

Firewood Processing Equipment Package Available for Use by Tribes

The Bureau of Indian Affairs, Pacific Region has a firewood processing equipment package available for use by Tribes (government furnished equipment). The equipment package includes a Blockbuster firewood processor with a one cord per hour capacity, a firewood conveyor, and a kit of equipment that should be helpful to a firewood processing operation. (a complete list of equipment is attached)

To request use of the loan equipment Tribes should submit a letter of request and a signed copy of the attached loan agreement signed by the Tribal Chairperson or authorized representative. **The letter of request should indicate the desired start date for the use of the equipment.**

Equipment will be available to Tribe's on a first come first served basis. A Tribe's position on the waiting list will be determined by the date their request and loan agreement are received at the Regional Office. **Based on the Tribe's place in line we will attempt to make the equipment available to the Tribe as close to their desired start date as possible.**

Equipment will be loaned to Tribes for periods of up to one month in length. The loan period may be extended for additional one month periods if there are no other Tribes on the waiting list to use the equipment.

**Memorandum of Agreement Between the Bureau of Indian Affairs, Pacific Regional
Office and the _____ Tribe for the Use of the
Firewood Processing Equipment Package**

The Pacific Regional Office (PRO) agrees to make available the Firewood Processing Equipment Package (See attached list of all equipment), to the _____ Tribe subject to the following conditions:

- 1) All equipment remains the property of the PRO. It is government furnished equipment available to the _____ Tribe for use by Tribal Personnel for a period of one month (beginning _____ and ending _____). At the written request of the Tribe, this agreement may be extended for additional one month periods, upon approval by the PRO. If an extension(s) is (are) approved, all other provisions of this agreement remain unchanged and in full force and effect.
- 2) Tribal personnel will pick up and return the Firewood Processing Equipment Package to and from the Pacific Regional Office. Tribal personnel will sign a receipt for property for the equipment at the time possession is taken by the Tribe. The equipment must be returned to the Pacific Regional Office on or prior to the end
- 3) The Tribe will take responsible and proper care of the equipment, including adequate housing and general maintenance, while in its custody.
- 4) The Tribe will be responsible for repairing or replacing any equipment expended or damaged beyond normal wear and tear.

12. Log Hauler Cart

Firewood Processor

We have looked at many firewood processors over the years, and have finally picked what we think is one dependable unit and the timing couldn't be better. With rising heating costs the demand for firewood has been steadily growing with the prospect to continue for a long, long time. Our criteria has always been to bring "value" to our product line. Blockbuster has certainly made a firewood processor in keeping with the Bailey's® tradition. By using high quality off-the-shelf components and state-of-the-art manufacturing techniques, Blockbuster has ensured that you will get a firewood processor that is tough, quick and easy to set up. It is simple to operate and maintain, and one worthy of its name.

BLOCKBUSTER

**Process Up To
One Cord Per Hour!**

Blockbuster Features:

Standard Equipment

- * 24hp Honda gas engine.
- * Adj. 4 or 6 way splitting head.
- * Chain driven log trough.
- * Hyd. cutoff saw w/bar & chain.
- * Electric Start. Incl. Battery
- * 10 gal. gas tank.
- * 20 gal. hydraulic reservoir.
- * Firewood clean out grate.
- * Safety guards
- * Includes tool box.

Processor Specifications

- * Overall length 20'.
- * Width - 6'.
- * Height - Transporting 6.5'
- * Height - Loading 10'.
- * 4.0 hp Honda engine.
- * 10 gal. hydraulic tank.
- * Hyd. pump & 2 spool valve body.
- * Steel chain & paddle conveyor.
- * Raises & lowers with hydraulics.
