I & II. (To be completed by the Department (OCIO)

III. Definitions of Terms and Acronyms Used in the Report

A. Bureau - specific acronyms or other terms included in each report.
   (To be completed by the bureau if appropriate)

B. Basic terms, expressed in common terminology.

1. FOIA/PA request – Freedom of Information Act/Privacy Act request. A FOIA request is generally a request for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. (All requests for access to records, regardless of which law is cited by the requester, are included in this report).

2. Initial Request – a request to a federal agency for access to records under the Freedom of Information Act.

3. Appeal – a request to a federal agency asking that it review at a higher administrative level a full denial or partial denial of access to records under the Freedom of Information Act, or any other FOIA determination such as a matter pertaining to fees.
4. Processed Request or Appeal – a request or appeal for which an agency has taken a final action on the request or the appeal in all respects.

5. Multi-track processing – a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests in each track are processed on a first-in/first-out basis. A requester who has an urgent need for records may request expedited processing (see below).

6. Expedited processing -- an agency will process a FOIA request on an expedited basis when a requester has shown an exceptional need or urgency for the records which warrants prioritization of his or her request over other requests that were made earlier.

7. Simple request -- a FOIA request that an agency using multi-track processing places in its fastest (nonexpedited) track based on the volume and/or simplicity of records requested.

8. Complex request -- a FOIA request that an agency using multi-track processing places in a slower track based on the volume and/or complexity of records requested.

9. Grant -- an agency decision to disclose all records in full in response to a FOIA request.

10. Partial grant -- an agency decision to disclose a record in part in response to a FOIA request, deleting information determined to be exempt under one or more of the FOIA’s exemptions; or a decision to disclose some records in their entirety, but to withhold others in whole or in part.

11. Denial -- an agency decision not to release any part of a record or records in response to a FOIA request because all the information in the requested records is determined by the agency to be exempt under one or more of the FOIA’s exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).

12. Time limits -- the time period in the Freedom of Information Act for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a “perfected” FOIA request).

13. “Perfected” request -- a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.
14. Exemption 3 statute -- a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).

15. Median number -- the middle, not average number. For example, 3, 7, and 14, the median number is 7.

16. Average number -- the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.

IV. Exemption 3 Statutes

1. List of Exemption 3 statutes relied on by bureau during current fiscal year and number of times invoked. (Provide the complete title and citation of the statute used by the bureau/office.)
   - Archaeological Resources Protection Act of 1979 (16 U.S.C. 470hh(a)): 2

2. Brief description of type(s) of information withheld under each statute. (Be specific with regard to the information withheld.)
   - Manzanita Band Fee-to-Trust application in Imperial County, California – all documents since the original date of the filing.
   - Records on the proposed Desert Rock Energy Project.

3. Statement of whether a court has upheld the use of each statute. If so, then cite example. (To be completed by SOL only.)

V. Initial FOIA/PA Access Requests

- This should include all access requests, whether first-party or third-party. Only “perfected” requests should be included. A “perfected request” is a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.

A. Numbers of initial requests.
   - Even though a requester may ask for several items, e.g., copies of four audit reports, this still only constitutes one request.
The total of the numbers in lines 1 and 2, minus the number in line 3, should equal the number in line 4.

1. Number of requests pending as of end of preceding fiscal year 816
2. Number of requests received during current fiscal year 1230
3. Number of requests processed during current fiscal year 1867
4. Number of requests pending as of end of current fiscal year 179
   (Enter this number also in line VII.B.1.)

B. Disposition of initial requests.

The total of the numbers in lines 1, 2, 3, and 4 should equal the number in line V.A.3 (number of requests processed).

Please note, each request should be counted just once under V.B. depending on how the majority of the documents were handled. For example, if a request is “partially granted” and a few documents are referred to another agency for response, the request should be counted just once as a “partially granted” request (this applies to the majority of the records).

1. Number of total grants 750
2. Number of partial grants 204
3. Number of denials 60
   Even though more than one exemption may be invoked for each denial, it still only constitutes one denial.
   A "no record" response does not constitute a denial which would be reported under 3--these should be included under 4a, “No records.”

VII. Compliance with Time Limits/Status of Pending Requests

- Bureaus should count days from the time at which a request is “perfected.”

- Bureaus should provide the median number of days under A and B. If the bureau believes that “average time” is a better measure of its performance, it may wish to include that as well.

- **Examples - calculating the median:**

  1) Given 7 requests completed during the fiscal year, aged 10, 25, 35, 65, 75, 80, and 400 days from date of perfection to date of completion, the total number of requests completed during the fiscal year would be 7 and the median age of the completed requests would be 65 days.

  2) If there were 6 pending cases aged 10, 20, 30, 50, 120, and 200 days from date of perfection to date of completion, the total number of requests completed would be 6 and the median age would be 40 days (the average of the 2 middle numbers).

A. Processing time for requests processed during the year.

- **The total of the numbers in lines 1a and 3a should equal the number reported under line V.A.3 (number of requests processed) if the bureau is not using multi-track processing. If your bureau is not using multi-track processing, only complete Sections 1 and 3.**

- **The total of the numbers in lines 1a, 2a(1), 2b(1), and 3a should equal the number reported under line V.A.3 (number of requests processed) if the bureau is using multi-track processing. If your bureau is using multi-track processing, complete Sections 1 through 3.**

D. Other narrative statements describing bureau efforts to improve timeliness of FOIA responses and making records available to the public (e.g., backlog-reduction efforts, training provided by bureau to its employees [do not list training sponsored by DOJ, ASAP, USDA], etc.):

- In September 2007, a mandatory FOIA training was provided to Regional FOIA Coordinators/Alternates in Albuquerque, New Mexico. Additional trainings are scheduled in FY08 for Field Agency FOIA Coordinators/Alternates. The majority of the Bureau’s backlog was due to Office of Justice Services law enforcement accident investigation and insurance issues; therefore, we have placed a top priority on FOIA processing training for Office of Justice Services law enforcement FOIA Coordinators.

- On September 10, 2007, the Bureau issued a guidance memorandum for processing Indian Affairs FOIA requests in light of the organizational shift of the Central Office FOIA operations function. The FOIA operation functions was moved from the Office of the Chief Information Officer, located in Herndon, VA (temporarily moved to Albuquerque, New Mexico), to the Office of the Deputy Assistant Secretary – Indian Affairs (Management) located in Washington, D.C. In an effort to streamline operations, improve efficiencies and monitor response times, we have centralized certain responsibilities to allow for an earnest attempt to comply with the Departmental implementation plan for processing, tracking and reporting FOIA activities that applies to all DOI bureaus and offices. The memorandum also provides reference to employees on their responsibilities under the FOIA and improving service to its customers by ensuring that employees reply appropriately to all FOIA requests within established deadlines.

- In compliance with the Departmental Improvement Plan, the Bureau reduced its FOIA backlog by more than 40% (milestone set for FY 2007).
