SUPPLEMENTARY INFORMATION:

I. Abstract

The North American Waterfowl Management Plan (NAWMP) is an international agreement signed by the United States Secretary of the Interior, the Canadian Minister of the Environment, and the Mexican Secretary of the Environment and Natural Resources. NAWMP lays out a strategy to restore waterfowl populations in North America through habitat protection, restoration, and enhancement. The 2012 revised goals of NAWMP focused for the first time on people as well as waterfowl and their habitats. Specifically, the plan states that “the needs and desires of people as they relate to waterfowl must be clearly understood and explicitly addressed” and calls for more human dimensions research with waterfowl hunters, viewers, and the general public. The plan recognizes the interconnectedness of waterfowl, their habitat, and stakeholders. Without human dimensions information, NAWMP objectives may not reflect stakeholder and societal values, and management and policy decisions may lead to actions that could be either irrelevant or counter to stakeholder and societal expectations.

To meet the goals set forth in the 2012 NAWMP revision, the NAWMP Human Dimensions Working Group has asked the USGS to conduct a mail survey to assess the general public’s awareness and perceptions of waterfowl and wetlands, as well as measure participation in recreational activities, conservation behaviors, how people obtain information on nature-related issues, and demographics. Demographics collected on the survey will include voluntarily provided personally identifiable information (PII) such as gender, education, income, and race/ethnicity. Additionally, a representative sample of names and mailing addresses from the general public will be purchased from a survey sampling company which uses publically available information to construct sample lists.

To protect the confidentiality and privacy of survey respondents, the voluntarily provided PII from the survey will not be associated with any respondent’s name or mailing address at any time and will only be analyzed and reported in aggregate. All files containing PII will be password-protected, housed on secure USGS servers, and only accessible to the research team.

PII collected on the survey will be used to understand if any segments of the American public hold differing views on waterfowl and waterfowl-related topics. For example, there may be differences in awareness and perceptions of waterfowl and wetlands or in participation in recreational activities between men and women. This will enable waterfowl managers and policymakers to better understand and be more responsive to the varied stakeholders they are serving. The data from the survey will be aggregated and statistically analyzed and the results will be published in publically available USGS reports.

The USGS Ecosystems Mission Area is conducting this effort as it aligns with their mission to “work with others to provide the scientific understanding and technologies needed to support the sound management and conservation of our Nation’s biological resources.” Specifically, the Ecosystems Mission Area “enters into partnerships with scientific collaborators to produce high-quality scientific information and partnerships with the users of scientific information to ensure this information’s relevance and application to real problems.”

Dear Chairman Boyd:

On April 14, 2015, the Department of the Interior received the Amendment to the Tribal-State Compact (Amendment) between the Confederated Tribes of the Colville (Tribe), and the State of Washington (State) providing for the conduct of class III gaming activities by the Tribe.

accordance with the provisions of IGRA and the terms of the Compact; and

WHEREAS, the State and Tribe have agreed to certain changes to the Compact,
including certain provisions found within Appendix X2, and agreed to incorporate an optional
Addendum to that Appendix,

NOW, THEREFORE, the Compact shall be, and is hereby amended as follows:

1. Add Compact Section III.

   N. Acceptance of Electronic Benefits Cards From the State of Washington.

   The Tribe shall ensure that all cash dispensing outlets, including without limitation,
automated teller machines (ATM) and point of sale machines located within the Tribe’s
Gaming Facility or Facilities, shall not accept Electronic Benefits Cards.

2. Amend Appendix X2, Section 12.1 to:

   12.1 Allocation. The Tribe shall be entitled to an Allocation of, and may operate or
transfer the ability to operate, up to 1075 Player Terminals (“Allocation”).

3. Amend Appendix X2, Section 13.4, Sub-Sections 13.4.1 to 13.4.5 to:

Operation, the SGA shall make a good faith estimate of the cost of regulating the Tribe’s
activities under this Appendix for the remainder of the calendar year.

   13.4.2 13.4.2 Cost Allocation. Notwithstanding anything in the Compact to the contrary,
the Regulatory Fees for all class III activities under the Compact, including those
applicable to the activities described in this Appendix (except for the first year fees set by
estimate as provided in Sections 13.4.1), shall be set by determining the cost of regulating
the Tribe’s class III activities using the State’s cost allocation model currently in use as of the effective date of this Amendment.

13.4.3 Billing and Payment. The SGA shall notify the Tribe of the forthcoming Regulatory Fee at least 45 days prior to its becoming due. Regulatory Fees may be paid for an entire year in advance of the date on which the billing year commences (calendar year) or in no more than 12 equal monthly installments, each of which shall be due on the first day of each month, which monthly payments shall commence on the first day of the first month of the billing year, or within 45 days following notification of the amount of the forthcoming year’s Regulatory Fee, whichever is later.

Contributions shall be made to governmental, charitable and/or non-profit organizations, which may include the Department of Social and Health Services’ Division of Alcohol and Substance Abuse (DSHS/DASA), that are directly related to helping to reduce problem gambling. The 0.13 percent of net win shall be paid annually, commencing with the conclusion of the Tribe’s first full fiscal year following the date upon which this Appendix becomes effective and shall be paid annually within one year of the close of the Tribe’s fiscal year.

Contributions shall be made to governmental, charitable and/or nonprofit organizations that have as a purpose the discouragement of the use of tobacco. However, if the Tribe operates any of its Class III gaming facilities as entirely smoke-free, the Tribe’s smoking cessation contribution shall be reduced proportionally based upon the pro rata number of Tribal Lottery System machines in that non-smoking facility compared to the total number of Tribal Lottery System machines operated by the Tribe. Additionally, it is also agreed that if the Tribe completely prohibits the sale and use of alcohol in all of its Class III gaming facilities, the Tribe shall be entirely excused from making the smoking cessation contribution required by this subsection for as long as the prohibition on the sale and use of alcohol remains in effect.
The 0.13 percent of net win shall be paid annually, commencing with the conclusion of the Tribe's first full fiscal year following the date upon which this Appendix becomes effective and shall be paid annually within one year of the close of the Tribe's fiscal year as set forth in section 14.6.3.

Section 1. Overview

The Parties executed the First Amendment to the Tribal-State Compact, known as
Appendix X2. Appendix X2 became effective May 31, 2007. This Appendix X2 Addendum
further supplements Appendix X2 as follows:

Section 2. Definitions

All terms not defined herein shall have the same definitions as in the Tribe’s Compact
and its amendments and appendices.

2.1 “Available for Lease” means a Player Terminal that is part of an Eligible Tribe’s
Allocation of Player Terminals and is neither in use in any Eligible Tribe’s
Gaming Facility or Facilities, nor leased to another Eligible Tribe.

2.2 “Certification” means a confirmation conducted and signed by an Independent
Accounting Firm that states the number of Player Terminals Available for Lease
in the State of Washington.

2.3 “Eligible Tribe” means a Washington Tribe that has entered into a compact
authorizing operation of a Tribal Lottery System consistent with Appendix X2.

2.4 “Independent Accounting Firm” means a person or firm licensed by the
Washington State Board of Accountancy.

Section 3. Increases to Tribe’s Allocation of Player Terminals

3.1 The Tribe’s Allocation of Player Terminals as set forth in Appendix X2 may
increase by 50 Player Terminals upon meeting the procedures and conditions set
forth in this Addendum.

3.2 The Tribe shall provide the State Gaming Agency with written notice, along with
Certification from an Independent Accounting Firm, that there are 500 or fewer
Player Terminals Available for Lease among all tribes participating in the Tribal
Lottery System under Appendix X2. The Tribe shall derive its notice and
Certification from information provided by participants in the plan described in
Section 12.2.2 of Appendix X2.

3.3 Upon receipt of the Tribe’s notice, the State Gaming Agency shall review the
Certification and verify the Player Terminals Available for Lease in the state. To
facilitate the State Gaming Agency’s review and verification process, the Tribe
shall authorize the Independent Accounting Firm to make available for review by the State Gaming Agency all supporting records used to develop the Certification.

3.4 The State Gaming Agency has 30 days to review, verify, and provide written notification to the Tribe of the additional Allocation of Player Terminals set forth in Section 3.1. Any such increase to the Tribe's Allocation shall become effective 30 days after notification by the State Gaming Agency.

3.5 Such notice by the State Gaming Agency shall for all purposes increase the Allocation of Player Terminals for the Tribe until such time as, if ever, another notice and Certification is delivered to the State Gaming Agency for an increase to the Allocation.

3.6 Except as set forth in Section 3.7, additional increases to the Tribe's Allocation of Player Terminals under this Section are limited to one (1) increase per twelve (12) month period.

3.7 Notwithstanding the limitation set forth in Sections 3.5 and 3.6, if the Tribe, or another Eligible Tribe, licenses a new Gaming Facility on Tribal Lands that will operate more than 1,075 Player Terminals at its initial opening, the Tribe may provide written notification to the State Gaming Agency of such licensure. After receipt of such notification, the State Gaming Agency has 30 days to review, concur, and provide written notification to the Tribe that the Tribe's Allocation of Player Terminals shall increase by an additional 50 Player Terminals.

3.8 In the event any other Eligible Tribe becomes entitled to an increased Allocation of Player Terminals under that tribe's version of Section 3.4 or 3.7, the Tribe shall be automatically entitled to the same Allocation increase authorized to that other Washington tribe by its version of Section 3.4 or 3.7 above, and the State shall provide prompt notification of the increase to the Tribe.

Section 4. Dispute Resolution

4.1 If a dispute arises between the Tribe and the State with respect to the terms and conditions set forth in this Addendum, including but not limited to the number of Player Terminals Available for Lease, the State and Tribe shall meet and attempt to resolve the dispute not later than 30 days prior to the increased Allocation of Player Terminals going into effect.

4.2 If either party believes, after the meet and confer has commenced, that a resolution by the parties cannot be achieved, then either or both parties shall be entitled to have the dispute resolved pursuant to the dispute resolution provisions of the Compact.
