### Purpose:
This form is for requesting an Incentive Agreement which if approved, allows the BIA to waive the annual operation and maintenance (O&M) assessment for 1 to 3 years. For your land to be granted an Incentive Agreement, a landowner or lessee agrees to improve idle lands and BIA determines that it is in the best interest of BIA’s irrigation facility (see 25 CFR §171.610 - 615). The Incentive Agreement concept was created to encourage landowners, lessees, and potential lessees to make improvements to idle lands within BIA irrigation projects, ultimately increasing the value of the land and economic benefit to the owner(s). These lands typically are not (or cannot be) irrigated, and are still Presently Assessable (PA) or in Temporarily Non-Assessable status (TNA).

### Instructions:
Return this completed form to your local Irrigation Office. Please attach additional relevant documentation (including photos). This waiver application must be received by BIA at least 90 days prior to the beginning of the irrigation season and must include a detailed plan to improve idle lands (25 CFR 171.610) for which you are requesting the Incentive Agreement. In order to be eligible for an Incentive Agreement, your Taxpayer Identification Number (SSN or EIN) must be on file.
