1.6 **Definitions.**

A. **Actual Subsistence Expense** is a form of reimbursement that reflects the true amount of the cost(s). The Administrator of the General Services Administration (GSA) has stated the reimbursement is not to exceed the 300 percent maximum per diem (lodging and meal) allowance. Approval of actual expenses is usually in advance of travel and at the discretion of the agency. An exception to this rule would be events that occur outside of the traveler's/agency's control (e.g. sporting events, World's Fair, natural or...
manmade disasters).

B. **Constructive Cost** is the comparison of all travel costs that determine which method of travel is advantageous to the government.

C. **E-Gov Travel Service (ETS)** is the Government-contracted, end-to-end travel management service that automates and consolidates the Federal travel process in a self-service web-centric environment, covering all aspects of official travel, including travel planning, authorization, reservations, ticketing, expense reimbursement, and travel management reporting.

D. **Extended TDY** is travel wherein the traveler is in TDY status for 30 consecutive calendar days or more at one location, and the TDY location is farther than 50 miles from the residence and official duty station. Also, the travel is not to be considered as a Temporary Change of Station (TCS) but is an extended TDY. Reimbursement for extended TDY will be limited to 55% of the locality rate for lodging and MI&E, unless actuals are authorized and approved by the appropriate management official.

When the Extended TDY is more than one year or is planned for more than a year, the Extended TDY reimbursement is to be considered as taxable income to the traveler. Please see Internal Revenue Service (IRS) Publication 463 and 41 C.F.R. § 301-11.601 for additional information.

E. **Invitational travel** is authorized travel of individuals either not employed or employed (under 5 U.S.C. 5703) intermittently in the Government service as consultants or experts and paid on a daily when-actually-employed basis and for individuals serving without pay or at $1 a year when they are acting in a capacity that is directly related to, or in connection with, official activities of the Government. Travel allowances authorized for such persons are the same as those normally authorized for employees in connection with TDY.

F. **Local Travel** is travel under 50 miles from the permanent duty station and traveler is in travel status for less than 12 hours. Local travel is not considered TDY travel, and is subject to DOI and IA travel policy. Per Diem cannot be paid in connection with local travel. Claims for local travel reimbursement must be submitted on SF1164.

G. **Long Term TDY** is also known as Extended TDY.

H. **Meals and Incidental Expenses (M&IE)** are the meals and incidental expenses portion of per diem. This does not include lodging.
I. **Per Diem** is a daily payment (also referred to as subsistence allowance) instead of reimbursement for actual expenses for lodging, meals, and related incidental expenses. The per diem allowance is separate from transportation expenses and other miscellaneous expenses. The per diem allowance covers all charges and services, including any service charges where applicable. Lodging taxes in the United States are excluded from the per diem allowance and are reimbursed as a miscellaneous expense. In foreign locations, lodging taxes are part of the per diem allowance and are not a miscellaneous expense.

J. **Privately Owned Vehicle (POV)** is any vehicle such as an automobile, motorcycle, aircraft, or boat operated by an individual that is not owned or leased by a Government agency, and is not commercially leased or rented by an employee under a Government rental agreement for use in connection with official Government business.

K. **Reclaim (amount)** is a voucher submission for an item previously denied as reimbursement, for which additional justification is now provided.

L. **Reduced per diem** can occur when your agency authorizes a reduced per diem rate when there are known reductions in lodging and meal costs, or when your subsistence costs can be determined in advance and are lower than the prescribed per diem rate.

M. **Reimbursement** is the receipt of funds from a Government office for travel expenses.

N. **Temporary Duty (TDY)** is a place, away from an employee’s official duty station, where the employee is authorized to travel.

O. **Travel authorization** is written permission to travel on official business.

P. **Travel Management Service (TMS)** is a service for booking common carrier (e.g., air, rail, and bus confirmations and seat assignments), lodging accommodations, and car rental services; fulfilling reservations (i.e. ticketing); providing basic management information on those activities; and meeting other requirements as specified in the FTR at 41 C.F.R. § 301-73.100. A TMS may include a travel management center (TMC), Commercial Ticket Office (CTO), an electronically available system, other commercial methods of arranging travel, or an in-house system.

Q. **Voucher** is a compilation of documents and receipts supporting the approved travel authorization. This is also referred to as a claim for reimbursement.
