

**BIA Tribal Climate Resilience &
Bureau of Indian Education
Summer 2015 Photo Contest**

*1st, 2nd, 3rd Place
Winners*

California is becoming a tinderbox, due to global warming. Our climate is changing and the temperature is rising, effectively drying out our forests and national parks, providing the perfect fuel for huge wild fires.

First Place: Myranda L. Nolan, Grade 12. (School not known yet)

We need to think about the
consequences of climate change

Second place: Kino Baptisto, TOHS High School, Grade 9

Beauty and perfection will be lost

Third Place (Tie): Rodney Manuel, TOHS High School, Grade 9

Third Place (Tie):

Jennie Jose

TOHS HIGH SCHOOL

Grade 9

The decisions we make
on the environment will
affect our daily culture

BIA Tribal Climate Resilience &
