Purpose: This form is for requesting an Annual Assessment Waiver which if approved, allows the BIA to waive the annual operation and maintenance (O&M) assessment for 1 year. For your land to be granted an Annual Assessment Waiver, BIA must determine that our irrigation facilities are not capable of delivering adequate irrigation water to owned or leased land due to deficiencies in the irrigation infrastructure per 25 CFR §171.700. If approved, both parties agree that irrigation water will not be delivered in any quantity to the designated farm unit.

Instructions: Return this completed form to your local Irrigation Office. Please attach additional relevant documentation (including photos). This waiver application must be received by the Bureau of Indian Affairs prior to the bill due date for the year for which you are requesting the Annual Assessment Waiver. The Annual Assessment Waiver is only valid for the year in which it is granted. To obtain an Annual Assessment Waiver for a subsequent year, you must reapply. In order to be eligible for an Assessment Waiver, your Taxpayer Identification Number (SSN or EIN) must be on file.

Paperwork Reduction Act Notice of 1995 – This information is being collected as required under the Debt Collection Improvement Act of 1996 (DCIA) from individuals and organizations doing business with the government. Public reporting burden for this form is estimated to average 12 minutes per response. Direct comments regarding the burden estimate or any other aspect of this form to the Information Collection Clearance Officer, Bureau of Indian Affairs, 1849 C Street, NW, MS-4141, Washington, DC 20240. Note: Comments, names and addresses of commentators are available for public review during regular business hours. If you wish us to withhold this information you must state this prominently at the beginning of your comment. We will honor your request to the extent allowable by law. A federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The number and expiration date are displayed in the upper right corner of the form.

Privacy Act Statement – The authority for requesting this information is contained in 25 U.S.C. Chapter 11, Irrigation of Allotted Lands; 31 U.S.C. 3711, Collection and Compromise, and 25 CFR Part 171 Irrigation Operations and Maintenance. The principal purpose for collecting this and other information is for billing, including collections, proper payment application and debt management actions. The routine use of this information is to obtain minimum information for servicing the account if you own or lease land within an irrigation project where we assess fees and collect monies to administer, operate, maintain, and rehabilitate project facilities (25 CFR Section 171.700). Disclosure of information may be to: U.S. Department of Justice or in a proceeding before a court or adjudicative body; Federal, state, local, or foreign law enforcement agency; Members of Congress; Department of Treasury to effect payment; Federal agency for collecting a debt; and other Federal agencies to detect and eliminate fraud. The information may also be used for filing tax documents with the Internal Revenue Service (IRS) as required by law pursuant to the routine uses identified in the National Irrigation Information Management System (NIIMS), Interior, BIA-34. Providing the information is voluntary; however, not doing so will prevent you from participating in an Assessment Waiver, Incentive Agreement, and Land Classification/Designation.

BIA Signatures and Approvals

The BIA certifies that it is not capable of delivering adequate irrigation water to the farm unit identified above, due to deficiencies in BIA irrigation facilities. BIA also certifies that inadequate water supply due to natural conditions or climate is not justification for granting this Annual Assessment Waiver. (25 CFR 171§§ 700-720)
