§ 474 What happens if the lessee abandons the leased premises?

If a lessee abandons the leased premises, the Apache Tribe will treat the abandonment as a violation of the lease. The lease may specify a period of non-use after which the lease premises will be considered abandoned.

General Provisions Applicable to WEELs and WSR Leases

§ 501 What types of leases does this Chapter cover?

(a) This Chapter covers:

(1) Wind energy evaluation leases (WEELs), which are short-term leases that authorize possession of Apache Tribe Indian land for the purpose of installing, operating, and maintaining instrumentation, and associated infrastructure, such as meteorological towers, to evaluate wind resources for electricity generation; and

(2) Wind and solar resource (WSR) leases, which are leases that authorize possession of Apache Tribe Indian land for the purpose of installing, operating, and maintaining instrumentation, facilities, and associated infrastructure, such as wind turbines and solar panels, to harness wind and/or solar energy to generate and supply electricity:

(i) For resale on a for-profit or non-profit basis;
(ii) To a utility grid serving the public generally; or
(iii) To users within the local community (e.g., on and adjacent to Apache Tribe Indian land).

(b) If the generation of electricity is solely to support a use approved under Chapter B, Agricultural Leases; Chapter C, Residential Leases; or Chapter D, Business Leases (including religious, educational, recreational, cultural, or other public purposes), for the same parcel of land, then the installation, operation, and maintenance of instrumentation, facilities, and associated infrastructure are governed by Chapter B, C, or D, as appropriate.

§ 502 Who must obtain a WEEL or WSR lease?

(a) Anyone seeking to possess Apache Tribe Indian land to conduct activities associated with the evaluation of wind resources must obtain a WEEL, except that a WEEL is not required if use or possession of the Apache Tribe Indian land to conduct wind energy evaluation activities is authorized:

(1) Under § 5(b);

(2) By a permit from the Apache Tribe under § 7; or

(b) Except as provided in § 5(b), § 501, and paragraph (c) of this section, anyone seeking to possess Apache Tribe Indian land to conduct activities associated with the development of wind and/or solar resources must obtain a WSR lease.

(c) When the Apache Tribe or its wholly owned tribal enterprises conduct wind and solar resource activities on Apache Tribe Indian land, it does not need a WEEL or WSR under this Chapter.

§ 503 Is there a model WEEL or WSR lease?
There is no model WEEL or WSR lease because of the need for flexibility in negotiating and writing WEELs and WSR leases; however, the Leasing Officer or Responsible Official, as the case may be, may:

(a) Provide other guidance, such as checklists and sample lease provisions, to assist in the lease negotiation process; and

(b) Assist, upon request, in developing appropriate lease provisions or in using tribal lease forms that conform to the requirements of this Chapter.

§ 511 What is the purpose of a WEEL?

A WEEL is a short-term lease that allows the lessee to possess trust or restricted lands for the purpose of evaluating wind resources. The lessee may use information collected under the WEEL to assess the potential for wind energy development, and determine future placement and type of wind energy technology to use in developing the energy resource potential of the leased area.

§ 512 How long may the term of a WEEL run?

(a) A WEEL must provide for a definite term, state if there is an option to renew and if so, provide for a definite term for the renewal period. WEELs are for project evaluation purposes, and therefore may have:

(1) An initial term that is no longer than 3 years; and

(2) One renewal period not to exceed 3 years.

(b) The exercise of the option to renew must be in writing and the WEEL must specify:

(1) The time and manner in which the option must be exercised or is automatically effective;

(2) That confirmation of the renewal will be submitted to the Responsible Official, unless the WEEL provides for automatic renewal; and

(3) Additional consideration, if any, that will be due upon the exercise of the option to renew or the start of the renewal term.

§ 513 Are there mandatory provisions a WEEL must contain?

(a) All WEELs must identify:

(1) The tract or parcel of land being leased;

(2) The purpose of the WEEL and authorized uses of the leased premises;

(3) The parties to the WEEL;
(4) The term of the WEEL;

(5) The ownership of permanent improvements and the responsibility for constructing, operating, maintaining, and managing permanent improvements, under § 515;

(6) Payment requirements and late payment charges, including interest; and

(7) Due diligence requirements, under § 517.

(b) Where a representative executes a lease on behalf of the Apache Tribe or lessee, the lease must state such and must identify the party being represented and the authority under which the action is taken.

(c) All WEELs must include the following provisions:

(1) The obligations of the lessee and its sureties to the Apache Tribe are also enforceable by the United States, so long as the land remains in trust or restricted status;

(2) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of leased premises;

(3) The lessee must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under § 14;

(4) If historic properties, archeological resources, human remains, or other cultural items, not previously reported are encountered during the course of any activity associated with this lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease, and the lessee will contact the Responsible Official to determine how to proceed and appropriate disposition;

(5) The Responsible Official has the right, at any reasonable time during the term of the lease, and upon reasonable notice, in accordance with § 589, to enter the leased premises for inspection; and

(6) The Responsible Official may, at his or her discretion, treat as a lease violation any failure by the lessee to cooperate with the Responsible Official’s request to make appropriate records, reports, or information available for the Responsible Official’s inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:

(1) The lessee holds the United States and the Apache Tribe harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises;

(2) The lessee indemnifies the United States and the Apache Tribe against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term,
regardless of fault, with the exception that the lessee is not required to indemnify the Apache Tribe for liability or cost arising from the Apache Tribe's negligence or willful misconduct.

§ 514 May permanent improvements be made under a WEE L?

(a) A WEE L anticipates the installation of facilities and associated infrastructure of a size and magnitude necessary for evaluation of wind resource capacity and potential effects of development. These facilities and associated infrastructure are considered permanent improvements. A lessee may construct permanent improvements if the WEE L specifies. An equipment installation plan must be submitted with the lease under § 528(g).

(b) If any of the following changes are made to the equipment installation plan, the Business Committee must approve the revised plan and the lessee must provide a copy of the revised plan to the Apache Tribe:

(1) Location of permanent improvements;

(2) Type of permanent improvements; or

(3) Delay of ninety (90) days or more in any phase of development.

§ 515 How must a WEE L address ownership of permanent improvements?

(a) A WEE L must specify who will own any permanent improvements the lessee installs during the lease term. In addition, the WEE L must indicate whether any permanent improvements the lessee installs:

(1) Will remain on the premises upon expiration, termination, or cancellation of the lease whether or not the WEE L is followed by a WSR lease, in a condition satisfactory to the Apache Tribe;

(2) May be conveyed to the Apache Tribe during the WEE L term and under what conditions the permanent improvements may be conveyed;

(3) Will be removed within a time period specified in the WEE L, at the lessee’s Expense, with the leased premises to be restored as closely as possible to their condition before installation of the permanent improvements; or

(4) Will be disposed of by other specified means.

(b) A WEE L that requires the lessee to remove the permanent improvements must also provide the Apache Tribe with an option to take possession and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 516 How will the Responsible Official enforce removal requirements in a WEE L?

(a) The Responsible Official may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee’s expense:

(1) In consultation with the Business Committee; and
(2) After termination, cancellation, or expiration of the WEEL.

§ 517 What requirements for due diligence must a WEEL include?

(a) A WEEL must include due diligence requirements that require the lessee to:

(1) Install testing and monitoring facilities within twelve (12) months after the effective date of the WEEL or other period designated in the WEEL and consistent with the plan of development; and

(2) If installation does not occur, or is not expected to be completed, within the time period specified in paragraph (a)(1) of this section, provide the Business Committee and Responsible Official with an explanation of good cause for any delay, the anticipated date of installation of facilities, and evidence of progress toward installing or completing testing and monitoring facilities.

(b) Failure of the lessee to comply with the due diligence requirements of the WEEL is a violation of the WEEL and may lead to:

(1) Cancellation of the WEEL under § 592; and

(2) Application of the requirement that the lessee transfer ownership of energy resource information collected under the WEEL to the Apache Tribe under § 520.

§ 518 How must a WEEL describe the land?

(a) A WEEL must describe the leased premises by reference to a public or private survey, if possible. If the land cannot be so described, the lease must include one or more of the following:

(1) A legal description;

(2) A survey-grade global positioning system description; or

(3) Another description prepared by a registered land surveyor that is sufficient to identify the leased premises.

(b) Any description of real property must be sufficient and adequate for purposes of recording with the LTRO.

§ 519 May a WEEL allow for compatible uses by the Apache Tribe?

The WEEL may provide for the Apache Tribe to use, or authorize others to use, the leased premises for other noncompeting uses compatible with the purpose of the WEEL. This may include the right to lease the premises for other compatible purposes. Any such use by the Apache Tribe will not reduce or offset the monetary compensation for the WEEL.

§ 520 Who owns the energy resource information obtained under the WEEL?

(a) The WEEL must specify the ownership of any energy resource information the lessee obtains during the WEEL term.
(b) Unless otherwise specified in the WEEL, the energy resource information the lessee obtains through the leased activity becomes the property of the Apache Tribe at the expiration, termination, or cancellation of the WEEL or upon failure by the lessee to diligently install testing and monitoring facilities on the leased premises in accordance with § 517.

(c) The Apache Tribe will keep confidential any information it is provided that is marked confidential or proprietary and that is exempt from public release, to the extent allowed by law.

§ 521 May a lessee incorporate its WEEL analyses into its WSR lease analyses?

Any analyses a lessee uses to bring a WEEL activity into compliance with applicable laws, ordinances, rules, regulations under § 14 and any other legal requirements may be incorporated by reference, as appropriate, into the analyses of a proposed WSR lease.

§ 522 May a WEEL contain an option for the lessee to enter into a WSR lease?

(a) A WEEL may provide for an option period following the expiration of the WEEL term during which the lessee and the Apache Tribe may enter into a WSR lease.

(b) The Business Committee’s approval of a WEEL that contains an option to enter into a WSR lease does not guarantee or imply Apache Tribe’s approval of any WSR lease.

**WEEL monetary Compensation Requirements**

§ 523 How much compensation must be paid under a WEEL?

(a) The WEEL must state how much compensation will be paid.

(b) A WEEL must specify the date on which compensation will be due.

Except as provided in paragraph (d) of this section, a lessee must provide insurance necessary to protect the interests of the Apache Tribe and in the amount sufficient to protect all insurable permanent improvements on the leased premises.

(a) The insurance may include property, crop, liability, and casualty insurance, depending on the Apache Tribe’s interests to be protected.

(b) Both the Apache Tribe and the United States must be identified as additional insured parties.

(c) Lease insurance may be increased and extended for use as the required WSR lease assurance.

(d) The Business Committee may waive the requirement for insurance, if a waiver is in the best interest of the Apache Tribe, including if the lease is for less than fair market rental or nominal compensation.

**WEEL Approval**

§ 528 What documents are required for Business Committee approval of a WEEL?

The Responsible Official must submit the following documents to the Business Committee to obtain approval of a WEEL:

A WEEL negotiated by the Apache Tribe and the lessee that meets the requirements of

1. The representative has authority to execute a lease;
2. The lease will be enforceable against the lessee; and
3. The legal entity is in good standing and authorized to conduct business in the jurisdiction where the land is located.

§ 529 Will the Responsible Official review a proposed WEEL before or during preparation of the environmental review documentation?

Upon request of the Leasing Officer, the Responsible Official will review the proposed WEEL for compliance with this Act after negotiation by the parties, before or during preparation of the environmental review documentation. Within ten (10) days of receiving the proposed WEEL, the Responsible Official will provide an acknowledgement of the terms of the lease and identify any provisions that based on this acknowledgment review, would justify disapproval of the lease under the terms of this Act, pending results of the environmental review.

§ 530 what is the approval process for a WEEL?

(a) Upon receiving a WEEL package, the Responsible Official will review the package for compliance with this Act. Where applicable, the Responsible Official will conduct necessary Measures under this Act, including but not limited to environmental review and valuation. Once the Responsible Official conducts the compliance review and determines that the package is complete, the Responsible Official will submit the WEEL package to Business Committee for Business Committee determination of approval or disapproval of the lease.

(b) The Responsible Official will promptly notify the parties whether the package is or is not complete. A complete package includes all the information and supporting documents required for a WEEL, including but not limited to, environmental review documentation, where applicable.

(c) If the Responsible Official does not meet the deadline in this section, then the parties may take appropriate action under §588.

(d) Upon receiving the WEEL package from the Responsible Official and before approving a WEEL, Business Committee must determine that the WEEL is in the best interest of the Apache Tribe. In making that determination, the Business Committee will:

1. Review the WEEL and supporting documents;
2. Identify potential environmental impacts and ensure compliance with all applicable environmental laws, land use laws, and ordinances;
3. Require any lease modifications or mitigation measures necessary to satisfy any requirements including any other federal or tribal land use requirements; and

(g) The Responsible Official will provide the approved WEEL on Apache Tribe Indian land to the lessee and provide a copy to the Business Committee.

§ 531 How will the Business Committee decide whether to approve a WEEL?

(a) The Business Committee in its discretion may approve a WEEL unless:

1. The required consents have not been obtained from the parties to the WEEL;
2. The requirements applicable to WEELs have not been met; or
(3) The Business Committee finds a compelling reason to withhold approval in order to protect the best interests of the Apache Tribe.

§ 532 When will a WEEL be effective?

(a) A WEEL may become effective on the date on which the Business Committee approves the WEEL, even if an appeal is filed under Chapter H of this Act.

(b) The WEEL may specify a date on which the obligations between the parties to a WEEL are triggered. Such date may be before or after the approval date under paragraph (a) of this section.

(c) WEEL lease documents not requiring approval by the Business Committee are effective upon execution by the parties, or on the effective date specified in the lease document. If the WEEL lease document does not specify an effective date, it becomes effective upon execution by the parties.

**WSR Leases**

§ 538 *What is the purpose of a WSR lease?*

A WSR lease authorizes a lessee to possess Apache Tribe Indian land to conduct activities related to the installation, operation, and maintenance of wind and/or solar energy resource development projects. Activities include installing instrumentation facilities and infrastructure associated with the generation, transmission, and storage of electricity and other related activities. Leases for biomass or waste-to-energy purposes are governed by Chapter D of this Act.

§ 539 *Must a WEEL be obtained before obtaining a WSR lease?*

Parties may enter into a WSR lease without a WEEL. While parties may enter into a lease as a direct result of energy resource information gathered from a WEEL activity, obtaining a WEEL is not a precondition to entering into a WSR lease.

§ 540 *How long may the term of a WSR lease run?*

(a) A WSR lease must provide for a definite lease term, state if there is an option to renew, and if so, provide for a definite term for the renewal period.

6. Any other conditions for renewal (e.g., that the lessee not be in violation of the lease at the time of renewal).

(b) The Responsible Official will record any renewal of a lease in the Apache Tribe Realty Office.

§ 542 Are there mandatory provisions a WSR lease must contain?

(a) All WSR leases must identify:

1. The tract or parcel of land being leased;

2. The purpose of the lease and authorized uses of the leased premises;

3. The parties to the lease;

7. Payment requirements and late payment charges, including interest;

8. Due diligence requirements, under § 546;

9. Insurance requirements, under § 562; and
(10) Bonding requirements under § 559. If a performance bond is required, the lease must state that the lessee must obtain the consent of the surety for any legal instrument that directly affects their obligations and liabilities.

(b) Where a representative executes a lease on behalf of the Apache Tribe or lessee, the lease must state such and must identify the party being represented and the authority under which the action is taken.

(c) All WSR leases must include the following provisions:

(1) The obligations of the lessee and its sureties to the Apache Tribe are also enforceable by the United States, so long as the land remains in trust or restricted status;

(5) The Responsible Official has the right, at any reasonable time during the term of the lease and upon reasonable notice, in accordance with § 589, to enter the leased premises for inspection and to ensure compliance; and

(6) The Responsible Official may, at his or her discretion, treat as a lease violation any failure by the lessee to cooperate with a Responsible Official request to make appropriate records, reports, or information available for the Responsible Official’s inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:

(1) The lessee holds the United States and the Apache Tribe harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises; and

(a) A WSR lease must provide for the installation of a facility and associated infrastructure of a size and magnitude necessary for the generation and delivery of electricity, in accordance with § 19. These facilities and associated infrastructure are considered permanent improvements. A resource development plan must be submitted for approval with the lease under § 563(h).

(b) If the parties agree to any of the following changes to the resource development plan after lease approval, they must submit the revised plan to the Responsible Official for the file:

(1) Location of permanent improvements;

(2) Type of permanent improvements; or

(3) Delay of ninety (90) days or more in any phase of development.

§ 544 How must a WSR lease address ownership of permanent improvements?

(a) A WSR lease must specify who will own any permanent improvements the lessee installs during the lease term and may specify under what conditions, if any; permanent improvements the lessee constructs may be conveyed to the Apache Tribe during the lease term. In addition, the lease must indicate whether each specific permanent improvement the lessee installs will:

(1) Remain on the leased premises upon the expiration, termination, or cancellation of the lease, in a condition satisfactory to the Apache Tribe and become the property of the Apache Tribe;

(2) Be removed within a time period specified in the lease, at the lessee's expense, with the leased premises to be restored as closely as possible to their condition before installation of the permanent improvements; or

(3) Be disposed of by other specified means.

(b) A lease that requires the lessee to remove the permanent improvements must also provide the Apache Tribe with an option to take possession of and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 545 How will the Responsible Official enforce removal requirements in a WSR lease?

(a) The Responsible Official may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee’s expense:

(1) In consultation with the Business Committee; and

(2) Before or after expiration, termination, or cancellation of the lease.

(b) The Responsible Official may collect and hold the performance bond until removal and restoration are completed.

§ 546 What requirements for due diligence must a WSR lease include?
(a) A WSR lease must include due diligence requirements that require the lessee to:

(1) Commence installation of energy facilities within 2 years after the effective date of the lease or consistent with a timeframe in the resource development plan;

(2) If installation does not occur, or is not expected to be completed, within the time period specified in paragraph (a)(1) of this section, provide the Responsible Official and the Business Committee with an explanation of good cause as to the nature of any delay, the anticipated date of installation of facilities, and evidence of progress toward commencement of installation;

(3) Maintain all on-site electrical generation equipment and facilities and related infrastructure in accordance with the design standards in the resource development plan; and

(4) Repair, place into service, or remove from the site within a time period specified in the lease any idle, improperly functioning, or abandoned equipment or facilities that have been inoperative for a continuous period specified in the lease (unless the equipment or facilities were idle as a result of planned suspension of operations, for example, for grid operations or during bird migration season).

(b) Failure of the lessee to comply with the due diligence requirements of the lease is a violation of the lease and may lead to cancellation of the lease under § 592.

§ 547 How must a WSR lease describe the land?

(a) A WSR lease must describe the leased premises by reference to a private or public survey, if possible. If the land cannot be so described, the lease must include one or more of the following:

(1) A legal description;

(2) A survey-grade global positioning system description; or

(3) Another description prepared by a registered land surveyor that is sufficient to identify the leased premises.

§ 548 May a WSR lease allow compatible uses?

The lease may provide for the Apache Tribe to use, or authorize others to use, the leased premises for other uses compatible with the purpose of the WSR lease and consistent with the terms of the WSR lease. This may include the right to lease the premises for other compatible purposes. Any such use or authorization by the Apache Tribe will not reduce or offset the monetary compensation for the WSR lease.

WSR Lease Monetary Compensation Requirements

§ 549 How much monetary compensation must be paid under a WSR lease of Apache Tribe Indian land?
(a) A WSR lease of Apache Tribe Indian land may allow for any payment negotiated by the Apache Tribe, and the Responsible Official will defer to the Business Committee and not require a valuation if the Business Committee submits a written resolution or other appropriate tribal authorization expressly stating that it:

1. Finds the negotiated compensation is satisfactory to the Apache Tribe;
2. Waives valuation; and
3. Has determined that accepting such negotiated compensation and waiving valuation is in the Apache Tribe's best interest.

(b) The Business Committee may request, in writing, that the Responsible Official determine fair market rental, in which case the Responsible Official will use a valuation in accordance with § 551. After providing the Business Committee with the fair market rental, the Responsible Official will defer to the Business Committee's decision to allow for any payment amount negotiated by the Apache Tribe.

(c) If the conditions in paragraph (a) or (b) of this section are not met, the Responsible Official will require that the lease provide for fair market rental based on a valuation in accordance with § 551.

§ 550 [Reserved].

§ 551 How will the Responsible Official determine fair market rental for a WSR lease?

(a) The Responsible Official will use a market analysis, appraisal, or other appropriate valuation method to determine the fair market rental before Business Committee approves a WSR lease of Apache Tribe Indian land.

(b) The Responsible Official will either:

1. Prepare, or have prepared, a market analysis, appraisal, or other appropriate valuation method; or
2. Use an approved market analysis, appraisal, or other appropriate valuation method from the Apache Tribe or lessee.

(c) The Responsible Official will use or approve use of a market analysis, appraisal, or other appropriate valuation method only if it:

2. Complies with Apache Tribe policies regarding appraisals, including third-party appraisals.

(d) The Apache Tribe may use competitive bidding as a valuation method.

(a) A WSR lease must specify the dates on which all payments are due.
(b) Unless the lease provides otherwise, payments may not be made or accepted more than one year in advance of the due date.

(c) Payments are due at the time specified in the lease, regardless of whether the lessee receives an advance billing or other notice that a payment is due.

§ 553 Must a WSR lease specify who receives monetary compensation payments?

(a) Under a WSR lease, the lessee will make payments directly to the Apache Tribe (direct pay).

(2) Varying types of consideration at specific stages during the life of the lease, including but not limited to fixed annual payments during installation, payments based on income during an operational period, and bonuses.

(b) The Responsible Official will defer to the Business Committee’s determination that the compensation in paragraph (a) of this section is in the Apache Tribe’s best interest, if the Business Committee submits Business Committee Resolution or other Business Committee authorization stating that it has determined the compensation in paragraph (a) of this section to be in its best interest.

§ 556 Will the Leasing Officer or Responsible Official notify a lessee when a payment is due under a WSR lease?

The Leasing Officer or Responsible Official may issue invoices to a lessee in advance of the dates on which payments are due under a WSR lease. The lessee’s obligation to make these payments in a timely manner will not be excused if invoices are not delivered or received.

§ 557 Must a WSR lease provide for compensation reviews or adjustments?
(a) For a WSR lease of Apache Tribe Indian land, unless the lease provides otherwise, no periodic review of the adequacy of compensation or adjustment is required if the Business Committee states in a Resolution that it has determined that not having reviews and/or adjustments is in the best interest of the Apache Tribe.

(b) If the conditions in paragraph (a) of this section are not met, a review of the adequacy of compensation must occur at least every fifth year, in the manner specified in the lease. The lease must specify:
   
   1. When adjustments take effect;

   3. What the adjustments are based on; and

The lessee must pay these amounts to the appropriate office in charge of the irrigation project or drainage district. The Responsible Official will treat failure to make these payments as a violation of the lease.

(c) Where the property is subject to at least one other lease for another compatible use, such as grazing, the lessees may agree among themselves how to allocate payment of the operation and maintenance charges.

WSR Lease Bonding and Insurance

§ 559 Must a lessee provide a performance bond for a WSR lease?

The lessee must provide a performance bond or alternative form of security, except as provided in paragraph (f) of this section.

(d) The Responsible Official may require that the surety provide any supporting documents needed to show that the performance bond or alternative forms of security will be enforceable, and that the surety will be able to perform the guaranteed obligations.

(e) The performance bond or other security instrument must require the surety to provide notice to the Responsible Official at least sixty (60) days before canceling a performance bond or other security. This will allow the Responsible Official to notify the lessee of its obligation to provide a substitute performance bond or other security and require collection of the bond or security before the cancellation date. Failure to provide a substitute performance bond or security is a violation of the lease.

(f) The Responsible Official may waive the requirement for a performance bond or alternative forms of security if the Business Committee determines a waiver is in the Apache Tribe’s best interest. The Responsible Official will defer to the Business Committee’s determination that a waiver of the performance bond or alternative form of security is in the Apache Tribe’s best interest.

(b) Upon receiving the request under paragraph (a) of this section, the Responsible Official will:

§ 562 Must a lessee provide insurance for a WSR lease?

Except as provided in paragraph (c) of this section, a lessee must provide insurance when necessary to protect the interests of the Apache Tribe and in the amount sufficient to protect all insurable permanent improvements on the leased premises.

(a) The insurance may include property, liability, and casualty insurance, depending on the Apache Tribe’s interests to be protected.

(b) Both the Apache Tribe and the United States must be identified as additional insured parties.

The Business Committee may waive the requirement for insurance upon the request of the Leasing Officer or Responsible Official, if a waiver is determined to be in the best interest of the Apache Tribe by the Business Committee, including if the lease is for less than fair

(2) The Responsible Official will send a copy of the notice of violation to the Leasing Officer and the Business Committee.

(3) The notice of violation will require the lessee to provide adequate proof of payment.

(d) The lessee and its sureties will continue to be responsible for the obligations in the lease until the lease expires or is terminated or cancelled.

§ 592 What will the Responsible Official do if a lessee does not cure a violation of a WSR lease on time?

(a) If the lessee does not cure a violation of a WSR lease within the required time period, or provide adequate proof of payment as required in the notice of violation, the Responsible Official will consult with the Business Committee and the Leasing Officer, and determine whether:

(1) The Apache Tribe should cancel the lease;

(2) The Apache Tribe wishes to invoke any remedies available under the lease;

(3) The Apache Tribe should invoke other remedies available under the lease or applicable law, including collection on any available performance bond or, for failure to pay compensation, referral of the debt to BIA with a request for further referral the Department of the Treasury for collection; or

(c) If the Business Committee decides to cancel the lease, the Responsible Official will send the lessee and any surety and mortgagee a cancellation letter by certified mail, return receipt requested, within five (5) business days of the decision. The Responsible Official will send a copy of the cancellation letter to the Leasing Officer and the Business Committee. The cancellation letter will:

(1) Explain the grounds for cancellation;

(2) If applicable, notify the lessee of the amount of any unpaid compensation or late payment charges due under the lease;

(3) Notify the lessee of any right to appeal under Chapter H of this Act, if any, including the possibility that the Business Committee may require the lessee to post an appeal bond;

(5) Order the lessee to take any other action the Responsible Official deems necessary to protect the Apache Tribe.

(d) The Apache Tribe may invoke any other remedies available under the lease, including collecting on any available performance bond, and the Apache Tribe may pursue any available remedies under tribal law.

§ 593 Will late payment charges or special fees apply to delinquent payments due under a WSR lease?

(a) Late payment charges will apply as specified in the lease. The failure to pay these amounts will be treated as a lease violation.

(b) The Responsible Official may assess the following special fees to cover administrative costs incurred by the Apache Tribe or the United States in the collection of the debt, if compensation is not paid in the time and manner required, in addition to late payment charges that must be paid to the Apache Tribe under the lease:

§ 594 How will payment rights relating to WSR leases be allocated?

The WSR lease may allocate rights to payment for insurance proceeds, trespass damages, compensation awards, settlement funds, and other payments between the Apache Tribe and the lessee. If not specified in the lease, insurance policy, order, award, judgment, or other document, the Apache Tribe will be entitled to receive these payments.

§ 595 When will a cancellation of a WSR lease be effective?

A cancellation involving a WSR lease will not be effective until 31 days after the lessee receives a cancellation letter from the Responsible Official, or 41 days from the date the Responsible Official mailed the letter, whichever is earlier.
§ 596 What will the Apache Tribe do if a lessee remains in possession after a WSR lease expires or is terminated or cancelled?

If a lessee remains in possession after the expiration, termination, or cancellation of a WSR lease, the Apache Tribe may treat the unauthorized possession as a trespass under applicable law. Unless the Apache Tribe and the lessee are engaged in good faith negotiations with the holdover lessee to obtain a new lease, the Apache Tribe may take action to recover possession, and pursue any additional remedies available under applicable law, such as a forcible entry and detainer action.

§ 597 Will appeal bond regulations apply to cancellation decisions involving WSR leases?

(a) Except as provided in paragraph (b) of this section, such appeal bond requirements as may be established by Business Committee will apply to appeals from lease cancellation decisions; provided that the amount of any such bond shall reasonably estimate any damage to the Apache Tribe from deferring any action pending appeal.

(b) The lessee may not appeal the appeal bond decision. The lessee may, however, request that Business Committee reconsider the appeal bond decision, based on extraordinary circumstances. Any reconsideration decision by Business Committee is final.

§ 598 When will the Tribal Court issue a decision on an appeal from a WSR leasing decision?

§ 599 What happens if the lessee abandons the leased premises?

Chapter G-Environmental Review

§ 700 What is the purpose of this Chapter?

The purpose of this Chapter is to ensure that prior to approval of any lease pursuant to this Act, a process is followed that:

(a) Identifies and evaluates any significant effects of a proposed leasing transaction on the environment;

(b) Ensures that the public is informed of, and has a reasonable opportunity to comment on, any significant environmental impact of the proposed leasing transaction identified by the Apache Tribe; and

(c) The Apache Tribe provides responses to relevant and substantive public comments on any such impacts before the Apache Tribe approves the lease.

§ 705 [Reserved].

§ 710 What is the purpose of an environmental review statement and when must it be prepared?

The purpose of an environmental review statement is to allow the Responsible Official to identify and evaluate the significant effects of a proposed leasing transaction on the environment.

The Responsible Official must ensure that an environmental review statement is prepared for all proposed leasing transactions, except those:

(1) That will not result in any significant change in use of the leased Apache Tribe Indian lands; or

(2) That are covered by an earlier environmental review statement prepared not more than twenty-four months earlier for a substantially identical leasing transaction on the same parcel as determined and documented by the Responsible Official.

§ 715 What involvement does the public have in the environmental review process?

(a) The Responsible Official shall prepare an environmental review statement in which such Responsible Official:

(1) Identifies any significant effects of the proposed leasing transaction on the environment;

(2) Considers whether there are any commercially reasonable actions that may be taken to mitigate such significant effects on the environment as part of the proposed leasing transaction; and

(3) Determines whether any such actions should be required as a condition of approval of a lease.

(b) A notice of availability of the completed environmental review statement shall be:
Final Version as approved by the Apache Business Committee on September 13, 2017

(1) Published in a newspaper of general circulation in a community immediately adjacent to the Apache Tribe Indian land at issue; or

Disseminated in such other manner or by such other means as may reasonably be expected to inform the public of: (A) the fact that a lease is under consideration for approval pursuant to this Act; (B) a copy of the environmental review statement is available to any member of the public requesting it without charge; and (C) the public is being provided with a reasonable opportunity to comment on the significant effects a proposed leasing transaction may have on the environment prior to approval or disapproval of such lease under this Act. The notice shall invite comments on the environmental review statement during a period not more than thirty (30) days following such publication or dissemination. The Responsible Official shall consider all comments received, shall provide a response to all relevant and substantive public comments within thirty (30) days of closure of the comment period and prior to approving the lease, and may revise environmental review statement and/or impose restrictions or requirements on the proposed leasing transaction as a condition of approval based on comments received without need of initiating another comment period.

§ 720 What are the contents of an environmental review statement?

(a) In addition to the matters described in § 715(a), an environmental review statement shall include brief discussions of:

(1) The proposed leasing transaction; and

(2) The need for the proposed leasing transaction.

(b) The environmental review statement need only consider the substantive features of the proposed leasing transaction and does not need to consider alternative actions or leasing transactions, including a no action alternative, but shall consider the matters described in § 715(a).

(c) A proposed leasing transaction may include adaptive management strategies allowing for adjustment of the action during implementation. If the adjustments to an action are clearly articulated and pre-specified in the description of the leasing transaction and fully analyzed, then the action may be adjusted during implementation without the need for further analysis. Adaptive management includes a monitoring component, approved adaptive actions that may be taken, and environmental effects analysis for the adaptive actions approved.

(d) The level of detail and depth of impact analysis should normally be limited to the minimum needed to determine whether there would be significant effects on the environment and if there are commercially reasonable ways to mitigate them.

§ 725 How is an environmental review statement formulated?

(a) An environmental review statement may be prepared in any format useful to facilitate identification of significant effects on the environment, and appropriate public participation as described § 715 above.

(b) An environmental review statement may be accompanied by or incorporate any other planning or decision-making document.
§ 730 **May an environmental assessment prepared by another agency, entity, or person be adopted?**

The Responsible Official may adopt an environmental assessment prepared in accordance with NEPA by another agency, entity, or person, provided that the public comment and response requirements of §715 are substantially complied with. However, if the leasing transaction involves funding from a federal agency, the Apache Tribe, acting through the Responsible Official, shall have authority to rely on the environmental review process of the applicable federal agency rather than any tribal environmental review process under this Act.

§ 735 **How is the environmental review statement process concluded?**

Upon review of the environmental impacts by the Responsible Official, publication of the environmental review statement, acceptance of public comments and delivery of the Apache Tribe's response to such comments, the environmental review statement process concludes and the Responsible Official may submit the proposed lease package to Business Committee to approve or disapprove of the proposed lease, subject to appeal of the Responsible Official's determination under Chapter H below.

Any such Secretarial review shall be subject to all terms and conditions of 25 U.S.C. § 415(h)(8). The Apache Tribe will respond to and/or cure any Secretarial determination of non-compliance in accordance with the procedures provided by 25 U.S.C. § 415(h)(8)(C).
