P. O. Box 1027
Poplar, Montana 59255

Dear Chairman Headdress:

On January 17, 2003, we received the Extension to the Class III Compact between the Assiniboine and Sioux Tribes of the Fort Peck Reservation (Tribe) and the State of Montana (State). We have completed our review of this Extension and conclude that it does not violate the Indian Gaming Regulatory Act of 1988 (IGRA), Federal law, or our trust responsibility. Therefore, pursuant to my delegated authority and Section 11 of IGRA, we approve the Extension. This Extension shall take effect when the notice of our approval, pursuant to Section 11(d)(3)(B) of IGRA, 25 U.S.C. § 2710(d)(3)(B), is published in the FEDERAL REGISTER.

We wish the Tribe and the State success in their economic venture.

Sincerely,

/sgd/ Aurene M. Martin

EXTENSION AND AMENDMENT OF AGREEMENT
BETWEEN THE ASSINIBOINE AND SIOUX TRIBES
OF THE FORT PECK RESERVATION AND
THE STATE OF MONTANA REGARDING
CLASS III GAMING ON THE FORT PECK RESERVATION

RECEIVED BY

GAMBLING CONTROL DIVISION

RECITALS

The State of Montana ("Montana") and the Assiniboine and Sioux Tribes of the Fort Peck Reservation ("Tribes") entered into an Agreement ("Agreement") dated April 6, 1992, to authorize under specific conditions Class III gaming on the Fort Peck Reservation. This Agreement was extended by letter amendments to July 5, 2002, September 30, 2002 and December 30, 2002. The Tribes and the State are continuing their good faith negotiations to agree on terms and conditions for another long-term compact.

To enable the Tribes and others to continue gaming on the Reservation pursuant to the existing Agreement while the parties continue to negotiate, the parties hereby agree to extend the Agreement for approximately 180 days, until June 30, 2003, on the terms and conditions set forth below. Further, the State has amended its rules applicable to state licensees, allowing licensees to offer for play video gaming machines equipped with bill acceptors capable of accepting $20 bills. This extension and amendment amends the Agreement, effective immediately, to allow the Tribes to offer for play machines with the same bill acceptors.

This Renewal is entered into in furtherance of the goals of the Indian Gaming Regulatory Act, 25 U.S.C. § 2701 et seq. and Montana Governor Judy Martz’s Proclamation affirming the principle and integrity of government-to-government relationships between the State of Montana and federally recognized tribes located within the borders of Montana.

AGREEMENT

In furtherance of good relations and mutual cooperation between the parties, and in accordance with Article VIII. A., "Effective Date and Term," of the existing Agreement as previously amended and extended, by this writing the parties hereby renew and extend the term of the Agreement to June 30, 2003.

Further, pursuant to Article VIII B of the Agreement, Appendix A (1) (d) (v) (B) is amended as follows:

(B) The machine may have a machine manufacturer mechanism that accepts cash in the form of bills that do not exceed $20;
All other terms and conditions of the Agreement remain in full force and effect and shall govern the conditions of Class III gaming on the Reservation until June 30, 2003, or until a revised or new compact has been executed by the parties, whichever first occurs.

Montana and the Tribes indicate their consent to be bound to this Extension and Amendment by signature of their authorized representatives below.

Texas Parks and Wildlife Department, with the Service as a partner, will include “no take” guidance for these listed invertebrates as part of the species accounts that will be developed as a priority update to the revision of the 1995 Endangered and Threatened Animals of Texas document published by the Texas Parks and Wildlife Department. The Service will incorporate the “no take” guidance into the draft recovery plan for the species, which will be available for public review and comment.

(4) With regard to recommendations for protection of water quality of the Edwards Aquifer, the Service does not intend to issue separate guidance. Instead, the draft Barton Springs Salamander Recovery Plan, which is scheduled to be completed in 2003, will include recommendations for protection of water quality in the Barton Springs Zone.

The Service states that prior versions of the Karst Protocols and Water Quality Recommendations are not rules, regulations, requirements, or project evaluation criteria of the Service and will not be used as such by the Service. The documents that have been used in the past as guidance do not create any legal obligations and have no binding legal effect, nor do they establish minimum standards or criteria required to be adopted by state or local governments. Should at any future time the Service decide that guidance on these subjects, other than as outlined above, is needed, the Service will make the draft guidance available for public review and comment for a period of not less than 60 days. At the conclusion of this period, the Service will determine whether to publish any final guidance documents on these topics and, if so, in what form.

Authority: The authority for this action is the Endangered Species Act, as amended (16 U.S.C.1532 et seq.).
