DIVISION OF ENERGY & MINERAL DEVELOPMENT

GRANT PROGRAM

Energy and Mineral Development Program

Each year, the Division of Energy and Mineral Development (DEMD) provides tribes an oppourtunity to participate in a grant program known as the Energy and Mineral Development Program (EMDP). This program provides financial assistance to tribes and Indian allottees on trust lands in evaluating their energy and mineral resource potential on their lands.

In turn, this provides tribes and allottees with the information they need to promote their lands, negotiate the best agreements with partners or investors, and eventually develop their resources. DEMD solicits proposals from tribes and using a competitive review system selects qualified projects for funding.

Solicitation of grant proposals will be made available through grants.gov

Resources Eligible for Funding

- **Minerals**
- **Biomass - Woody and Waste**
- **Hydro**
- **Solar**
- **Wind**
- **Geothermal**
- **Oil, Natural Gas & Coal**

For more information visit the EMDP webpage at:

Who We Are

The Division of Energy and Mineral Development is an agency within the Office of the Assistant Secretary of Indian Affairs organized to offer technical and business assistance and financial grant support to tribes in development of their mineral, oil & gas and renewable energy resources. As part of our trust responsibilities our office provides technical services to tribes at no cost.
