Dear Chairman Pigsley:

On November 20, 2000, we received the Amendment to the Tribal-State Compact for Regulation of Class III Gaming between the Confederated Tribes of Siletz Indians (Tribe) and the State of Oregon (State), dated November 17, 2000. We have completed our review of this Amendment and conclude that it does not violate the Indian Gaming Regulatory Act of 1988 (IGRA), Federal law, or our trust responsibility. AND THE STATE OF OREGON

AMENDMENT I

This amendment is made to the Class III Gaming Compact between the
Confederated Tribes of Siletz Indians of Oregon (Tribes) and the State of Oregon (the
State) executed on September 14, 1999, and approved by the Secretary of the Interior on
October 29, 1999. The terms of this amendment are in addition to and, except as
specifically provided herein, do not supersede any of the provisions of the original

WHEREAS, the Tribes desire to purchase additional video lottery terminals as
provided in that Compact, but the definition in that Compact has caused some confusion
with respect to the manufacture of one kind of Video Lottery Terminal the Tribes desire
to purchase; and

WHEREAS, the parties desire to clarify that definition, in accordance with the
intent of the parties;

NOW THEREFORE, the Tribes and the State hereby approve the following
amendment to the Compact:

The parties agree to clarify the definition of “Video Lottery Terminal”
(Section 3Z) as follows:

Z. “Video Lottery Terminal" or "Terminal" means any electronic or other
device, contrivance or machine where the game outcome decision-making portion
of the overall assembly is microprocessor controlled wherein the ticket or game
outcome is displayed on a video display screen, electronically controlled physical
reels, or other electronic or electro-mechanical display mechanism and that is
available for consumer play by one player at a time at the device upon payment of
any consideration, with winners determined by the application of the element of
chance and the amount won determined by the possible prizes displayed on the device and which awards game credits. Such device shall also display both win amounts and current credits available for play to the player.
