the school district will agree to removal of any improvements which the United States may place on a tract of land leased for school purposes and it is planned to place a portable schoolhouse on the tract leased for the purpose which will provide school facilities for this group of Indians." "The Superintendent advises that advertising for portable schoolhouses has been made and the bid which it is proposed to accept is the lowest, most practicable and desirable." "Name Specifically tribe or tribes from which pupils are to be obtained under contract Tejon Indian Tribe. Degree of Indian blood over 1/2 Indian."

December 28, 1923	Superintendent Dorrington to the Commissioner of Indian Affairs	Exhibit 59	"In the case of Tejon Indian District, Kern County, the estimated cost per pupil per day is 70¢, instead of \$1.31. In regard to the suggested reduction in rate, please be advised that after a most careful investigation of the circumstances under which this school is maintained, and from personal knowledge of the conditions peculiar to this district, it is the opinion of this office that the rate of fifty cents is not excessive and is absolutely necessary for properly maintaining desirable educational facilities. The public school authorities were consulted in the premises and under date of November 30."
Jan. 16, 1926	Assistant Commissioner Merritt to Superintendent Dorrington	Exhibit 60	"Authority is hereby granted you to expend during the fiscal year 1926 . . . from funds now being allotted you of Indian Schools Support in payment of tuition for Indian pupils of your jurisdiction in attendance at the following Public School districts . . . Tejon Indian[?]"
August 23, 1944	Superintendent D.H. Bley to Edward Montez	Exhibit 64	"Your application for entrance to Sherman Institute has been approved."
May 29, 1945	Superintendent Rockwell to Commissioner of Indian Affairs	Exhibit 62	"The El Tejon group of Indians have lived in that particular spot from time immemorial -- as the Indians say, "From the time the sun first came up." Sometime in the 1850's, a Superintendent by the name of Beale came out from the East who . . . supported the idea that the old Spanish grant, now under the name El Tejon, should be Indian land. Apparently, money was not forthcoming for the purchase, and a few years later we find that Beale acquired the ranch. In the Twenties, the whole matter came into the courts for settlement and for clearance of title. The court ruled that the title to this land was in the El Tejon Ranch Company and not in the Indians. This school building was built before final decision regarding the title to the ranch had been made. Our records do not indicate that any piece of land from the El Tejon Ranch was conveyed to the Government. . . . None of the surrounding land used by the Indians is Government-owned land. The Indians live on the ranch land -- a very small place -- use it, and work for the ranch; but they have no title to it. It should, however, be borne in mind that there is a stable and small Indian population of perhaps ten or twelve families who have always lived on El Tejon Ranch and would probably continue to live there for a considerable period of time. I think it would be a better idea to have the school closed and the children transported to the Sunset School, as is now planned by Superintendent Hart. The important thing is that some way be found such that this building may be used in connection with the Sunset School." "The family home is on the El Tejon Ranch, where they have always lived as well as their parents and grandparents before them. It is in a remote area with no nearby public or federal high school and is not reached by school bus service. . . . [She is] full degree Indian and have never known any other students than Indian." Key to Genealogical Diagrams, Figures 1 – 6

Notes:

The numbers given for each individual correspond to the order of listing in the 1915 census of the Tejon Band as reported by Special Agent John J. Terrell (see Table 1). Only the names of those people listed in the census appear in Figures 1–6. Those Tejon Indian forebears and previous spouses who had died prior to the 1915 census are not listed by name.

The dates of birth given in these genealogical diagrams sometimes differ from what would be expected from the estimated ages in Terrell's 1915 census. The dates provided in Figures 1–6 were largely based upon more accurate information contained in baptismal records and the 1933 roll compiled under the 1928 California Indian Jurisdictional Act. Information regarding dates of death and place of burial were mostly obtained from Kern County death records.

John R. Johnson, Ph.D.
Brief Biography Pertaining to Tejon Ethnohistory

John R. Johnson has served as curator of anthropology at the Santa Barbara Museum of Natural History since 1986. He undertook graduate studies in anthropology at the University of California, Santa Barbara beginning in 1978 and completed his Ph.D. in 1988. Dr. Johnson has contributed to many aspects of California Indian studies during the course of his career, and in particular has specialized in the ethnohistory of Native Americans in central and southern California. He has authored or co-authored more than 60 published articles in peer-reviewed journals and edited volumes. In addition to his museum responsibilities, Dr. Johnson teaches an anthropology course on California Indians at the University of California, Santa Barbara.

Since 1977, while working in the cultural resources program for Los Padres National Forest, Dr. Johnson began studying the ethnohistory of the Tejon region of the southern San Joaquin Valley. His initial interviews with Tejon Indians commenced in 1984, and he has worked steadily since that time compiling an extensive amount of biographical and genealogical information pertaining to Tejon families. He has conducted about 35 interviews with members of the Tejon tribe, especially emphasizing the eldest generation that was brought up in the Tejon rancheria. Four tape-recorded oral history interviews were with elders now no longer living.

Dr. Johnson has traced the family lineages of current tribal members from their forebears as far back as eight or nine generations using California mission registers, the records of the mid-nineteenth century Tejon reservation, census records, ethnographic papers, and BIA documents. He has gathered an extensive collection of historical photographic images from various archives and family albums and identified the people and places through information provided by tribal elders and research in primary sources. Six of Dr. Johnson's published works pertain as a whole or in part to Tejon ethnohistory, and he was consulted by Dr. George Phillips for the latter's recent book, *"Bringing Them under Subjection:" California's Tejon Indian Reservation and Beyond, 1852-1864.*

The Honorable
the Secretary of the Interior.

Sir:-

The Office has the honor to recommend that the ~~N/2~~ NW/4, the SW/4 SW/4 Sec. 2; the NW/4 NE/4 Sec. 12, S/2 S/2 Sec. 26; the SE/4 SE/4, and the SW/4 SW/4 Sec. 28; the N/2 Sec. 34, and the W/2 W/2 Sec. 34, T. 11 N., R. 17 W., of the San Bernardino Meridian, containing 880 acres, be temporarily reserved and set aside for the use of the El Tajon band of Indians, Kern County, California.

In this connection attention is invited to the enclosed letter dated September 21, 1916, from Special Commissioner J. J. Terrell, setting forth in detail the land condition and need of these Indians, and suggesting that if possible certain lands be set aside at the earliest possible date.

Attention is also invited to the letter of the Department dated October 25, 1916, to the Attorney General, recommending the institution of a suit to protect these Indians in the lands now occupied by them.

However, should the United States be unsuccessful in this suit, the Office believes it would be advantageous to have the foregoing lands reserved for the use of the Indians. Since it is not now certain that they will be ejected, the Office believes that at present only a temporary withdrawal is necessary.

A letter, dated October 26, 1916, from the Assistant Commissioner of the General Land Office shows that the lands above described are vacant.

Respectfully,
(Signed) C. F. Hauke

Chief Clerk.

Approved and referred to the Commissioner of the General Land Office for action in accordance with the foregoing recommendations.
