

THIRD AMENDMENT TO
TECHNICAL STANDARDS IN
TRIBAL-STATE COMPACT FOR CONTROL
OF CLASS III VIDEO GAMES OF CHANCE
ON THE SHAKOPEE MDEWAKANTON
SIOUX COMMUNITY RESERVATION IN MINNESOTA

Pursuant to Section 6.12 of the Tribal-State Compact for Control of Class III Video Games of Chance on the Shakopee Mdewakanton Sioux Community Reservation in Minnesota (the "Compact"), the State of Minnesota, by and through its Commissioner of Public Safety, and the Shakopee Mdewakanton Sioux Community (the "Community") agree to amend the Compact as follows, for the express and limited purpose of permitting the use of partitioned hard drives by the Community.

Section 6.14(5) is deleted in its entirety and replaced with the following:

"Logic Control Components" means all types of program storage media that store and/or contain files or software that are required for compliance of the gaming device. Such devices include, but are not limited to, hard disc drives, media partitions, PCMCIA cards, EPROMs, EEPROMs, CD-ROMs, flash drives, and similar storage media. Such storage media shall meet the following requirements:

- (1) For program storage media with device partitions that contain executable software responsible for the critical functions of the device, if the partition is not write protected, the control software must ensure that only verified authentic programs and data are able to be installed, stored, accessed, or executed from the storage media.
- (2) Logic control components and logic boards must be maintained in a locked area that is sealed with security tape.
- (3) Logic control components must be able to be inspected in the field. These devices must be able to be verified by using signatures, hash codes, or other secure algorithm. In addition, files and software must be able to be compared on a bit for bit basis.
- (4) The supplier of the gaming devices shall supply to both the Community and the State approved field test equipment for carrying out tests required in subpart (3), above. In addition, the supplier is required to provide verification training to all parties who request it.
