BUREAU OF INDIAN AFFAIRS

IN REPLY REFER TO:

Office of Trust Services

Memorandum

To: All Regional Directors
From: Director, Bureau of Indian Affairs
Through: Deputy Bureau Director, Field Operations
Subject: Fee-To-Trust Handbook; Version II

This memorandum transmits Version II of the Bureau of Indian Affairs Fee-To-Trust Handbook that is effectively immediately.

This handbook replaces the original version of the handbook titled "Acquisition of Title to Land Held in Fee or Restricted Fee Status" issued by the Director, Bureau of Indian Affairs memorandum dated October 8, 2008. All future acquisitions of lands into trust shall be processed in accordance with the guidance outlined in this handbook. All training efforts related to the acquisition of lands in trust shall incorporate the elements of this handbook.

This handbook incorporates not only direction on processing on and off-reservation, and mandatory acquisitions, but also the draft Handbook for Gaming Acquisitions at Exhibit 5.6. We anticipate the formalization and finalization of the Handbook for Gaming Acquisitions in the near future. The Office of Indian Gaming has advised us that there may be minor changes to their handbook prior to finalization, however they encourage that we use the draft version of the Gaming Handbook as guidance along with the regulations at 25 CFR § 292 to process gaming acquisitions immediately and we concur with their recommendation. A substantial change in our approach to processing gaming applications is that there are no longer any "gaming related" acquisitions. If the lands included in applications you are processing are not the physical location of the actual gaming facility they are not "gaming" or "gaming related" acquisitions; they are to be processed according to the applicable section of the Fee-to-Trust Handbook and limited to the Regulations at 25 CFR § 151.

Exhibit 5.5 references a checklist for documents that must be included in the package that we transmit to the Solicitor's Office when we request preliminary title opinions in support of fee-to-trust applications. We presently do not have the checklist however we are anticipating we will have one in the near future and upon receipt, it will be provided to you as an update to the handbook.

If you have any questions regarding this memorandum, contact the Office of Trust Services at (202) 208-5831.

1.0 INTRODUCTION

The Indian Reorganization Act (IRA) [48 Stat. 984, 25 U.S.C. § 461 et seq. (June 18, 1934)] provides the Secretary with the discretion to acquire trust title to land or interests in land. Congress or the federal courts may also authorize the Secretary to acquire title to particular land and interests in land into trust under statutes other than the IRA.

The Secretary bases the decision to make a trust acquisition on the evaluation of the criteria set forth in Title 25 Code of Federal Regulations (CFR) Part 151 and any applicable policy. With the exception of certain mandatory acquisitions, prior to title to land being acquired in trust by the United States the acquisition requires Secretarial approval.

This handbook describes Bureau of Indian Affairs (BIA) standard procedures for the transfer of land in fee to land in trust or restricted status. These procedures include: (1) eligibility for an individual or tribe to request the Secretary to take title in trust; (2) application requirements; (3) processing of an application for a trust acquisition, and (4) criteria used by BIA to evaluate trust acquisition requests.

The BIA will review the content of this handbook periodically to determine the need for revisions. This review may include input from tribes, tribal organizations and DOI; all of whom rely on the procedures described in this handbook.

2.0 DEFINITION OF TERMS AND LISTING OF ACRONYMS

Definition of Terms: Terms used in this handbook have specific definitions. For the definition of terms used in this handbook, refer to the definitions in 25 CFR Part 151 and those provided in this section.

Contiguous parcels: Two parcels of land having a common boundary notwithstanding the existence of non-navigable waters or a public road or right-of-way, including parcels that touch at a point. Also referred to as “adjacent parcels”.

Discretionary Trust Acquisition: A trust acquisition authorized by Congress that does not require the Secretary to acquire title to any interest in land to be held in trust by the United States on behalf of an individual Indian or a tribe. The Secretary has discretion to accept or deny the request for any such acquisition.

Encumbrance: A limitation on the title of property, such as a claim, lien, easement, charge, or restriction of any kind.

Fee: A form of ownership status where the person may freely alienate and encumber title without federal approval. Land in trust status or restricted status is not held in fee.

Gaming Acquisition: The lands where the actual gaming operations will occur. This does not include lands that are acquired to supplement the actual lands that the gaming establishment will

or does reside upon. This does not include parcels acquired for parking lots, hotels, golf courses, gift shops etc.

*The term "Gaming Related" is no longer utilized by the Department of Interior and any acquisitions that are not specifically for gaming will be processed pursuant to the regulations at 25 CFR § 151 and the applicable section of this Handbook. This includes parking lots, hotels, golf courses and any lands other than those where a gaming facility is located.

Mandatory Trust Acquisition: A trust acquisition authorized by Congress or a judicial order that requires the Secretary to accept title to land into trust, or hold title to certain lands in trust by the United States, for an individual Indian or tribe. The Secretary does not have the discretion to accept or deny the request to accept title of land into trust.

Trust Acquisition: The act or process by which the Secretary acquires title to any interest in land to be held in trust by the United States on behalf of an individual Indian or a tribe.

Undivided Fractional Interest: An ownership interest in property that is held in common with other owners as co-tenants in a parcel of land.

3.0 PROCESS AND PROCEDURE

3.1 Standard Operating Procedures

Fee-to-trust applications involve the acquisition of whole or undivided interest in land held in fee. There are four operating procedures and each section is titled as follows:

- 3.1.1 On-reservation Discretionary Trust Acquisitions (25 CFR § 151.10)
- 3.1.2 Off-reservation Discretionary Trust Acquisitions (25 CFR § 151.11)
- 3.1.3 Mandatory Trust Acquisitions (Applicable policy)
- 3.1.4 Reinvestment of Money in Other Lands Discretionary Trust Acquisitions (25 U.S.C. § 409a)

3.2 Selecting the Correct Standard Operating Procedure

To identify which operating procedure applies, you must review the submitted documentation and determine the following:

- Is the applicant a tribe or eligible individual Indian as defined in 25 CFR § 151.2?
- Is there legal authority for the requested acquisition?
- Is this a mandatory or discretionary trust acquisition?
Is the requested parcel on-reservation or off-reservation? If there is a question whether the property is contiguous, consult the Office of the Solicitor (SOL) to review and concur. If the property is clearly contiguous to the exterior boundaries, no SOL analysis is needed.

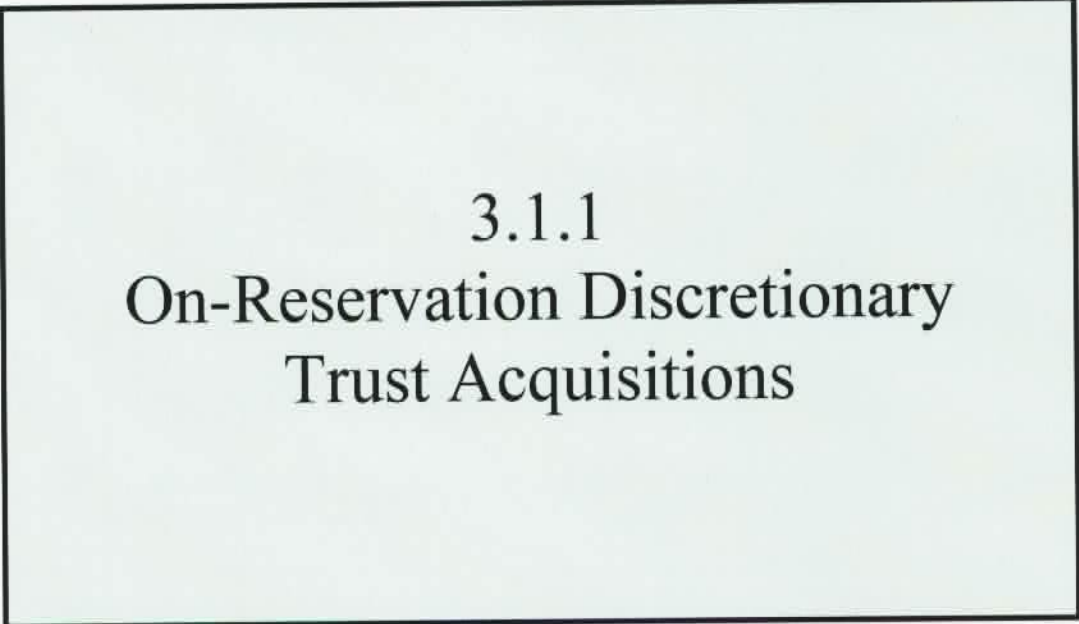

If the stated purpose of the proposed acquisition is for gaming, utilizing the factors in the Office of Indian Gaming (OIG) Handbook for Gaming Acquisitions (Exhibit 5.2.12) (Gaming Handbook), the processing office in the field will notify OIG and provide that office the required documents and information. The processing office will continue to process the fee-to-trust application pursuant to the regulations at 25 CFR § 151 and the applicable section of the Fee-to-Trust Handbook concurrently with any gaming determinations being processed by OIG.

*The term “Gaming Related” is no longer utilized by the Department of Interior and any acquisitions that are not specifically for gaming will be processed pursuant to the regulations at

25 CFR § 151 and the applicable section of this Handbook. This includes parking lots, hotels, golf courses and any lands other than those where a gaming facility is located.

3.3 Step Sequence:

While steps within each of the standard operating procedures are numbered sequentially, you may proceed concurrently on other steps, when appropriate, or may repeat certain steps until the operating procedure is completed. *[See Exhibit 5.2: Fee-to-Trust Quick Reference Guide]*

3.1.1 On-Reservation Discretionary Trust Acquisitions

ON-RESERVATION DISCRETIONARY TRUST ACQUISITIONS

Scope

This section of the handbook contains procedures for discretionary trust acquisitions on-reservation and/or contiguous to a reservation for individual Indians and tribes. This section applies to undivided fractional and full interests owned in fee by an eligible Tribe or individual.

Procedure

To assist the applicant in preparing a request, the applicant should be provided a copy of “Required Elements: Application for Fee-to-trust” [See *Exhibit: 5.3*], the brochure- “Understanding the Fee-to-Trust Process for Discretionary Acquisitions”, and any other relevant information.

Step 1: Review of Written Request to Initiate Application Process

All fee-to-trust applications must contain the following (the complete package may require additional information):

1. Written request.
A written request need not be in any special form but must contain each of the following items.

 - b. Identification of applicant(s).
 - c. Legal Land Description.
 - 1) A description of real property in legally acceptable terms that is definite, legally defensible and susceptible to only one interpretation. Perform a preliminary informal review of the legal description to assure the obvious elements identified below are present. A formal Legal Description Review (LDR) is required later in the process.
 - 2) Lands can be legally described a number of ways, most commonly by referencing the Public Land Survey System (PLSS), however, lands in the 13 original states and Texas are subject to other survey systems.
 - a) All land descriptions utilizing PLSS or any other survey system shall contain the following elements:
 - State
 - County
 - Approximate Acreage

- b) If the lands contained in the application are described using the PLSS, the description will contain the following elements that must be included to be a legitimate legal description.
 - Township
 - Range
 - Principal Meridian
 - Section(s)
 - Government Lots or Aliquot Parts

- c) All land descriptions described by metes and bounds within the PLSS, in addition to the elements contained in b) shall include:
 - Commencement tie from a Government corner of PLSS to point of beginning of metes and bounds parcel.
 - A metes and bound description which closes mathematically on itself.

- d) All land descriptions described by metes and bounds not within the PLSS shall contain the following applicable information:

- d. Need for acquisition of the property
 - 1) Economic Development
 - 2) Tribal Self-Determination
 - 3) Indian housing (non-commercial)

- e. Purpose for which the property is to be used. (If the purpose of the acquisition is identified by the Tribal applicant as “gaming” processors shall follow the procedures outlined in the Gaming Handbook and continue to process the application pursuant to the regulations at 25 CFR § 151 and this section of the Fee-to-Trust Handbook. “Gaming Related” is no longer a term utilized by the Department of Interior.)

- f. A legal instrument (such as a deed), to verify applicant ownership.

- g. Written Tribal consent for nonmember application, or Tribal acquisitions in land under jurisdiction of another Tribe.

 - b. Statutory Authority.

- c. If the property subject to the application is located off-reservation the applicant will also include the following:
 - 1) A business plan, if the application is for business purposes [*See: 151.11 (c)*].

4. The application will eventually require the following:
 - a. Map depicting boundary and location of subject property if necessary.
 - b. A commitment or a binder of title evidence with a commitment to issue a final title insurance on the ALTA U.S. Policy Form 9/28/91 [*See: Department of Justice (DOJ) Title Standards*]. Documents in support of all exceptions to coverage of title as set forth in Schedule B of the title evidence, including liens encumbrances and infirmities and documents referred to in the legal description. A Restrictive Covenant Acknowledgement form may also be required [*See Exhibit 5.4.7: Restrictive Covenants Acknowledgement*].
 - c. Obtain a Legal Description Review (LDR) from a qualified individual that concurs with the validity of the legal description including acreage. The concurrence is intended to verify that the description accurately describes the subject property, and that it is consistent throughout the acquisition documents, such as tribal resolutions, commitments for title insurance, [survey] maps, deeds, etc.
 - d. Warranty Deed with designation of BIA approval and delegation of authority or Warranty Deed with acceptance of conveyance. The deed must conform to local statutory recording requirements.

5. 7. If the applicant has requested the transfer of an undivided fractional interest, confirm that parcel contains existing trust or restricted undivided fractional interests by obtaining a title status report from the BIA’s official system of land records.

Step 2: Encode Fee-to-Trust System of Record

1. Encode information into the Fee-to-trust system of record within three (3) business days of receipt of written request that meets the requirements set out in Step 1, “Review of Written Request to initiate application process”, numbers 1-3. If the application does not meet the minimum requirements outlined in Step 1, do not enter into system until those requirements are met.
2. The system of record must be updated within three (3) business days upon receipt of any additional information.

Advise applicant that unless the inconsistencies are addressed, applicant may be prohibited from taking land into trust. See Step 3 "Responding to an Incomplete Case" to issue the notice. [*See Policy and Directives 4.2:*

52 IAM Chapter 12, 1.3 Policy B. "Gathering information for Incomplete Fee-to-Trust Applications" which is a requirement.]

3. If there are any inconsistencies between the initial and final CIP in relation to possessory rights or interests, provide written notice to the applicant requiring response within 30 days of receipt of notice identifying a plan for curative action and/or request for extension of time.
4. If the applicant does not respond or follow through with curative action within the 30-day period or any granted extension(s), evaluate the effects of this failure and if those effects will impact the decision issued under Step 10.
5. CIP's prepared more than 180 days prior to closing are not acceptable.

Step 13: Acceptance of Conveyance

1. All gaming acquisition acceptance of conveyances are approved by the Assistant Secretary, Indian Affairs through OIG pursuant to the Gaming Handbook and are completed by the applicable field office.

Purpose

A mandatory trust acquisition is one authorized by Congress or a judicial determination that requires the Secretary to accept title to land into trust, or hold title to certain lands in trust by the United States, for an individual Indian or tribe. The Secretary does not have discretion to deny the request to accept title of land into trust.

In the absence of statutory or judicial language requiring the Secretary to proceed with the mandatory acquisition without notice or application, the individual Indian or Tribe must submit a written request to commence the acquisition process.

Step 1: Initiate the Mandatory Acquisition

1. Determine whether or not the acquisition is mandatory. To make this determination, refer to applicable policy and guidance. The statute or judicial order may contain all information necessary for the Secretary to proceed with the mandatory acquisition. If the statute or judicial order does not contain all information necessary for the Secretary to proceed, a written request from the Individual Indian or Tribe is needed and shall contain the following:
 - a. Identification of Individual Indian or Tribe
 - b. Legal Land Description
Refer to Step 1 at 3.1.1, On-reservation Discretionary Trust Acquisitions of this handbook.
 - c. A legal instrument, such as a deed, to verify Individual Indian or Tribal ownership

Subject: Processing of Mandatory Lands Into Trust Applications

This memorandum addresses how BIA realty staff should process mandatory land into trust applications. A determination that a statute is mandatory is made on a case by case basis. No clear definition of a mandatory statute currently exists. However, in order for a statute to be considered mandatory, the statutory language must include some restrictions on the Secretary's discretion in addition to the word "shall." The Regional/Field Solicitor's Office should issue a written determination that a statute is mandatory before the Bureau processes the application as a mandatory acquisition.

Once a determination is made that a statute is mandatory, certain provisions of the Part 151 regulations do not apply to the processing of the application. Most notably, the notice and comment provision of 25 CFR 151.10, where the agency notifies the local governments of the Tribe's application is not applicable and compliance with the National Environmental Policy Act (NEPA) 42 U.S.C. § 4321 *et. seq.*, is not required.

In processing a mandatory trust acquisition, you must still comply with the remaining relevant portions of the Part 151 regulations. The first requirement is that the Tribe submit a request in writing that the land be placed in trust. The Tribe's resolution requesting that the land be taken into trust should cite the specific statutory authority mandating the acquisition. Even though NEPA compliance is not required, the BIA must conduct a contaminant survey on the lands to be acquired to ensure that no hazardous materials exist. 602 DM 2. The Bureau must also examine the title insurance to ensure compliance with the Department of Justice's Title Standards. 25 CFR 151.13. Even though an acquisition is mandated, the Department of Justice requires that lands to be acquired by the United States be free from liens and encumbrances.

After the contaminant survey and title review are completed, the Regional Director or delegated official should notify the Tribe of the approval of its request ~~and that notice must contain the appeal~~

provisions of Part 2 of the regulations. After the Part 2 appeal period has run (30 days) and if no appeal is filed, the Regional Director or delegated official must publish notice in the local newspaper of the decision to take the land into trust, pursuant to 151.12(b). That notice must state that a final agency determination has been made to take the land into trust and that the Secretary shall acquire title to the land no sooner than 30 days after the notice is published. 25 CFR 151.12(b). (Note: If the Assistant Secretary - Indian Affairs issues the decision to take land into trust, that decision is final for the Department (unless provided for otherwise in the decision), and no Part 2 appeal process is provided. After the AS-IA's decision is issued, the notice of final agency action is published in the FEDERAL REGISTER pursuant to 25 CFR 151.12(b)).

Any questions concerning the processing of mandatory applications should be directed to the Office of Trust Responsibilities, Central Office, (202) 208-5831.

- 1.1 Purpose.** This chapter establishes Indian Affairs (IA) policy and procedures to acknowledge receipt of applications for fee-to-trust land acquisitions; define timeframes with regard to gathering of information to complete fee-to-trust applications on a timely basis; define timeframes associated with administrative and legal challenges to decisions to accept land into trust; implement reporting requirements for pending fee-to-trust cases; and to identify how IA employees will record time spent working any and all aspects of fee-to-trust. All references to "days" within this policy are **calendar days**, not business days. All references to "written correspondence to applicants" within this policy are to be made via **certified-return receipt mail**.
- 1.2 Scope.** This policy applies to all Bureau of Indian Affairs (BIA) employees and to all discretionary fee-to-trust applications currently in the possession of the Department of the Interior (DOI) and to all future applications to convert fee land into trust land received by DOI.
- 1.3 Policy.**

A. Acknowledging Receipt of Applications for Fee-to-Trust Acquisitions.

After receipt of an application to acquire land into trust, as identified in 25 CFR §151.9, the authorized official (Superintendent, Regional Director, or Central Office) receiving the application will formally acknowledge receipt of the application **in writing**, to the applicant within 10 calendar days. This formal acknowledgement by the authorized official **must include** a copy of the brochure titled "Understanding the Fee-to-Trust Process for Discretionary Acquisitions."

B. Gathering information for Incomplete Fee-to-Trust Applications.

The "Acquisition of Title to Land held in Fee or Restricted Fee Status Handbook" (hereafter Fee-to-Trust Handbook) addresses incomplete applications at "Step 3: Responding to an Incomplete Written Request or Application." Pursuant to this policy, BIA staff is required to review all pending fee-to-trust applications currently in their possession and take one or more of the following actions, as appropriate, for each pending application:

1) Applications that are pending as of the date of this policy:

If there are expired or missing documents in pending applications that are required from the applicant, BIA staff will contact the applicant **in writing**, according to the steps identified in the Handbook under "Step 3: Responding to an Incomplete Written Request or Application." This written correspondence is the "original notice," and will advise the applicant that the requested, responsive information must be received from the applicant within 30 days, or the application will be considered inactive.

If the requested information is not received within 30 calendar days after the original notice, BIA staff will send the applicant a "final notice" that BIA did not receive the requested information and the application will be returned to them. The application must

INDIAN AFFAIRS MANUAL

be returned after 60 days of the date of the original notice and removed from the active caseload unless the responsive information is received by BIA. The authorized official (Superintendent, Regional Director, or Central Office) is responsible for ensuring return of the application to the applicant and updating the system of record, (presently the Fee to Trust Tracking System (FTTS)) to reflect that the application has been returned within five days of that action.

2) Applications received after the date of this policy:

If there are expired or missing documents in applications received after the date of this policy that are required from the applicant, BIA staff will contact the applicant **in writing** according to the steps in the Handbook under "Step 3: Responding to an Incomplete Written Request or Application." This written correspondence is the "original notice," and will also advise the applicant that if the requested, responsive information is not received within **30 days**, the application will be considered inactive.

If the requested information is not received within 30 calendar days after the original notice, BIA staff will send the applicant a "final notice" that their application will be returned to them after 45 days of the date of the original notice and removed from the active caseload unless the responsive information is received from them. The authorized official (Superintendent, Regional Director, or Central Office) is responsible for returning the application to the applicant and for updating the system of record to reflect that the application has been returned within five days of that action.

C. Administrative and Legal Timeframes

1) If there are expired or missing documents that are required from DOI staff, BIA will contact the responsible office **in writing** within seven calendar days to request that the responsive information be provided within 21 days.

The BIA staff will also assure that all pending (incomplete) cases are in the system of record and that the data is current and accurate so reports can be generated to produce work lists for the responsible agencies and provide a quarterly status report to the respective Tribe having jurisdiction over the lands subject to the application(s). The work lists will be reviewed and the responsible agencies contacted on a regular basis to assure that the cases keep moving forward.

2) If the application is complete and there are no expired or missing documents, BIA staff will take the necessary actions to assure that a Notice of Decision is issued as soon as possible, but **no later than 15 days** from the date of receipt of final document(s) required to issue the Notice of Decision.

3) If the decision to take land into trust is appealed to a Regional Director, the official whose decision is being appealed will provide the complete administrative record to the respective regional office **within 10 days** of notice of the appeal. The administrative

INDIAN AFFAIRS MANUAL

record will be compiled as required in the Fee to Trust Handbook. The Regional Director has 60 days to issue a decision.

4) If a case is appealed to the Interior Board of Indian Appeals (IBIA), the Regional Director will immediately put the Director, BIA on notice. Applications under administrative appeal or judicial review will be encoded in system of record within five days to reflect the appropriate status.

D. Quarterly Reports to Tribe(s) for Pending Applications. Each location authorized to accept land into trust (Agency Office, Regional Office, or Central Office) is responsible for providing the Tribe(s) who have jurisdiction over the lands in pending fee-to-trust applications, with quarterly reports of all pending applications (including individual Indian applications) within each Tribe's respective jurisdiction. Quarterly reports will be sent to the Tribe(s) the first week in the months of October, January, April and July.

E. Fee to Trust Activity Codes for Employee Time Accounting. All time spent and actions performed by BIA employees to process, manage, report, provide training and receive training regarding fee-to-trust will be coded in the Quick Time System (or its successor) as follows:

- To process fee-to-trust applications: WCV2
- To manage the process or report on the progress: WCVC

Subject: (Name of Applicant), Fee-to-Trust Application for 54 acres

We have reviewed the subject undertaking for compliance with the National Environmental Policy Act of 1969 (NEPA), which included appropriate consultation under applicable laws. Compliance with Department Manual Section 602 DM-2 has been completed, documenting that the Department would incur no environmental liability from accepting this parcel into trust.

National Environmental Policy Act (NEPA) No further compliance is required for NEPA. The Regional Director signed a Finding of No Significant Impact and a 30-day Notice of Availability on September 5th, 2004. The NOA was published in a local newspaper and in tribal administrative offices. No comments were received during that 30 comment period.

602 DM 2 Using ASTM E 1527 Standard Practice The attached Phase I Environmental Site Assessment dated February 14, 2005 found no Recognized Environmental Conditions. With the Regional Directors signature of the ESA no further compliance with 602 DM 2 is required.

1. INTRODUCTION

In order for a Federally recognized tribe to game on land taken into trust after October 17, 1988, the Tribe must comply with the requirements of the Indian Gaming Regulatory Act (IGRA), 25 U.S.C. §§2701-2721, the Indian Reorganization Act (IRA), [IRA Stat. 984, 25 U.S.C. § 461 et seq. (June 18, 1934)], the directive issued by Secretary Salazar on June 18, 2010, and the guidance memorandum issued by Assistant Secretary-Indian Affairs Echo Hawk dated June 13, 2011. See Exhibit I.

The Secretary bases the decision to accept a parcel in trust and a determination that the land is eligible for gaming on the evaluation of the criteria set forth in Title 25 Code of Federal Regulations (CFR) Part 151, Part 292 and any applicable policy. All gaming acquisitions require Secretarial approval prior to title to land being acquired.

This Handbook is in conjunction with the Bureau of Indian Affairs (BIA) Acquisition of Title to Land Held in Fee or Restricted Fee Status (Fee-to-Trust Handbook) for land that is being acquired for gaming purposes. These procedures include: (1) eligibility for a tribe to game on land that the tribe has requested the Secretary take in trust; (2) application requirements; (3) processing of a gaming application; (4) criteria used by the BIA and the Office of Indian Gaming (OIG) to develop and evaluate applications for gaming on after acquired land, and (5) identifies the final approval steps taken by the Secretary to take land in trust and/or allow a Tribe to game on after acquired land.

1.1 Purpose

The purpose of this Handbook is to assist Regional Directors in making recommendations, compiling the administrative record, and conducting an analysis for discretionary gaming land acquisitions under the IGRA, the IRA, and Secretary Salazar's policy directive.

The Regional Director's must ensure that the record of a tribe's acquisition application contains all the appropriate information, analysis, and recommendations to assist the OIG in making recommendations to the Assistant Secretary – Indian Affairs ("ASIA") for a final determination to acquire land in trust for gaming purposes.

The Regional Director's analysis and recommendation must address whether the record complies with the IRA and IGRA, and their implementing regulations set forth at 25 C.F.R. Part 151 and 25 C.F.R Part 292, respectively. Compliance with the IRA regulations includes ensuring compliance with the National Environmental Policy Act ("NEPA").

The Regional Director's Recommendation should include Findings of Facts and conclusions that are based upon an analysis of all the documents in the record.

1.2 Authority

The Secretary of Interior has the authority to acquire land in trust for gaming purposes in accordance with the Indian Reorganization Act of 1934 and Indian Gaming Regulatory Act of 1988. The Secretary has delegated the authority to the ASIA to approve or disapprove acquisitions of land for gaming purposes. See 209 Departmental Manual 8.1.

2. DEFINITIONS

Contiguous means two parcels of land having a common boundary, notwithstanding the existence of non-navigable waters or a public road or right-of-way including parcels that touch at a point, also referred to as "adjacent parcels."

Former reservation means lands in Oklahoma that are within the exterior boundaries of the last reservation established by treaty, Executive Order, or Secretarial Order for an Oklahoma tribe.

Land Claim means any claim by a tribe concerning the impairment of title or other real property interest or loss of possession that:

- a. Arises under the United States Constitution, Federal common law, Federal statute or treaty;
- b. Is in conflict with the right, or title or other real property interest claimed by an individual or entity (private, public, or governmental); and
- c. Either accrued on or before October 17, 1988, or involves lands held in trust, or restricted fee for the tribe, prior to October 17, 1988.

Legislative termination means Federal legislation that specifically terminates or prohibits the government-to-government relationship with an Indian tribe or that otherwise specifically denies the tribe, or its members, access to or eligibility for government services.

Nearby Indian tribe means an Indian tribe with tribal Indian lands located within a 25 mile radius of the location of the proposed gaming establishment, or, if the tribe has no trust lands, within a 25-mile radius of its government headquarters.

Newly acquired lands means land that has been taken, or will be taken, in trust for the benefit of an Indian tribe by the United States after October 17, 1988.

NIGC means the National Indian Gaming Commission

Reservation means:

- a. Land set aside by the United States by final ratified treaty, agreement, Executive Order, Proclamation, Secretarial Order of Federal statute for the tribe, notwithstanding the issuance of any patent;
- b. Land of Indian colonies and Rancherias (including restored by judicial action) set aside by the United States for the permanent settlement of the Indians as its homeland;
- c. Land acquired by the United States to reorganize adult Indians pursuant to statute; or
- d. Land acquired by a tribe through a grant from a sovereign, including Pueblo lands, which is subject to a Federal restriction against alienation.

Secretarial Determination means a two-part determination that a gaming establishment on newly acquired lands:

- a. Would be in the best interest of the Indian tribe and its members; and
- b. Would not be detrimental to the surrounding community.

Significant historical connection means the land is located within the boundaries of the tribe's last reservation under a ratified or unratified treaty, and the Tribe can demonstrate by historical documentation the existence of the tribe's villages, burial grounds, occupancy or subsistence use of the land.

Surrounding community means local governments and nearby Indian tribes located within a 25-mile radius of the site of the proposed gaming establishment. A local government or nearby Indian tribe located beyond the 25-mile radius may petition for consultation if it can establish that its governmental functions, infrastructure or services will be directly, immediately and significantly impacted to an extent greater than business competition by the proposed gaming establishment.

3.0 PROCEDURE AND PROCESSES

3.1 Standard Operating Procedures

Gaming Fee-to-Trust Acquisitions involve the acquisition of land acquired after the date of enactment of IGRA, October 17, 1988, and the eligibility of those lands for gaming. See Exhibit II. Flowchart for Gaming Acquisitions. There are two operating procedures and each section is titled as follows:

- Subpart B-Exceptions to prohibition on Gaming on land Newly Acquired
- Subpart C-Secretarial Determination and Governor's Concurrence

3.2 Selecting the Exception for the Correct Standard Operating Procedure

The Regional Office will continue to process the fee-to-trust application pursuant to the regulations at 25 CFR § 151 and the applicable section of the Fee-to-Trust Handbook concurrently with any gaming determinations being developed by the Regional Office and reviewed by OIG. Indian Lands Determinations will be made by the OIG.

*The term "Gaming Related" is no longer used by the Department of Interior and any acquisitions that are not specifically for gaming will be processed pursuant to the regulations at 25 CFR § 151 and the applicable Fee-to-Trust Handbook. These include parking lots, hotels, golf courses, etc.

To identify the applicable operating procedure review the submitted documentation and determine the following:

- Is the land already in trust?
- What is the authority presented for the requested acquisition?
- Which exception to prohibition on gaming on Newly acquired land is applicable?

3.3 Standard Operating Process

All Gaming Fee-to-Trust Acquisitions are submitted to the Regional Director for processing in accordance with applicable laws, regulations and policies. The Regional Office will continue to process the fee-to-trust application pursuant to the regulations at 25 CFR § 151 and the applicable section of the Fee-to-Trust Handbook concurrently with any gaming determinations being developed by the Regional Office. After the Region has completed its review and

formulated a recommendation, the recommendation along with the administrative record is submitted to the OIG. OIG will review, evaluate and formulate a recommendation to the Assistant Secretary – Indian Affairs. Along with the operating procedures there are two operating processes that are needed to conclude the process. The information collected during the NEPA process will be used during the 25 CFR Part 151 and 292 processes and should be started early.

- OIG's Evaluation Process
- NEPA Process

3.4 Step Sequence

While steps within each of the standard operating procedures are numbered sequentially, you may proceed concurrently on other steps or may repeat certain steps until the operating procedure is completed.

Subpart B
Exceptions to Prohibition
On
Gaming on Newly Acquired Land

EXCEPTIONS TO PROHIBITIONS ON GAMING ON NEWLY ACQUIRED LANDS

Scope

This section of the handbook contains procedures for Exceptions to Prohibition on Gaming on land that has been newly acquired. See Exhibit II Gaming Acquisition Flow Chart. This section describes the procedures that the tribe will follow when requesting an Indian Lands Determination from OIG.

Procedure

To assist the OIG in making a determination that an applicant is eligible to game on newly acquired land, the OIG must first determine the following:

1. If the newly acquired lands are already in trust and the request does not concern whether a specific area of land is a "reservation," the tribe may submit a request for an opinion to either the National Indian Gaming Commission; or,
2. If the tribe seeks to game on newly acquired lands that requires a land-in-trust application or the request concerns whether a specific area of land is a "reservation," the tribe must submit a request for determination to the OIG to determine whether the land is eligible for gaming. That request for a determination must include Step 1 and Step 2 below in addition to one of the following:
 - a. If the tribe is seeking land that is under a "Settlement of a Land Claim," Step 3 applies.
 - b. If the tribe is seeking land that is an "initial reservation," Step 4 applies.
 - c. If the tribe is seeking land that is "restored lands," Step 5 applies.

Step 1: Requesting an opinion from OIG to determine if an Exception to the prohibition on Gaming on Newly Acquired Land applies

All requests for an exception to the prohibition on gaming on newly acquired land must be in writing and contain the following information (the complete package may require additional information):

1. Identification of applicant tribe(s).
2. The request must state which exception applicant is requesting.
3. The request must include a legal land description as defined in the Fee-to-Trust Handbook.
4. A legal instrument (such as a deed or title insurance) to verify current ownership.

Step2: The request for a determination must include evidence establishing the exceptions for tribes with and without a reservation

1. If the tribe had a reservation on October 17, 1988, the lands must be located within or contiguous to the boundaries of the reservation.
 - a. The application must provide evidence such as maps and/or land surveys that shows exactly where the land is located;
 - b. The request must provide a map that includes the exterior boundaries of the Reservation; and

- c. The requester must submit a statement which asserts that the site is within or contiguous to the boundaries of the reservation as those terms are defined in the definitions section of this Gaming Handbook.
- 2. If the tribe had no reservation on October 17, 1988, the lands must be either:
 - a. Located in Oklahoma and within the boundaries of the tribe's former reservation or contiguous to other land held in trust or restricted status for the tribe in Oklahoma; or
 - b. Located in a State other than Oklahoma and within the tribe's last recognized reservation within the State or States within which the tribe is presently located, as evidenced by the tribe's governmental presence and tribal population.
 - i. The application should provide evidence such as maps, and land survey that show exactly where the land is located; and
 - ii. The application must provide a map of the exterior boundaries of the reservation or the exterior boundaries of the former reservation; and
 - iii. If the application is for land contiguous to trust or restricted land the application must provide the deed for the trust land or restricted land which shows the date of when the trust or restricted land was created; and
 - iv. The application must submit a statement confirming that the site is within the tribe's former reservation or contiguous to other land held in trust or restricted status for the tribe as those terms are defined in the definitions section of this Gaming Handbook.

Step 3: The application must include the following evidence in order to meet the exception regarding newly acquired land under a Settlement of a Land Claim

- 1. The application must include the Act of Congress that allows the tribe to acquire the land under a settlement of a land claim that resolves or extinguishes with finality the tribe's land claim in whole or in part, thereby resulting in the alienation or loss of possession of some or all of the lands claimed by the tribe, in legislation enacted by Congress; or
- 2. The application must include the document/agreement that was used to acquire the land under a settlement of a land claim; and
 - a. Is executed by the parties, which includes the United States, returns to the tribe all or part of the land claimed by the tribe, and resolves or extinguishes with finality the claims regarding the returned land; or
 - b. Is not executed by the United States, but is entered as a final order by a court of competent jurisdiction or is an enforceable agreement that in either case predated October 17, 1988 and resolves or extinguishes with finality the land claim at issue.
- 3. The application must include evidence that all requirements of the land claim settlement act have been fulfilled. For example, if land must be purchased with settlement funds, then conclusive evidence must be included in the application that shows how expenditures from the settlement fund have been used to comply with the act; or if land must be acquired in a specified location, then conclusive evidence must be included that shows that the land location complies with the act.

Step 4: The application must include evidence that the following requirements are met in order to meet the exception regarding INITIAL RESERVATION

1. The application must provide the *Federal Register* notice that shows the tribe has been acknowledged through the administrative process under 25 CFR Part 83.
2. The application must state whether the tribe has a gaming facility on newly acquired lands under the restored land exception of the regulations at 25 CFR Part 292.
 - a. If the tribe has a gaming facility, the application must include the documentation that establishes that the parcel is "Indian lands."
 - b. If the tribe has a gaming facility the application must include documentation establishing when the tribe was authorized to game on the parcel.
3. The application must provide evidence that the land has been proclaimed a reservation under 25 U.S.C. 467 and is the first proclaimed reservation of the tribe following acknowledgment.
 - a. The application must provide documentation of any acquisition that the tribe has made since becoming recognized and the dates of those acquisitions.
4. If the tribe does not have a proclaimed reservation on August 25, 2008, the effective date of the regulations, in order to be proclaimed an initial reservation the application must provide evidence that the land to be acquired is located within the State or States where the tribe is presently located, as evidenced by the tribe's governmental presence and tribal presence and tribal population, and within an area where the tribe has significant historical connections and one or more of the following modern connections to the land:
 - a. The land is near where a significant number of tribal members reside; or
 - b. The land is within a 25-mile radius of the tribe's headquarters or other tribal governmental facilities that have existed at that location for at least 2 years at the time of the application for land in trust; or
 - c. The tribe can demonstrate other factors that establish the tribe's current connection to the land.
 - i. The application should provide demographics showing the population in a 25-mile radius, 50-mile radius, and 100-mile radius of the parcel to be acquired;
 - ii. The application should provide maps showing where the headquarters are located and where the parcel to be acquired is located;
 - iii. The application should provide documentation showing when the government headquarters was established at that location;
 - iv. The application should provide information on all other parcels of land and how the land is held; and
 - v. The application must provide any agreements that the tribe has with any local governmental entity.

Step 5: The application must include evidence that the following requirements are met in order to qualify as an exception regarding RESTORED LANDS

In order for a tribe to game on newly acquired lands under this exception the application must provide evidence of the following:

1. The tribe at one time was federally recognized, as evidenced by:
 - a. The United States at one time entered into treaty negotiations with the tribe;
 - b. The Department determined that the tribe could organize under the IRA or the Oklahoma Indian Welfare Act;

- c. Congress enacted legislation specific to, or naming, the tribe indicating that a government-to-government relationship existed;
 - d. The United States at one time acquired land for the tribe's benefit; or
 - e. Other evidence that demonstrates the existence of a government-to-government relationship between the tribe and the United States.
2. The tribe at some later time lost its government-to-government relationship by one of the means specified below:
 - a. Legislative termination;
 - b. Consistent historical written documentation from the Federal Government effectively stating that it no longer recognized a government-to-government relationship with the tribe or its members or taking action to end the government-to-government relationship; and
 - c. Congressional restoration legislation that recognizes the existence of the previous government-to-government relationship.
 3. The tribe at a time after it lost its government-to-government relationship was restored to Federal recognition by one of the means specified below:
 - a. Congressional enactment of legislation recognizing, acknowledging, affirming, reaffirming, or restoring the government-to-government relationship between the United States and the tribe, if the tribe was terminated by Congressional action;
 - b. Recognition through the administrative Federal Acknowledgment Process under 25 CFR Part 83.8; and
 - c. A Federal court determination in which the United States is a party or court-approved settlement agreement entered into by the United States.
 4. The application must get a determination from OIG that the newly acquired lands meet the following criteria:
 - a. If the tribe was restored by a Congressional enactment of legislation recognizing, acknowledging, affirming, reaffirming, or restoring the government-to-government relationship between the United States and the tribe, the evidence must show that either:
 - i. The legislation requires or authorizes the Secretary to take land into trust for the benefit of the tribe within a specific geographic area and the lands are within the specific geographic area; or
 - ii. If the legislation does not provide a specific geographic area for the restoration of lands, the tribe must meet the requirements listed below in Step 6.
 - b. If the tribe is acknowledged under 25 CFR Part 83.8 it must show that it:
 - i. Meets the requirements below in Step 6, and
 - ii. Does not already have an initial reservation proclaimed after October 17, 1988.
 - c. If the tribe was restored by a Federal court determination in which the United States is a party or by a court-approved settlement agreement entered into by the United States, it must also meet the requirements below in Step 6.

Step 6: The application will request a determination from the OIG on how a tribe can establish a connection to newly acquired lands for the purposes of the "RESTORED LANDS" exception

1. In assisting the OIG in making this determination the application must provide evidence that the newly acquired land must be located within the State or States where the tribe is now located, as evidenced by the tribe's governmental presence

and tribal population, and the tribe must demonstrate one or more of the following modern connections to the land:

- a. The land is within reasonable commuting distance of the tribe's existing Reservation;
 - i. The application should provide OIG a map that identifies the closest driving distance between the proposed site and the reservation boundaries.
 - b. If the tribe has no reservation, the land is near where a significant number of tribal members reside;
 - c. The land is within a 25-mile radius of the tribe's headquarters or other tribal governmental facilities that have existed at that location for at least 2 years at the time of the application for the land-in-trust; or
 - i. The application should provide demographics showing the tribe's population in a 25-mile radius, 50-mile radius, and 100-mile radius of the parcel to be acquired.
 - d. Other evidence demonstrating the tribe's current connection to the land.
2. The application must provide documentation that demonstrates a significant historical connection to the land as defined in the definition section of this Gaming Handbook.
 3. The application must provide documentation that demonstrates a temporal connection between the date of the acquisition of the land and the date of the tribe's restoration. To demonstrate this connection, the documentation must be able to show that either:
 - a. The land is included in the tribe's first request for newly acquired lands since the tribe was restored to Federal recognition; or
 - b. The tribe submitted an application to take the land into trust within 25 years after the tribe was restored to Federal recognition and the tribe is not gaming on other lands.

Subpart C
Secretarial Determination
And
Governor's Concurrence

SECRETARIAL DETERMINATION AND GOVERNOR'S CONCURRENCE

Scope

This section of the handbook contains the application procedures for requesting a Secretarial Determination and Governor's Concurrence regarding gaming on trust land acquired after October 17, 1988. The Subpart C application process may run concurrently with the Part 151 process (Fee-To-Trust Handbook) and the NEPA process as provided for in this Gaming Handbook.

Procedure

A Secretarial Determination and Governor's Concurrence is more commonly referred to as a two part determination that questions whether gaming on the newly acquired property is in the best interest of an Indian tribe and its members, and is not detrimental to the surrounding community.

The following steps are developed to assist the Regional Director in preparing a recommendation for a determination that the tribe is eligible for gaming on newly acquired land because it is in the best interest of the Indian tribe and its members and is not detrimental to the surrounding community.

Step 1: Written Request to Initiate Application Process

All Secretarial Determinations and Governor's Concurrence applications must include, but are not limited to the following (the complete package may require additional information):

1. The Regional Director must have determined that no Subpart B exception applies.
2. The Regional Director must initiate the Secretarial Determination and Governor's Concurrence review process (Subpart C).
 - a. The Application must include:
 - i. Documentation addressing the regulations in 25 CFR Part 292 (if all sections of the regulations are not addressed the application will be considered incomplete);
 - ii. The full name, address, and telephone number of the tribe submitting the application;
 - iii. A description of the location of the land, including a legal description supported by a survey or other documents;
 - iv. Proof of identity of present ownership and title status of the land;
 - v. Distance of the land from the tribe's reservation or trust lands, if any, and tribal government headquarters;
 - vi. The authorizing resolution from the tribe submitting the application;
 - vii. The tribe's gaming ordinance or resolution approved by the National Indian Gaming Commission in accordance with 25 U.S.C. 2710, if any;
 - viii. The tribe's organic documents, if any;
 - ix. The tribe's class III gaming compact with the State where the gaming establishment is to be located, if one has been negotiated;
 - x. If the tribe has not negotiated a class III gaming compact with the State where the gaming establishment is to be located, the tribe's proposed

- scope of gaming, including the size of the proposed gaming establishment; and
- xi. A copy of the existing or proposed management contract required to be approved by the National Indian Gaming Commission under 25 U.S. C. 2711 and part 533 of this title, if any.

Step 2: The Regional Director determines whether a gaming establishment on newly acquired land be in the best interest of the tribe and its members

The Information must include:

1. Projections of income statements, balance sheets, fixed assets accounting, and cash flow statements for the gaming entity and the Tribe prepared in accordance with generally accepted accounting principles and National Indian Gaming Commission standards. The statements should cover at least three years or the term of the proposed financing, whichever is longer. Fixed asset accounting should include investment, and depreciation and amortization schedules. Cash flow projections should show separately the financial results to the tribe, proposed manager, non-tribal governments, and debt holders, and establish that the Tribe is the primary beneficiary of the Indian gaming;
2. Projected tribal employment, job training, and career development, including the basis for projection of an increase in tribal employment considering the off-reservation location of the facility and the impact on the tribe, if tribal members leave to take jobs off-reservation;
3. Projected benefits to the tribe from tourism and the basis for the projection;
4. Projected benefits to the tribe and its members from the proposed uses of the increased tribal income;
5. Projected benefits to the relationship between the tribe and the surrounding community;
6. Possible adverse impacts on the tribe and plans for dealing with those impacts;
7. Distance of the land from the location where the tribe maintains core governmental functions;
8. Evidence that the tribe owns the land in fee or holds an option to acquire the land at the sole discretion of the tribe, or holds other contractual rights to cause the lands to be transferred directly to the United States since acquiring land in trust for the benefit of an Indian tribe is part of the Secretary's trust responsibility to Indians. The tribe's option to acquire the land must be at its sole discretion in order to justify expending the Department's resources on a land acquisition review;
9. Evidence of significant historical connections, if any, to the land; and
10. Information that may provide a basis for a Secretarial Determination that the gaming establishment would be in the best interest of the tribe and its members, including copies of:
 - a. Consulting agreements relating to the proposed gaming establishment;
 - b. Financial and loan agreements relating to the proposed gaming establishment; and
 - c. Other agreements relative to the purchase, acquisition, construction, or financing of the proposed gaming establishment, or the acquisition of the land where the gaming establishment will be located.

Step 3: The Regional Director must include information to determine whether or not a gaming establishment on the newly acquired land is detrimental or not to the surrounding community

The information should include:

1. Information regarding environmental impacts and plans for mitigating adverse impacts, including information that allows the Secretary to comply with the requirements of the NEPA; e.g., an Environmental Assessment (EA) or an Environmental Impact Statement (EIS), if required by NEPA;
2. Anticipated impacts on the social structure, infrastructure, services, housing, community character, and land use patterns of the surrounding community;
3. Anticipated impacts on the economic development, income, and employment of the surrounding community;
4. Anticipated costs of impacts to the surrounding community and identification of sources of revenue to mitigate them;
5. Anticipated cost, if any, to the surrounding community of treatment programs for compulsive gambling attributable to the proposed gaming establishment;
6. If a nearby Indian tribe has a significant historical connection to the land, then the impact on that tribe's traditional cultural connection to the land; and
7. Any other information that may provide a basis for a Secretarial Determination whether the proposed gaming establishment would or would not be detrimental to the surrounding community, including memoranda of understanding and inter-governmental agreements with affected local governments.

Step 4: The Regional Director must conduct Consultation with State and Local Official and Officials of Nearby Indian Tribes

The Consultation letters requesting information on environmental issues should only be sent after a draft EA or draft EIS has been made public. Once that has occurred the Consultation letters should include the following information:

1. The Regional Director must send consultation letters requesting comments from the Governor of the State, appropriate local government officials, and officials of nearby Indian tribes within a 25-mile radius, within a 60-day time period, on the proposed gaming acquisition on the factors listed in Step 3 of this section. The comment period may be extended an additional 30 days at the discretion of the Regional Director. See Exhibit III.
2. If officials of a local government or nearby Indian tribe located beyond a 25-mile radius of the proposed gaming establishment request consultation, the Regional Director, using his discretion, will decide if the entity should be consulted.. The Regional Director also uses the criteria of 25 CFR 292.2 in the definition of surrounding community and any other information he deems appropriate.
3. The Regional Director may decide another method of consultation is necessary in addition to the consultation conducted by letter.
 - a. When an additional method is used, the Regional Director must fully describe the process and the outcome or results, and provide documentation of the process. For example, if public hearings or meetings are held, copies of the hearing transcripts, minutes or videotapes may be provided as part of the administrative record.
 - b. Documentation of the public response to the proposed acquisition should also be included.

Step 5: The Regional Director must include a Recommendation and Finding of Facts

Upon completion of all actions relating to the proposed two-part determination, including an independent analysis of all the information and factual evidence provided by the tribe and the

parties consulted, the Regional Director must prepare Finding of Facts addressing the two-part determination and the items of information relating to such a determination. The Findings and Conclusions must be supported by the facts, supporting exhibits, or other documentation contained in the administrative record, including but not limited to the following:

1. The Regional Director's Finding of Facts should include an analysis by program officers, i.e., social services, law enforcement, finance, environmental, and tribal operations, to ensure that aspects of those program areas have been adequately addressed by the tribe's application.
2. The Regional Director's Finding of Facts should also include an analysis of all agreements between the tribe and other governmental entities relied on to arrive at conclusions on the two-part determination.
3. To assure that all important documents and issues are received and adequately reviewed and considered, the administrative record should be organized in such a manner to allow easy access for review. The information and exhibits should be tabbed and indexed for easy reference. For purposes of organization, the Regional Director's factual findings relative to the two-part determination should be placed under the topical heading identified for each of the two-parts. For example, the "Best Interest of the Tribe" category should serve as a topical heading, and should be followed by facts, findings and conclusions on each factor listed under that category.
4. The Regional Director must make a Recommendation based on the facts, findings and conclusion each factor listed under Subpart C.

Step 6: Recommendation to OIG

The Regional Director needs to forward Recommendation to OIG.

OIG's Evaluation Process

OIG'S EVALUATION OF THE REGIONAL DIRECTOR'S RECOMMENDATION FOR GAMING ON TRUST LANDS ACQUIRED AFTER OCTOBER 17, 1988 AND THE REGIONAL DIRECTOR'S REQUEST FOR AN EXCEPTION TO THE PROHIBITION ON GAMING ON NEWLY ACQUIRED LANDS

Scope

This section of the handbook contains the process for OIG's evaluation of the Regional Director's Recommendation for gaming on trust lands acquired after October 17, 1988, 25 U.S.C. § 2719 and the Regional Director's request for an exception to the prohibition on Gaming on Newly Acquired lands, 25 CFR Part 292.

Procedure

OIG's review will confirm that the Regional Director's Recommendation, Finding of Facts and Record of Decision are based on the facts contained in the record, and confirm that the Regional Director's Recommendation, Finding of Facts and Record of Decision contain all the required elements in the IGRA and the IRA, as well as the implementing regulations at 25 CFR Part 292 and 25 CFR Part 151, and the policy directive from Secretary Salazar dated June 18, 2010.

To assist the OIG in their review, the Regional Director's Recommendation, Finding of Facts and Record of Decision must comply with the following steps.

Step 1: Review of Regional Director's Recommendation, Finding of Facts and Record of Decision

If a Determination from the OIG has been included that confirms that an Exception to Prohibition on Newly Acquired Lands exists, the OIG will review the Recommendation to ensure the following information is included:

1. The tribe's written request;
2. Identification of the tribe submitting the request. The OIG will verify that the Tribal name on the application is the same as it appears on the list of Federally recognized tribes as published in Federal Register for Federally recognized tribes and as it appears in the tribe's governing documents;
3. Legal land description. The OIG will review the description to verify that the description accurately describes the subject property, and that it is consistent throughout the application;
4. Need for acquisition of the property OIG will verify that the application is for gaming;
5. A legal instrument, (such as a deed), that verifies that the applicant owns the land in fee, or has an option at its sole discretion to acquire title to the land;
6. Legal analysis of the tribe's authority to take land in trust;
7. Tax consequence. OIG will look at the consultation letters from state and political subdivisions to verify the impact of removing the land from the tax rolls;
8. Jurisdictional conflicts. OIG will review the consultation letters to verify any jurisdictional conflicts that may arise and how the tribe addresses those issues;
9. OIG will review any other agreements that have been entered into between the tribe and state, as well as any other local government;

10. OIG will review the Regional Director's statement as to whether or not the BIA is equipped to assume the additional responsibilities resulting from the acquisition of the land in trust;
11. The Recommendation must include information that allows the Secretary to comply with NEPA process section 3.3 of this Gaming Handbook;
12. A Preliminary Title Commitment. OIG will examine this document to make sure there are no restrictions on the land prior to recommending the land be taken in trust;
13. Any additional information or justification to assist in reaching a decision; and
14. A statement that the applicant has complied with the requirements of IGRA. OIG will review this section to determine that the Regional Director has included a determination that the application comes within an exception to the prohibition on gaming on newly acquired land:
 - a. if a management contract exist it complies with IGRA;
 - b. if a tribe has a tribal-state compact in complies with IGRA; and
 - c. that the tribe needs a tribal gaming ordinance in accordance with IGRA.

Step 2: The OIG will advise the Regional Director to proceed with Steps 9 through Step 14 to complete the process

Step 3: The OIG review process is-if the property is located off reservation and no exception to the prohibition on newly acquired lands exists-the Regional Director's Recommendation must include the factors in 25 CFR 151.11

Those factors are:

1. A business plan. OIG will evaluate the business plan for the economic benefits associated with the proposed use and to ensure the tribe is the primary beneficiary of the gaming.
2. Distance between tribe's reservation and the land to be acquired. OIG will use the distance between the tribe's reservation boundaries and the land to be acquired as a way to measure the acquisition impacts on regulatory jurisdiction and real property taxes and special assessments, on a case-by-case, basis to analyze the weight that will be given to concerns raised by state and local governments.

Step 4: If the property is located off reservation and no exception to the prohibition on newly acquired lands exists then the Regional Director's Recommendation must also include the following "best interest" test in 25 CFR 292(b)(1)(a)

The OIG's review will consist of the following:

1. All elements Step 1 and Step 3.
2. Projections of gross and net gaming income for the tribe. OIG will look to make sure the projections are reasonable.
3. Projected tribal employment, job training and career development. OIG will look to make sure that the projections are reasonable.
4. Projected benefits to the tribe from tourism and the basis for the projection. OIG will look to make sure the projections are reasonable.
5. Projected benefits to the relationship between the tribe and the surrounding community. OIG will review to make sure the projections are reasonable.
6. Possible adverse impacts on the tribe and plans for dealing with those impacts. OIG will review the adequacy of the plans to deal with the adverse impacts.

7. Distance of the land from the location where the tribe maintains core governmental functions. OIG will review to ensure that core governmental functions can be properly maintained.
8. Evidence that the tribe owns the land in fee or holds an option to acquire the land at the sole discretion of the tribe, or holds other contractual rights to cause the lands to be transferred from a third party to the tribe or directly to the United States. OIG will verify the evidence submitted.
9. Evidence of significant historical connections to the land. OIG will determine if there is significant historical connections to the land.
10. Any other information that may provide a basis for a Secretarial Determination that the gaming establishment will be in the best interest of the tribe and its members. OIG will review to make sure the documents support the findings.

Step 5: If the property is located off reservation and no exception to the prohibition on newly acquired lands exists then the Regional Director's Recommendation must also include the following "not detrimental to the surrounding community" test in 25 CFR 292(b)(1)(a)

OIG's review will consist of the following:

1. Review the evidence of the environmental impacts and plans for mitigating adverse impacts including an environmental assessment, an environmental impact statement, or other information required by NEPA.
2. Review the reasonableness of the anticipated impacts on the social structure, infrastructure, services, housing, community character, and land use patterns of the surrounding communities.
3. Review the anticipated impacts on the economic development, income, and employment of the surrounding community.
4. Review the anticipated costs of impacts to the surrounding community and analyze the reasonableness of the identified sources of revenue to mitigate them.
5. Review the reasonableness of the anticipated cost to the surrounding community of treatment programs for compulsive gambling attributable to the proposed gaming establishment.
6. The effects of the impact on the traditional, cultural connection of a nearby Indian tribe that has a significant historical connection to the land.
7. OIG will review any other information that may provide the basis for a Secretarial Determination whether the proposed gaming establishment would or would not be detrimental to the surrounding community.

Step 6: If it is determined that the acquisition is in the "best interest of the tribe and its members" and "not detrimental to the surrounding communities," a letter will then be sent to the Governor of that state seeking concurrence in the Secretary's determination

OIG will prepare written notification to the Governor of the state where the land is to be acquired. The letter will include the Secretary's Determination and Finding of Facts, a copy of the entire application and a request for the Governor's concurrence.

Step 7: If the Governor does not affirmatively concur with the Secretarial Determination

1. OIG will notify the tribe of the Governor's non-concurrence, and that the newly acquired land may be acquired for only non-gaming purposes.

2. If the Notice of Intent to acquire the land in trust has been issued then the Secretary will withdraw that notice pending a revised application for non-gaming purposes.
3. Within one year from the date of the request for concurrence of the Secretarial Determination the Secretary may, at the request of the applicant tribe or the Governor, grant an extension up to 180 days.
4. If no extension is granted or if the Governor does not respond during the extension period, the Secretarial Determination will no longer be valid.

Step 8: If the Governor does affirmatively concur with the Secretarial Determination and the Secretary decides NOT to take the land in trust

OIG will notify the tribe of the Secretary's decision.

Step 9: If the Governor does affirmatively concur with the Secretarial Determination and the Secretary decides to take the newly acquired land in trust or if the Secretary decides, (pursuant to an exception), to take the newly acquired land in trust

The following will occur:

1. The OIG will prepare a letter to the tribe advising them that a decision has been made:
 - a. To acquire land in trust for gaming; and/or
 - b. That the tribe is eligible to game on trust land acquired after October 17, 1988
2. The OIG will prepare a memorandum to the Regional Director advising him that the Tribe's application is approved and that the Regional Director is authorized to acquire the property conveyance to the United States in trust subject to the following conditions:
 - a. The completion of an updated contaminate survey;
 - b. The expiration of the 30-day waiting period;
 - c. That OIG will publish in the Federal Register the Notice of Intent to acquire the land; and
 - d. That no action can be taken until the OIG gives confirmation to the Regional Director that no legal actions were filed in federal court within the 30-day period following the publication.

Step 10: The OIG will prepare the Federal Register Notice of the Final Agency Determination to take land in trust. See 25 CFR 151.12(b)

Step 11: The OIG will contact Department of Justice through the Office of the Solicitor to determine whether or not any legal actions have been filed in Federal District court during the 30-day waiting period

Step 12: OIG will take the following steps if any legal action is filed

1. Notify the Regional Director to take no further action until the judicial review process has been exhausted.
2. Upon notification from the Office of the Solicitor, OIG will furnish the administrative record of the application to the Office of the Solicitor.

Step 13: Once the judicial process has been exhausted OIG will notify the Regional Director of the instructions based upon the court's findings and conclusions

Step 14: If no action is filed OIG will notify the Regional Director to proceed with taking the land in trust in accordance with the Fee-to-Trust Handbook

The Acceptance of Conveyance should cite the authorizing acquisition authority and the authorizing gaming authority, i.e., Sec. 20 of the IGRA.

NEPA Process

NEPA COMPLIANCE REVIEW

NEPA compliance is required for discretionary land acquisitions as well as for a two-part determination even for lands already held in trust. See *supra* Gaming Acquisitions Flowchart, "NEPA Process."

- Step 1:** The Regional Director must first prepare and submit to OIG a draft Environment Assessment ("EA") or a draft Environmental Impact Statement ("EIS").
- Step 2:** SOL-DIA will review the draft EA or draft EIS and provide written comments to the OIG.
- Step 3:** The OIG will forward such comments to the Regional Director for further review and implementation in the draft EA or draft EIS.
- Step 4:** Once revisions to the draft EA or draft EIS have been made to the satisfaction of SOL-DIA and the OIG, the Regional Director will initiate publication of the draft EA or draft EIS to allow for public review and comment.
- Step 5:** After the public review and comment period has closed, the Regional Director will prepare a draft final EA or draft final EIS and submit it to the OIG for review by the SOL-DIA and OIG.
- Step 6:** After approval by the SOL-DIA and OIG, the Regional Director will make a Recommendation as to whether to issue a FONSI if the Region prepared an EA, or a ROD if the Region prepared an EIS. The Regional Director will submit a draft FONSI or draft ROD to the OIG.
- Step 7:** OIG will make a recommendation to the AS-IA. Only the AS-IA may issue a FONSI or ROD based upon the EA or EIS for decisions to acquire land in trust for gaming or for two-part determinations.

Following is a *Checklist of Environmental Issues for NEPA Review of Proposed Gaming Actions*. The Regional Director must include this *Checklist* with NEPA documents which are being submitted to OIG for review.

FLOWCHART for GAMING ACQUISITIONS

United States Department of the Interior

OFFICE OF THE SECRETARY
Washington, DC 20240

JUN 13 2011

Memorandum

To: All Regional Directors, Bureau of Indian Affairs
Director, Office of Indian Gaming

From: Assistant Secretary – Indian Affairs 

Subject: Guidance for Processing Applications to Acquire Land in Trust for Gaming Purposes

On June 18, 2010, Secretary Salazar issued a memorandum regarding the gaming policy of the Department of the Interior (Department) noting that the Indian Gaming Regulatory Act (IGRA) generally prohibits Indian gaming on lands acquired in trust after October 17, 1988. The Secretary also described the two types of exceptions to this general prohibition: the “equal footing” exceptions, and the “off-reservation” exception. The Secretary directed me to move forward in processing applications under the “equal footing” exceptions, while also recommending that I undertake a review of issues, guidance, and regulatory standards relating to off-reservation gaming, in consultation with tribal leaders.

Since that time, my office has participated in six tribal consultation sessions with tribal leaders, and has thoroughly reviewed issues and policies regarding off-reservation gaming. I am writing you to explain the findings of my review and to inform you that, for all of the reasons discussed herein, I am withdrawing the January 3, 2008, memorandum of the Assistant Secretary – Indian Affairs, entitled “Guidance on taking off-reservation land into trust for gaming purposes.” This memorandum also describes how we will consider applications for gaming under IGRA’s “off-reservation” exception moving forward.

I. BACKGROUND

One of the most important authorities and responsibilities I have at the Department is to acquire land in trust for tribes and individual Indians pursuant to the legal standards set forth in Federal law, including the Indian Reorganization Act (IRA). In addition, I also have the authority and responsibility under IGRA to determine whether gaming can occur on lands acquired after October 17, 1988, the date of IGRA’s enactment.¹ These decisions often raise difficult and contentious issues among the parties involved.

¹ This responsibility is shared with National Indian Gaming Commission (NIGC) under certain circumstances. See, e.g., 25 C.F.R. §292.3; Memorandum of Agreement Between the NIGC and DOI (2007), available at <http://www.nigc.gov/Portals/0/NIGC%20Uploads/indianlands/mou/DOIMOU022607.pdf>.

It is important to note that there are three independent and distinct requirements that a tribe must satisfy in order to legally operate a Class III facility on lands acquired in trust after IGRA's enactment. First, the Department must acquire lands in trust for the tribe pursuant to applicable Federal law. Second, those lands must be eligible for gaming pursuant to one of IGRA's exceptions. Lastly, the tribe must enter into a valid tribal-state gaming compact. Each of these requirements has varying levels of review, which can result in a process that consumes both time and resources.

With respect to the second requirement, as the Secretary noted in his June 18, 2010, memorandum, IGRA's "equal footing" exceptions were intended to place recently recognized and restored tribes on an equal footing with those tribes that were federally recognized at the time of IGRA's enactment. For example, IGRA provides exceptions to allow tribes to game on lands that qualify as "Restored Lands" (25 C.F.R. § 292.7), lands that are provided to the tribe as a "Settlement of a Land Claim" (*Id.* at § 292.5), or lands that qualify as a tribe's "Initial Reservation." *Id.* at § 292.6.

The "off-reservation" exception, meanwhile, offers tribes a limited opportunity to conduct gaming outside of their existing reservations where appropriate. Local communities have several meaningful opportunities to contribute to the Secretary's review of a tribe's application for off-reservation gaming. In addition, a state's governor must concur in all gaming proposals under the "off-reservation" exception as well as execute a tribal-state gaming compact with the tribe. Due largely to the multiple layers of this review process, the off-reservation exception has proven difficult to satisfy since the enactment of IGRA. Since 1988, only five tribes have received final approval from both the Secretary and the state governor in order to successfully establish an off-reservation gaming facility.

II. DISCUSSION

A. January 3, 2008 Guidance Memorandum

On January 3, 2008, prior to the Department's promulgation of the 25 C.F.R. Part 292 regulations, then-Assistant Secretary – Indian Affairs Carl Artman issued a memorandum entitled "Guidance on taking off-reservation land into trust for gaming purposes" (Guidance Memorandum) to Regional Directors and the Office of Indian Gaming. The Guidance Memorandum provided internal guidance to Bureau of Indian Affairs staff regarding the interpretation and application of the fee-to-trust regulations at 25 C.F.R. Part 151. The Guidance Memorandum was issued without government-to-government consultation with tribal leaders. It was referenced in letters disapproving numerous off-reservation gaming applications issued the very next day, on January 4, 2008.²

² As noted above, when the Guidance Memorandum was issued the Department was in the process of promulgating regulations governing the eligibility of Indian lands for gaming. Those regulations, finalized on May 20, 2008, and located at 25 C.F.R. Part 292, set forth the process by which the Secretary makes a determination regarding off-reservation gaming applications.

On August 24, 2010, my office sent a letter to tribal leaders announcing that we would conduct a series of six government-to-government consultations regarding the Department's guidance and regulatory standards for taking land into trust for gaming.³ That letter specifically identified eight different issues for consultation, including: whether certain provisions of the Department's regulations governing off-reservation gaming, at 25 C.F.R. Part 292, should be amended; and, "[w]hether the Memorandum issued by Assistant Secretary Carl Artman on January 3, 2008, regarding guidance on taking off-reservation land into trust for gaming purposes should be withdrawn, modified, or incorporated into the regulations in 25 C.F.R. Part 292."

During the tribal consultation process, we received a number of comments regarding the Guidance Memorandum. Many tribes recommended that the Department rescind the Guidance Memorandum because it was not subject to tribal consultation and because it was, in their view, inconsistent with broader Federal Indian policy. Other tribes contended that the Guidance Memorandum was unreasonable because it makes inappropriate judgments regarding what is in the "best interests" of tribes, assumes that a tribe will experience a reduced benefit if its gaming facility is located at a certain distance from its reservation, and equates "reduced benefit" with a harm to the tribe. Other tribes maintained that the Guidance Memorandum unfairly prejudices tribes with reservations located at great distances from population centers and ignores historical facts regarding the locations where the Federal Government created reservations. Some tribal leaders expressed support for the primary objective of the Guidance Memorandum, which is to limit off-reservation gaming to areas close to existing Indian reservations.

I have carefully considered the viewpoints expressed during our recent tribal consultations. Based upon those consultations and comments provided during the same, as well as for the additional reasons stated herein, I have decided to withdraw the Guidance Memorandum.⁴

B. Processing "off-reservation" gaming applications under Part 292.

The Guidance Memorandum does not reflect the varied and complex issues that exist for tribes based on their own unique circumstances, and therefore may unintentionally constrain the Secretary's consideration of a tribe's application. The Department rarely has authorized a tribe to engage in off-reservation gaming. Nevertheless, it is vital that any decision regarding

⁴ It is the policy of this Administration to engage in government-to-government consultations to secure meaningful input from tribes with respect to certain actions taken by the Department. When directing me to conduct a review of the Department's "current guidance and regulatory standards" governing off-reservation exception, the Secretary recognized that this is an area where "deliberate government-to-government consultations would lead [the Department] to the implementation of a sound policy in this area." See Memorandum from the Honorable Ken Salazar, Secretary, DOI to Larry Echo Hawk, Assistant Secretary – Indian Affairs, DOI (June 18, 2010).

off-reservation gaming carefully examine and apply the rigorous criteria and standards provided by applicable laws and regulations in a fact-specific manner, rather than in the abstract. In my view, IGRA and the Department's regulations, at 25 C.F.R. Parts 151 and 292, adequately account for the legal requirements and policy considerations that must be addressed prior to approving fee-to-trust applications, including those made pursuant to the "off-reservation" exception.⁵ Specifically, the recently enacted Part 292 regulations require exacting review of requests for off-reservation gaming.

The Part 292 regulations were promulgated pursuant to IGRA and other statutory authorities. Under the IGRA's "off-reservation" exception, a tribe may conduct gaming on lands acquired after October 17, 1988 only if:

- 1) The Secretary, after consultation with the [applicant] tribe and appropriate State and local officials, including officials of other nearby Indian tribes, determines that a gaming establishment on newly acquired lands would be in the best interest of the Indian tribe and its members, and would not be detrimental to the surrounding community; and
- 2) The Governor of the State in which the gaming activity is to be conducted concurs in the Secretary's determination.

25 U.S.C. § 2719(b)(1)(A). This evaluation is often referred to as the "Two Part Determination."

On May 8 2008, shortly after the release of the Guidance Memorandum, the Department published final regulations that implement the "off-reservation" exception. These regulations set forth four general steps an applicant tribe must take prior to successfully receiving a positive determination:

- 1) The tribe must submit a written request to the Secretary for a determination that the proposed gaming establishment is in the best interest of the tribe and is not detrimental to the surrounding community. 25 C.F.R. § 292.13(a). The tribe's application must include, among other things:
 - "[T]he distance of the land from the tribe's reservation or trust lands, if any, and the governmental headquarters;"⁶ and
 - Information to assist the Secretary in making a determination regarding whether the proposed gaming establishment will be in the best interest of the tribe and its

⁵ My decision is also consistent with the views tribal leaders expressed during our government-to-government consultation on the Department's guidance and regulatory standards for taking land into trust for gaming purposes. During the consultations a number of tribes expressed frustration that they participated in the consultations during the initial drafting and promulgation of 25 C.F.R. Part 292, and that the Department should simply move forward with processing applications under that Part rather than seeking further comment.

members,⁷ including, but not limited to, information regarding projected tribal income and employment; projected benefits to the tribe and its member from projected income; possible adverse impacts on the tribe and its members and plans for addressing such impacts; and distance of the land from the location where the tribe maintains core governmental functions;⁸ and

- Information to assist the Secretary in determining whether the proposed gaming facility will not be detrimental to the surrounding community,⁹ including, but not limited to, anticipated impact on the social structure, infrastructure, services, housing, community character and land use patterns of the surrounding community; anticipated impacts on the economic development, income, and employment of surrounding community; and if any nearby Indian tribe has a significant historical connection to the land, then the impact on that tribe's traditional cultural connection to the land.¹⁰
- 2) Once the applicant tribe submits the required information, the Secretary will then consult with the tribe and appropriate state and local officials, including officials of nearby Indian tribes, regarding the tribe's request for a secretarial determination. 25 C.F.R. § 292.13(b).
 - 3) Following that consultation, the Secretary will determine whether the proposed gaming establishment is in the best interest of the tribe, and whether the gaming establishment would be detrimental to the surrounding community. 25 C.F.R. § 292.13(c).
 - 4) If the Secretary makes a positive determination, he will then notify the Governor of the affected state. The Governor must then determine whether to concur in the Secretary's determination. 25 C.F.R. § 292.13(d).

In conjunction with IGRA and the IRA, the regulations provide comprehensive and rigorous standards that set forth the Department's authority and duties when considering applications for off-reservation gaming. I find that the Department's regulations governing off-reservation gaming acquisitions adequately provide standards for evaluating such acquisitions and, consequently, that the Guidance Memorandum's interpretation of our fee-to-trust regulations is unnecessary.

C. **Processing “off-reservation” gaming applications under Part 151.**

The Guidance Memorandum provided interpretation and guidance with respect to 25 C.F.R. § 151.11(b), the regulation governing taking off-reservation land into trust for a tribe. On this point, I also view that guidance as unnecessary and potentially confusing. The Department’s fee-to-trust regulations, which govern the process by which the Secretary acquires land in trust on behalf of tribes and individual Indians, have been in effect for 30 years. Where a tribe seeks to have land acquired in trust outside of its existing reservation:

The Secretary shall consider the following requirements in evaluating tribal requests for the acquisition of lands in trust status, when the land is located outside of and noncontiguous to the tribe’s reservation, and the acquisition is not mandated:

...

(b) The location of the land relative to state boundaries, and its distance from the boundaries of the tribe’s reservation, shall be considered as follows: as the distance between the tribe’s reservation and the land to be acquired increases, the Secretary shall give *greater scrutiny* to the tribe’s justification of anticipated benefits from the acquisition. The Secretary shall give greater weight to the concerns raised [by state and local governments regarding regulatory jurisdiction, real property taxes and special assessments].

25 C.F.R. § 151.11 (emphasis added).

The land acquisition process already provides an opportunity to scrutinize applications that seek to acquire land off-reservation. The Secretary must consider concerns raised by state and local officials pursuant to 25 C.F.R. §§ 151.11 and 151.10, and must balance those concerns when making his determination.

The Guidance Memorandum thus has the potential to unnecessarily constrain the Department’s decision making process. Clearly, the Department must consider the impact of jurisdictional issues identified for consideration in the regulations. At the same time, each tribe’s relationship with its state and local governments is unique and each should be considered on a case-by-case basis by balancing *all* of the relevant factors identified in the regulations, not just those identified in the Guidance Memorandum. Finally, the regulations do not require the Department to deny an application based on any single issue to be considered thereunder. The regulations speak for themselves and no guidance beyond the regulations is necessary in guiding the Department’s case-by-case analysis for each unique fee-to-trust application.

III. CONCLUSION

For all of the reasons discussed herein, I hereby withdraw the January 3, 2008, memorandum of the Assistant Secretary – Indian Affairs entitled “Guidance on taking off-reservation land into trust for gaming purposes.” In its place are the Department’s existing regulations, referenced above, which provide strict and transparent standards for evaluating tribal applications to conduct off-reservation gaming.

Going forward, the Department will review off-reservation gaming applications on a case-by-case basis to determine whether they comply with IGRA and existing regulations. It is worth noting once again that a positive gaming eligibility determination is only one of three necessary steps an applicant tribe must go through to open a Class III facility. In addition to a positive two-part determination under the “off-reservation” exception, the applicant tribe generally must have land acquired in trust on its behalf, and must enter into a valid tribal-state gaming compact.

I appreciate your consideration of these important and sensitive issues. If you have any questions regarding this letter, you may contact the Office of Indian Gaming.

THE SECRETARY OF THE INTERIOR
WASHINGTON

JUN 18 2010

Memorandum

To: Assistant Secretary – Indian Affairs
From: Secretary *Ken Salazar*
Subject: Decisions on Indian Gaming Applications

BACKGROUND

The issue of Indian gaming engenders strong feelings among many parties. The Department of the Interior, through the Assistant Secretary – Indian Affairs, has the authority and responsibility to review and approve applications to take land into trust for Indian gaming, adhering to the legal standards set forth in federal law, including the Indian Reorganization Act and the Indian Gaming Regulatory Act (IGRA). Under IGRA's implementing regulations, the Department also has the responsibility to determine whether gaming can occur on lands acquired after IGRA's enactment in 1988.¹

It is important that all interested persons know the facts. Of the 564 federally recognized tribes, less than half, or 238 tribes, operate gaming facilities. Two hundred thirty-two of these tribes operate Class III, or "casino-style," gaming facilities under tribal-state compacts. Most tribal gaming operations are quite small and are located in rural areas.

There is no question that gaming has provided important economic opportunities for some tribes. Indeed, Congress' declared policy under IGRA was to provide a basis for gaming by tribes "as a means of promoting tribal economic development, self-sufficiency, and strong tribal governments." 25 U.S.C. § 2702. Revenues from tribal gaming are used for specific purposes, including funding tribal government operations and programs, and providing for the general welfare of the Indian tribe and its members. The proceeds that tribes realize from gaming allow many of them to provide greatly needed services such as health care, education and housing, which increases tribal self-reliance.

GAMING "INDIAN LANDS" DETERMINATIONS

Decisions whether to take off-reservation land-into-trust for gaming purposes, or other gaming determinations, can raise difficult and contentious issues. IGRA prohibits gaming on lands acquired in trust after its enactment in 1988 (so-called "after acquired lands"), except where those trust lands meet certain conditions explicitly specified in IGRA at 25 U.S.C. § 2719. These exceptions can be separated into two types: (1) "off reservation" applications; and (2) reservation or equal footing applications. I believe that the Department needs to provide clarity regarding all

¹ Part of this responsibility is shared with the NIGC under certain circumstances

aspects of how it will review and make decisions on these two distinct types of Indian gaming applications or requests.

"Off Reservation" Land-in-Trust/Gaming Requests Under IGRA, 25 U.S.C. § 2719(b)(1)(A)

The normal rule under IGRA is that a "two part" determination is applied to tribal requests that "off reservation" lands be taken into trust for potential gaming purposes. The "two part" test includes: (1) a determination by the Secretary that the gaming establishment is in the best interest of the tribe and would not be detrimental to the surrounding community; and (2) the concurrence of the state's Governor. The review of these applications is appropriately lengthy and deliberate. Given the complicated issues that applications of this nature raise, and the various levels of review and approval involved, they have been approved rarely despite a number of submissions over the years. In the 20 years since IGRA was passed, only five "off reservation," or so-called "two-part" determinations, have been approved by the Department. In addition, the tribe and the state must negotiate and approve a gaming compact prior to commencement of Class III gaming operations.

I understand the Department currently has nine "two-part" applications under review. For these, I recommend that you undertake a thorough study of these issues and review current guidance and regulatory standards to guide the Department's decision-making in this important area. During this review, your office should engage in government-to-government consultations consistent with the policy of this administration to obtain input from Indian tribes. I realize that engaging in this exercise in connection with the application of the two-part test may cause some delay, but given the Department's discretion in this area, it is appropriate that we take the necessary time to identify and adopt principled and transparent criteria regarding such gaming determinations. Moreover, deliberate government-to-government consultations will lead us to the implementation of a sound policy in this area.

Reservation and Equal Footing Exceptions Under IGRA 25 U.S.C. § 2719(a) and (b)(1)(B)

Certain lands that are acquired after IGRA's passage in 1988 are treated under the statute as though they were part of pre-IGRA reservation lands and, therefore, are eligible for gaming purposes. These types of lands include lands that are located within or contiguous to the boundaries of the tribe's reservation, or are within the tribe's last recognized reservation within the state(s) within which such tribe is presently located.²

Lands that are taken into trust for settlement of a land claim, as part of an initial reservation, or as restoration of lands for a tribe that is restored to federal recognition are also excepted from the IGRA prohibition in order to place certain tribes on equal footing.

These exceptions too are rare, as in the 20 years since IGRA was enacted, there have only been 36 applications approved under these exceptions. There are currently 24 applications pending before the Department that request approval based on one of these IGRA exceptions.

² Except for Oklahoma, where the lands must be within the boundaries of the Indian tribe's former reservation or contiguous to other land held in trust or restricted status by the United States for the Indian tribe in Oklahoma.

For applications or requests submitted under one of these exceptions in IGRA, their approval largely depends upon a legal determination as to whether the application or request meets one of the delineated exceptions under IGRA. I recommend that you obtain such a legal determination from the Solicitor's Office. If the lands are eligible to conduct gaming pursuant to one of the exceptions set forth in IGRA, the tribe may be eligible to conduct Class III gaming on those lands pursuant to a negotiated and approved tribal-state gaming compact.

MOVING FORWARD WITH DECISIONS

It is important that we move forward with processing applications and requests for gaming on Indian lands within the context of objective statutory and regulatory criteria. I expect that you will undertake regular and meaningful consultation and collaboration with tribal leaders to continue to develop sound federal Indian gaming policy, in furtherance of this Administration's commitment to strengthening the unique government-to-government relationship with Indian tribes. In addition, it is important that we keep the United States Congress fully aware of our efforts.

It will be important that your office continues to coordinate closely with the Solicitor's office, and with the Deputy Secretary because your decisions can have significant legal and policy implications. I have full confidence in your exercise of your delegated authority on these important matters.
