Honorable Marvin Garcia  
Chairman  
The Klamath Tribes  
P.O. Box 436  
Chiloquin, Oregon 97624

Dear Chairman Garcia:

On December 27, 1994, we received the Compact between The Klamath Tribes (Tribe) and the State of Oregon (State), dated December 16, 1994. We have completed our review of this Compact and conclude that it does not violate the Indian Gaming Regulatory Act of 1988 (IGRA), Federal law, or our trust responsibility. Therefore, pursuant to my delegated authority and Section 11 of the IGRA, we approve the Compact. The Compact shall take effect when the notice of our approval, pursuant to Section 11 (d)(3)(B) of IGRA, 25 U.S.C. § 2710(d)(3)(B), is published in the FEDERAL REGISTER.

Notwithstanding our approval of the Compact, Section 11(d)(1) of the IGRA, 25 U.S.C. § 2710(d)(1), requires that tribal gaming ordinances be approved by the Chairman of the National Indian Gaming Commission (NIGC). Regulations governing approval of Class II and Class III gaming ordinances are found in 25 C.F.R. §§ 501.1-577.15 (1994). Pursuant to the IGRA and the regulations, even previously existing gaming ordinances must be submitted to the NIGC for approval when requested by the Chairman. The Tribe may want to contact the NIGC at (202) 632-7003 for further information to determine when and how to submit the ordinance for approval by the NIGC.

We note that the land described in Exhibit II to the Compact as the Tribe's gaming site is not currently held in trust by the United States for the benefit of the Tribe. However, Section 13(F) of the Compact provides that gaming may not be conducted on this land unless it is taken into trust before December 31, 1995, and the Secretary determines that gaming may be conducted on the land as provided in 25 U.S.C. § 2719.
In addition, if the Tribe enters into a management contract for the operation and management of the Tribe's gaming facility, the contract must likewise be submitted to, and approved by the Chairman of the NIGC pursuant to Section 11(d)(9) of the IGRA, 25 U.S.C. § 2710(d)(9) and the NIGC's regulations governing management contracts. The Tribe may want to contact the NIGC for information on submitting the ordinance and the management contract for approval by the NIGC.

We wish the Tribe and the State success in their economic venture.

Sincerely,

Ada E. Deer
Assistant Secretary - Indian Affairs

b. In order to waive disqualification of licensing or employment of any prospective Primary Management Official, High Security Employee or Low Security Employee, both the Tribes and the State must agree on the waiver.

   a. The Tribes shall deny a Class III Gaming Contract application for a Major or Sensitive Procurement if the applicant, or any owner or key employee of the applicant has been convicted of a crime, or is the subject of a civil judgment based upon facts that constitute the elements of a crime described in subparagraph a of paragraph 5 of subsection A above.
   b. e. The Tribes may deny any Class III Gaming Contract application for any reason the Tribes deem sufficient. Such decisions to deny a Class III Gaming Contract application shall be consistent with the principles set forth in subsection A of Section 6 of this Compact. In determining whether to deny a Class III Gaming Contract application, the factors to be considered by the Tribes shall include, but need not be limited to the reasons described in subparagraph d of paragraph 5 of subsection A of this section.

3. Investigations and Sanctions. The Tribal Gaming Regulatory Commission shall investigate any reported violation of the Compact provisions and shall require the Tribal Gaming Operation to correct the violation upon such terms and conditions as the Tribal Gaming Regulatory Commission determines to be necessary. The Tribal Gaming Regulatory Commission shall be empowered by Tribal Ordinance to impose fines and other sanctions within the jurisdiction of the Tribes against a gaming employee, or any other person directly or indirectly involved in, or benefitting from the gaming operation. The State shall make all reasonable efforts to assist the Tribes in enforcing sanctions imposed by the Tribal Gaming Regulatory Commission against non-Indians.

4. Reporting to State. The Tribal Gaming Regulatory Commission shall forward copies of all completed investigation reports and final dispositions to the State on a continuing basis. If requested by the Tribal Gaming Regulatory Commission, the State shall assist in any investigation initiated by the Tribal Gaming Regulatory Commission, and provide other requested services to ensure proper compliance with the provisions of this Compact, Tribal Ordinances and Regulations or applicable laws of the State.

B. State Enforcement of Compact Provisions.

1. Monitoring. The State is authorized hereby to monitor the Tribal Gaming Operation to ensure that the operation is conducted in compliance with the provisions of this Compact. The Tribes may request removal of a State law enforcement officer or monitor on the basis of malfeasance, abuse of authority or conduct disrespectful of Tribal institutions or culture. Effective performance of the officer's or monitor's duties shall not be a basis for disapproval. The State shall have free and unrestricted access to all areas of the Gaming Facility during normal operating hours without giving prior notice to the Tribal Gaming Operation.

2. Access to Records. The State is authorized hereby to review and copy, during normal business hours, and upon reasonable notice, all records maintained by the Tribal Gaming Operation; provided, that any copy thereof and any information derived therefrom, shall be deemed confidential and proprietary financial information of the Tribes to the extent provided

Only the State employee(s) formally designated by the State, and approved by the Tribes, shall be authorized to access Tribal gaming records pursuant to this subsection. Nothing in this subsection precludes the State or the Tribes from disclosing information subject to the Rules of Civil Procedure or Evidence in connection with litigation, a prosecution or a criminal investigation.

3. Investigation Reports. After completion of any inspection or investigation report, the State shall provide a copy of the report to the Tribal Gaming Regulatory Commission.

SECTION 10. STATE ASSESSMENT OF COSTS FOR OVERSIGHT

A. Imposition of Assessment for State Law Enforcement and Regulatory Expenditures. The State shall make annually an assessment sufficient to compensate the State for the reasonable and necessary costs of regulating Gaming Operations and conducting state law enforcement investigations pursuant to this Compact. The State shall assess only those costs related to gaming. The State acknowledges expressly herein that the extent of oversight is related directly to the size and scope of gaming. Such assessment shall include any costs of fringe benefits for personnel. Fees received with respect to the submission of gaming licenses and contracts pursuant to subsection C of Section 7 of this Compact shall be subtracted from the amount of the assessment.

B. Procedure for Assessments. The procedure for assessments shall be determined and agreed upon annually in a Memorandum of Understanding between the parties to this Compact. Such agreement shall include provisions for adjustments of excess assessments and underpayment of costs.

C. If the parties fail to agree to the assessments under this section, such dispute shall be resolved pursuant to Section 16 of this Compact.

D. If local government officials believe that an off-Indian land law enforcement problem has been created by the existence of the Gaming Facility, the Tribes shall meet with the mayor or county commission of the affected government to develop appropriate measures to alleviate the problem. The burden shall be on the local government officials to demonstrate that the law enforcement problem is directly attributable to the existence of the Gaming Facility. If an off-Indian land law enforcement problem has been created by the existence of the Gaming Facility, the Tribes shall take all reasonable steps to alleviate the problem. If the Tribes and local government officials are unable to agree on appropriate measures to alleviate the problem, the State may initiate the dispute resolution process established in Section 6 of this Compact.

SECTION 11. APPLICATION OF REGULATORY STANDARDS

A. Health, Safety and Environmental Standards. Tribal Ordinances and Regulations governing health, safety and environmental standards applicable to the Gaming Facility shall be at least as rigorous as standards imposed by the laws and regulations of the State. The Tribes agree to cooperate with any State agency
generally responsible for enforcement of such health, safety and environmental standards outside Indian lands in order to assure compliance with such standards within the Gaming Facility. However, the Tribes shall have the exclusive regulatory jurisdiction over the enforcement of health and safety standards applicable to the Gaming Facility. The Tribes shall use their regulatory jurisdiction to assure that health, safety and environmental standards are met.

B. Transportation Issues.

1. The Tribes shall provide a traffic impact study, prepared by a qualified traffic engineer registered in the State of Oregon. The study shall evaluate the effect of the proposed Gaming Facility, and any related development proposed by the Tribes as part of the same site, on the state highway system and any city street or county road that may be used by customers as access to the Gaming Facility. The traffic impact study shall determine the impacts of the proposed Gaming Facility and related development on the level of service of the affected highway(s), road(s) or street(s). If the traffic impact study indicates the need for major highway improvements for any phase of development, the Tribes shall provide a master plan that includes a preliminary design of the necessary improvements and a proposed site plan for the complete development.

2. A determination whether the Gaming Facility shall be served directly by a state highway or by a city street or county road shall be made by the State and appropriate local officials on a consistent basis with other proposed developments.

a. If the Gaming Facility is to be served directly by a state highway, the Tribes shall apply for and obtain a road approach permit under Oregon Administrative Rules, Chapter 734, Division 50, and shall construct the approach and any other necessary improvements in accordance with that permit. A road approach permit shall not be denied because of the proposed use of the Tribes' land. The Tribes shall provide and maintain access from its Gaming Facility onto the highway that is adequate to meet the standards of the Oregon Department of Transportation, or shall enter into agreements with the Oregon Department of Transportation for the provision of such access by the State. The allocation of costs shall be as provided in Oregon Administrative Rule 734-50-020(1), which provides that the costs of constructing the road approach shall be borne by the permit applicant.

b. If the Gaming Facility is to be served directly by a city street or county road, and indirectly by a state highway, the Tribes shall comply with applicable city or county street or road improvement requirements and satisfying any requirements the State imposes on the county or city relating to access to a state highway.

3. If the Tribes plans additional development of the Gaming Facility site, the Tribes shall advise the appropriate state or local transportation planning officials of the planned development by submitting a master plan. In planning street, road or highway improvements, the Tribes, state and local
transportation planning officials shall use the master plan. Construction of street, road or highway improvements may be completed in phases if practicable.

4. Traffic improvements shall be those necessary to maintain the level of service of the affected highway(s), road(s) or street(s) and to provide safe access to and from the Gaming Facility. For state highways, traffic improvements shall be consistent with the requirements of the State Highway Plan, including improvements necessary to mitigate traffic congestion and to conform to the Oregon Department of Transportation access management policies. If the Oregon Department of Transportation determines that highway improvements are necessary, the department shall confer with the Tribes concerning the planning, design and construction of those improvements.

5. The Tribes shall pay the cost of street, road or highway improvements determined to be necessary on the basis of the traffic impact study and Oregon Department of Transportation requirements. If the Tribes disputes the amount of costs to be paid by the Tribes, the Tribes may initiate the dispute resolution procedure established under Section 16 of this compact.

C. The Tribes shall report to the Oregon Department of Revenue, gambling winnings paid to any person subject to Oregon Personal Income Tax on those winnings whenever the Tribes would be required to report those winnings to the Internal Revenue Service. The information shall be reported in the manner required by the Oregon Department of Revenue.

SECTION 12. EFFECTIVE DATE; TERMINATION; AMENDMENTS

A. Effective Date. This Compact shall become effective upon execution by the State and by the Tribes and appropriate federal approval.

B. Termination. This Compact shall remain in effect until such time as:

1. This Compact is terminated by written agreement of both parties;

2. The State amends its Constitution or laws to criminally prohibit, within the State, conduct of all of the Class III gaming authorized by this Compact, whether for profit or not for profit;

3. A court of competent authority makes a final determination that all of the Class III games authorized by this Compact are criminally prohibited under the law of the State and the determination has become final and enforceable;

4. The federal government amends or repeals IGRA so that a Compact is no longer required for the Tribes’ exercise of Class III gaming; or

5. Either party materially breaches this Compact; but only after the dispute resolution process set forth in Section 16 of this Compact has been exhausted and the breach has continued for a period of sixty (60) days after written notice following the conclusion of the dispute resolution process.
C. **Automatic Amendment.**

1. If a type of Class III game authorized under Section 4 of this Compact is criminally prohibited by an amendment to State statute or Constitution, this Compact shall no longer authorize the Tribes to engage in that type of Class III game and any provisions in this Compact authorizing such gaming shall be void and of no effect.

2. If a court decides that a Class III game authorized under this Compact is criminally prohibited, this Compact shall no longer authorize the Tribes to engage in that type of Class III game and any provisions in this Compact authorizing such gaming shall be void and of no effect, but the Tribes shall be required to cease operating that Class III game only if and under the same circumstances and conditions as the State or any other affected person must cease operating the corresponding game under the court's decision.

D. **Amendments.**

1. Except as provided in subsection C of this section, this Compact shall not be amended for a period of three years after the effective date of this Compact, unless one of the following conditions occur:

   a. The State becomes a party to another Tribal-State Compact that authorizes a tribe other than the Klamath Tribes to engage in any Class III gaming activity or scope of gaming activity not permitted under the terms of Section 4 of this Compact;

   b. The State amends State statute or Constitution to expand the type of Class III gaming permitted in the State for any purpose by any person, organization or entity;

   c. The State amends any rule or regulation that corresponds specifically to Appendices A, B or C of this Compact, but in such case this Compact shall be subject to amendment only to the extent of the specific rule or regulation.

   d. The parties to this Compact agree in writing to enter amendment negotiations.

   e. The Tribes notifies the State that the fee-to-trust process will not be completed before December 31, 1995, as provided in Section 13 F. Any negotiation under this subparagraph shall be limited to extension of the date for completion of the fee-to-trust process.

2. Paragraph (1) of this subsection does not require the State to renegotiate those terms of this Compact that apply to the forms of gaming authorized by Section 4 of this Compact, except to the extent that the State voluntarily consents to such renegotiation or as is otherwise provided for in this Compact.
3. Pursuant to paragraph 1 of subsection D above, the State or the Tribes may, by appropriate and lawful means, request negotiations to amend, replace or repeal this Compact. In the event of a request for renegotiation or the negotiation of a new Compact, this Compact shall remain in effect until renegotiated or replaced, unless sooner terminated under subsection B of Section 12. Such request to renegotiate shall be in writing and shall be sent by certified mail to the Governor of the State or the Chairman of the Klamath Tribes at the appropriate office identified in Section 14 below. If a request is made by the Tribes, it shall be treated as a request to negotiate pursuant to IGRA. All procedures and remedies available under IGRA shall thereafter apply with the exception that the 180 day period for negotiation set forth at 25 U.S.C. § 2710(d) shall be 100 days.

SECTION 13. DISCLAIMERS AND WAIVERS

A. Gaming at Another Location or Facility. Except as provided in this Compact, the Tribes hereby waive any right it may have under IGRA to negotiate a Compact for Class III gaming at any other location or facility for a period of three (3) years from the effective date of this Compact.

B. Status of Class III Gaming. Nothing in this Compact shall be deemed to affect the operation by the Tribes of any Class II gaming as defined in the Act or to confer upon the State any jurisdiction over such Class II gaming conducted by the Tribes.

C. Prohibition on Taxation by the State. Nothing in this Compact shall be deemed to authorize the State to impose any tax, fee, charge or assessment upon the Tribes or any Tribal Gaming Operation except for charges expressly authorized in accordance with this Compact.

D. Preservation of Tribal Self-Government. Nothing in this Compact shall be deemed to authorize the State to regulate in any manner the government of the Tribes, including the Tribal Gaming Regulatory Commission, or to interfere in any manner with the Tribes' selection of its governmental officers including members of the Tribal Gaming Regulatory Commission. No licensing or registration requirement contemplated by this Compact shall be applicable to such officers with respect to their capacity as officers of the Tribes.

E. This Compact is exclusively for the benefit of and governs only the respective authorities of and the relationship between the Tribes and the State. Nothing in this Compact shall be construed as creating or granting any rights to any third party, or as establishing any objection or defense for any third party to any charge, offense or prosecution.

F. Location Eligible for Class III Gaming. The State has negotiated and executed this Compact pursuant to the process established under 25 USC § 2710(d)(3), with knowledge that the Gaming Location identified in Exhibit II is not currently held in trust by the United States for the benefit of the Klamath Tribes. This compact is effective only at the time the United States takes the land described in Exhibit II to this Compact into trust for the Tribes. Operation of this Compact is dependent upon the described land being taken into trust as a result of the Bureau of Indian Affairs fee-to-trust process. Operation of this Compact is further
dependent upon the described land being taken into trust no later than December 31, 1995. Operation of this Compact is further dependent upon a determination by the Secretary of the Interior, in connection with review and approval of this Compact, that the Gaming Location is eligible to be used by the Tribes for the purpose of gaming as described in 25 USC § 2719. If at any time it is determined by the Secretary or other competent authority that the Gaming Location is not eligible to be used by the Tribes for the purpose of gaming as described in 25 USC § 2719, this Compact shall no longer authorize gaming at that location.

SECTION 16. DISPUTE RESOLUTION

A. Except as specifically provided in Section 6 of this Compact, at the discretion of either party, in the event either party believes that the other party has failed to comply with any requirement of the Compact, that party may invoke the following dispute resolution procedure in order to foster cooperation and avoid the costs of litigation:

1. The party asserting noncompliance shall serve written notice on the other party in the manner provided in Section 14. No persons other than authorized tribal personnel may affix or remove the Tribal Gaming Inventory Decal.

(3) No terminal may be transported off Tribal land until the Tribal Gaming Inventory Decal has been removed.

(4) A terminal shall not be moved out of the Gaming Facility without prior notification to the State.

II. GENERAL VIDEO LOTTERY GAME RULES

AUTHORIZED VIDEO LOTTERY GAMES

Section 177-200-000

(2) A video lottery terminal may offer one or more of the authorized video games.

GAME REQUIREMENTS

Section 177-200-010

(1) Each game must display the amount wagered and the amount awarded for the occurrence of each possible winning occurrence based on the number of tickets wagered.

(2) Each game must provide a method for players to view payout tables.

TICKET PRICE

Section 177-200-015

Except as limited by the terms of the Compact, the price of a ticket for all video lottery games shall be determined by the Tribes.

PAYMENT OF PRIZES

Section 177-200-020

No payment for prizes awarded on a terminal may be made unless the cash slip meets the following requirements:

(1) It is fully legible and meets all the Tribes' security requirements.

(2) It must not be mutilated, altered, unreadable, or tampered with in any manner.

(3) It must not be counterfeit in whole or in part.

(4) It has been presented by a person authorized to play under these rules.
METHOD OF PAYMENT

Section 177-200-030

The Primary Management Official shall designate employees authorized to redeem cash slips during the Tribes' business hours of operation. Prizes shall be immediately paid in cash or by check when a player presents a cash slip for payment meeting the requirements of these rules. No prizes may be paid in tokens or chips.

REQUIREMENTS FOR RANDOMNESS TESTING

Section 177-200-050

Each video lottery terminal must have a random number generator that will determine the occurrence of a specific card or a specific number to be displayed on the video screen. A selection process will be considered random if it meets the following requirements.

(1) Each card position, symbol position or, in the case of Keno, each number position satisfies the 99 percent confidence limit using the standard "Chi-squared analysis." "Chi-squared analysis" is the sum of the squares of the difference between the expected result and the observed result. "Card position" means the first card dealt, second card dealt, in sequential order. "Number position" means first number drawn, second number drawn in sequential order, up to the 20th number drawn.

(2) Each card position, symbol position, or number position does not produce a significant statistic with regard to producing patterns of occurrences. Each card or number position will be considered random if it meets the 99 percent confidence level with regard to the "run test" or any similar pattern testing statistic. The "run test" is a mathematical statistic that determines the existence of recurring patterns within a set of data.

(3) Each card position, symbol position, or number position is independently chosen without regard to any other card or number drawn within that game play. The test is the "correlation test." Each pair of card or number positions is considered random if they meet the 99 percent confidence level using standard correlation analysis.

(4) Each card position, symbol position, or number position is independently chosen without reference to the same card or number position in the previous game. This test is the "serial correlation test." Each card or number position is considered random if it meets the 99 percent confidence level using standard serial correlation analysis.

(5) The random number generator and selection process must be impervious to influences from outside devices including, but not limited to, electromagnetic interferences, electrostatic discharge and radio frequency interfaces.
DEFINITIONS

Section 177-99-000

For the purposes of Keno, the following definitions apply unless the context requires a different meaning or is otherwise inconsistent with the intention of the rules adopted by the Oregon State Lottery Commission.

(1) "Exchange ticket" means the ticket issued to replace a consecutive game ticket that is validated before the last game on the ticket.

(2) "Game" means the opportunity provided to a player to win a prize.

(3) "Game slip" means the form used to indicate a player’s selections.

(4) "Spot" means the amount of numbers a player may play per game.

(5) "Winning numbers" means the twenty (20) numbers from one (1) to eighty (80) which are randomly selected for each game.

(6) "Keno runner" means an individual who picks up and delivers the Keno tickets that are written by customers in the gaming facility.

(7) "Keno writer" means an individual stationed at the Keno counter who processes received tickets from either the customer or Keno runner.

GAME DESCRIPTION

Section 177-99-010

A Keno ticket has the numbers 1 through 80 on it. For each game a player may select from 1 to 20 numbers or spots. Twenty numbers are selected or drawn randomly. Prizes are awarded based on the total amount of winning numbers matched by a player for the number of spots played for that game.
PLAY RULES
Section 177-99-020

(1) To play, a player must use a game slip.

(2) The player must mark the amount of spots to be played. A player can pick from one (1) to twenty (20) spots per game slip. A player may also play a "way ticket." A way ticket is the equivalent of playing multiple Keno tickets, but marking only one ticket.

(3) The player must mark the number of dollars to be wagered per game and/or per way.

(4) The player may then select the spots to be played by one of two methods. The player may mark the player's own selections on the game slip; if this method is used, the number of spots marked on the game slip must equal the number of spots that were selected to play. The other method of play is to select "Quick Pick", the number of spots randomly generated by the computer will match the number of spots indicated by the player.

(5) The player shall indicate the number of consecutive games to be played: 1, 2, 3, 4, 5, 10, 20, 50 or 100.

(6) The player shall present the completed game slip and the amount wagered either to a Keno runner or directly to the Keno counter for processing by the Keno writer. The cost of the ticket is equal to the amount wagered times the number of ways you are playing the ticket times the number of consecutive games indicated by the player. For example, if $2 per game is wagered on a regular (one-way) ticket for 5 consecutive games, the total cost is $10. If the same ticket is played "3 ways" the cost is $30.

(7) Minimum and maximum wagers will be set by the Tribal Gaming Commission.

CANCELLATION OF TICKETS

Section 177-99-030

A game ticket may be canceled or voided provided it is canceled from the system prior to the start of the game.

DETERMINATION OF WINNERS

Section 177-99-040

(1) Keno tickets will be sold only during the hours of operation of the gaming facility. The selection of winning numbers shall take place at established intervals.

(2) Winning number combinations shall be generated at the established intervals through the use of a computer-driven random number generator or conventional Keno blower mechanism. The number generating device shall meet the requirements of the Tribal-State Compact pertaining to contracts with manufacturers and suppliers, security, terminal specifications, equipment testing, procurement, duties of manufacturer and requirements for randomness testing.

(3) The Tribal Gaming Commission shall establish the procedures for the operation and security of the numbers generation equipment.

PRIZE STRUCTURE

Section 177-99-050

(1) Published payoff schedules shall be made available to the public at all times throughout the facility and in a conspicuous place immediately adjacent to the game.

(2) A player is eligible to receive only the highest prize per game played on a ticket.
SECTION 177-99-060

(1) After the numbers are drawn, the manager will review all inside (house copy) tickets and pull all winning tickets.

(2) A master ticket to verify winners will be produced. The master ticket will have the winning numbers hole punched. This facilitates the verification of the customer’s tickets.
