

Q: Who do I contact if I want to extend my lease?

A: Indian Landowners, at their discretion, may enter into lease agreements or extend existing lease agreements. The Bureau of Indian Affairs does not compel landowners to enter into new leases or extend existing leases.

If you want to extend your residential sublease you should first contact the lessor from whom you leased your land.

If you lease directly from an Indian landowner you may submit your request for a lease extension directly to the landowner or their representative.

To obtain copies of your lessor's name and address please contact the Land Titles and Records Office (LTRO) at the following number:

Realty Services Manager
ACBCI Land, Titles, and Records
(760) 416-3289

- The Agency is strictly prohibited from providing an Indian landowner's telephone contact information.
- You must provide LTRO with sufficient evidence of your interest in the leasehold estate before your lessor's name and address will be released.
- All applicable administrative fees will apply.
