purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Comments

Approximately 100 copies of the Draft CCP/EA were made available for a 30-day public review and comment period via a Federal Register notice on October 14, 2011 (76 FR 63945). Fifty seven public comments and two agency comments were received.

Selected Alternative

After considering the comments we received and based on our professional judgment, we selected Alternative C for implementation. This alternative is judged to be the most effective management action for meeting the purposes of the refuge by optimizing habitat management and visitor services throughout the refuge. Over the life of the CCP, this management action will balance an enhanced wildlife management program with increased opportunities for public use on the refuge. This alternative will pursue the same five broad refuge goals as each of the other alternatives described in the Draft CCP/EA.

We selected Alternative C for implementation because it directs the development of programs to best achieve the refuge’s purpose and goals; emphasizes a landscape approach to land management; collects habitat and wildlife data; and ensures long-term achievement of refuge and Service objectives. At the same time, its management actions provide balanced levels of compatible public use opportunities consistent with existing laws, Service policies, and sound biological principles. It provides the best mix of program elements to achieve the desired long-term conditions within the anticipated funding and staffing levels, and positively addresses significant issues and concerns expressed by the public.

Authority

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Final Determination Against Acknowledgment of the Brothertown Indian Nation

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of final determination.

SUMMARY: The Department of the Interior (Department) gives notice that the Assistant Secretary—Indian Affairs (AS–IA) declines to acknowledge the petition as the Brothertown Indian Nation as an Indian tribe within the meaning of Federal law. This notice is based on a determination that the petitioner does not satisfy criterion 83.7(g) in the applicable regulations and, therefore, the Department lacks the authority to extend acknowledgment as an Indian tribe to the petitioner.

DATES: This determination is final and will become effective 90 days from publication of this notice in the Federal Register on December 11, 2012, unless the petitioner or an interested party files within 90 days a request for reconsideration before the Interior Board of Indian Appeals under 25 CFR 83.11.

ADDRESSES: Requests for a copy of the final determination that includes the summary evaluation under the criterion should be addressed to the Office of the Assistant Secretary—Indian Affairs, Attention: Office of Federal Acknowledgment, 1951 Constitution Avenue NW., MS: 34B–SIB, Washington, DC 20240. The complete final determination is also available at http://www.bia.gov/WhoWeAre/AS–IA/OFA/RecentCases/index.htm.

SUPPLEMENTARY INFORMATION: Pursuant to 25 CFR 83.10(l)(2), the Department publishes this notice that the Brothertown Indian Nation (BIN), Petitioner #67, is not an Indian tribe within the meaning of Federal law. The Department issued a proposed finding (PF) to decline to acknowledge the petitioner on August 17, 2009, and published notice of that preliminary determination in the Federal Register on August 24, 2009. This final determination (FD) affirms the PF that the Brothertown Indian Nation, does not satisfy criterion 83.7(g) in part 83 of title 25 of the Code of Federal Regulations (25 CFR part 83), and, therefore, the Department lacks the authority to extend acknowledgment as an Indian tribe to the petitioner.

The acknowledgment process is based on the regulations at 25 CFR Part 83. Under these regulations, the petitioner has the burden to present evidence that it meets the seven mandatory criteria in section 83.7. Failure to meet any one of the mandatory criteria results in a determination that the petitioning group is not an Indian tribe within the meaning of Federal law. This determination is issued under 25 CFR 83.10(m) and the Guidance and Direction notice (73 FR 30148) published by the AS–IA on May 23, 2008, which permits the Department to issue decisions against acknowledgment based on failure to meet fewer than seven criteria.

This FD on the petition of the Brothertown Indian Nation evaluates the evidence in the record, including evidence the petitioner and third parties submitted, documents located by the Office of Federal Acknowledgment (OFA), and the transcript of the on-the-record technical assistance meeting held on January 4, 2010. The petitioner submitted evidence for the PF and FD, and OFA staff conducted limited research to verify and evaluate the evidence, arguments, and interpretation that the petitioner and third parties submitted. The burden of providing sufficient evidence under the criteria in the regulations rests with the petitioner.

The BIN petitioner does not satisfy criterion 83.7(g). This criterion requires that the petitioner not be subject to "congressional legislation that has expressly terminated or forbidden the Federal relationship.” The comments on the PF do not present any new evidence or arguments that provide a basis for revising the conclusion of the PF.

In the Act of 1839, Congress provided that the Brothertown Indian tribe’s “rights as a tribe,” and specifically its power to act as a political and governmental entity, would “cease and determine.” By expressly terminating its relationship with the Brothertown of Wisconsin, Congress has limited the authority of the executive branch to acknowledge the Brothertown as an Indian tribe. Thus, because the Act of 1839, by its “cease and determine”
language, has both expressly ended and
forbidden the Federal relationship for
this petitioner, the BIN petition does not
meet the requirements of criterion
83.7(g).

Based on this determination and the
regulatory requirement in section
83.10(m), the Department issues the
final determination declining to
acknowledge the petitioner known as
the Brothertown Indian Tribe as an
Indian tribe within the meaning of
Federal law.

A copy of the FD that includes the
summary evaluation under criterion
83.7(g) and summarizes the evidence,
reasoning, and analyses that are the
basis for the FD will be provided to the
petitioner and interested parties, and is
available to other parties upon written
request. It will be posted on the Bureau
of Indian Affairs Web site http://
www.bia.gov/WhoWeAre/AS-LA/OFA/
RecentCases/index.htm. Requests for a
copy of the FD should be addressed to
the Federal Government as instructed in the
ADDRESSES section of this notice.

After the publication of notice of the
FD in the Federal Register, the
petitioner or any interested party may
file a request for reconsideration with
the Interior Board of Indian Appeals
(IBIA) under the procedures in section
83.11 of the regulations. The IBIA must
receive this request no later than 90
days after the publication of the FD in the
Federal Register. The FD will
become effective as provided in the
regulations, 90 days after the Federal
Register publication unless a request for
reconsideration is received within that
time.

Donald E. Laverdure,
Acting Assistant Secretary—Indian Affairs.

Minor Boundary Revision at Virgin Islands National Park

AGENCY: National Park Service, Interior.

ACTION: Notification of Boundary Revision.

SUMMARY: Notice is hereby given that,
pursuant to 16 U.S.C. 460l–9(c)(1)(ii),
the boundary of the Virgin Islands
National Park is modified to include an
addition of 3.57 acres of unimproved
land identified as Tract 03–157, which
will then be donated to the United
States. The land is located at Estate
Haulover on the east end of the Island
of St. John, immediately adjacent to the
current boundary of the Virgin Islands
National Park. The boundary revision
is depicted on Map No. 161/92,009A dated
March 2011. The map is available for
inspection at the following locations:
National Park Service, Southeast Region
Land Resources Program Center, 1924
Building, 100 Alabama Street SW.,
Atlanta, Georgia 30301, and National
Park Service, Department of the Interior,
Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT:
National Park Service, Chief, Southeast
Region Land Resources Program Center,
1924 Building, 100 Alabama Street SW.,
Atlanta, Georgia 30303, telephone (404)
507–5664.

DATES: The effective date of this
boundary revision is September 12,
2012.

SUPPLEMENTARY INFORMATION: 16 U.S.C.
460l–9(c)(1)(ii) provides that, after
notifying the House Committee on
Natural Resources and the Senate
Committee on Energy and Natural
Resources, the Secretary of the Interior
is authorized to make this boundary
revision upon publication of notice in the
Federal Register. The Committees
have been notified of this boundary
revision. This boundary revision will
make a significant contribution to the
purposes for which the national park
was established by enabling the Service
to efficiently manage and protect
significant resources similar to that
already protected within the present
park boundary. This property contains
significant natural and cultural
resources. Its two wetlands and expanse
of shoreline make this an important site
for resident and migratory birds, as well
as locally listed flora and fauna. The site
has a rich history as well, as Taino
Indian and colonial period pottery
shards have been found in this area.

David Vela,
Regional Director, Southeast Region.
