SUPPLEMENTARY INFORMATION:

I. Background

On July 9, 2012, President Obama signed FDASIA (Pub. L. 112-144) into law. Section 1112(a) of FDASIA provides that not later than 18 months after its enactment, the Secretary, after obtaining input from medical gas manufacturers and any other interested members of the public, shall determine whether any changes to the Federal drug regulations are necessary for medical gases and submit a report regarding any such changes to the Committee on Health, Education, Labor, and Pensions of the U.S. Senate and the Committee on Energy and Commerce of the U.S. House of Representatives. Section 1112(c)(1) defines "Federal drug regulations" to mean "regulations in title 21 of the Code of Federal Regulations pertaining to drugs." Section 1112(b) provides that if the Secretary determines that changes to the Federal drug regulations are necessary for medical gases, the Secretary shall issue final regulations revising the Federal drug regulations with respect to medical gases not later than 48 months after the enactment of FDASIA.

On March 22, 2013, FDA issued a **Federal Register** notice (78 FR 17611), which established a public docket (Docket No. FDA-2013-N-0260) to request comments from medical gas manufacturers and any other interested members of the public on whether any changes to Federal drug regulations are necessary for medical gases.

II. Purpose and Scope of the Meeting

We are holding this meeting to provide an additional opportunity for medical gas manufacturers and any other interested members of the public to provide input on whether any changes to Federal drug regulations are needed for medical gases.
