ArcGIS VERSION 10.x PRODUCT LIST

Software for Non-Editing Users

For users that do not require editing capabilities, please consider ordering ArcGIS Explorer Desktop or ArcReader rather than a concurrent or single use license.

Part No.	Product Description (for more details on products, refer to www.esri.com/products)
EXP	**ArcGIS Explorer Desktop:** This is a free GIS viewer that gives you an easy way to explore, visualize and share GIS information. This can be downloaded at http://www.esri.com/software/arcgis/explorer. With ArcGIS Explorer you can access ready-to-use ArcGIS Online basemaps and layers; fuse your local data with map services to create custom maps; add photos, reports, videos, and other information to your maps; and perform spatial analysis (e.g., visibility, modeling, and proximity search).
ARD	**ArcReader:** This is a free, easy-to-use desktop mapping application that allows users to view, explore, and print maps and globes. Anyone with ArcReader can view high-quality interactive maps authored by an ArcGIS for Desktop product and published with the ArcGIS Publisher. You can download ArcReader at http://www.esri.com/software/arcgis/arcreader/download.

ArcGIS Desktop Software

ArcGIS Desktop Concurrent Use Licenses

For concurrent use versions, a license allows ArcGIS for Desktop products to be used on any machine. Each installation must access an Arc GIS License Manager license that contains the appropriate license level for the software seat type (Advanced, Standard, or Basic). The License Manager, installed on the network, dictates the number of copies of Basic, Standard, or Advanced license seat type that can be run simultaneously. The 10.3.x version of License Manager is required to run v10.3.x ArcGIS for Desktop applications.

Part No.	Product Description (for more details on products, refer to www.esri.com/products)
PKG 1	**ArcGIS Desktop Advanced (formerly ArcInfo) Concurrent License with Extensions** - *3D Analyst, Spatial Analyst, Geostatistical Analyst, Publisher, Network Analyst, Schematics, Workflow Manager, Data Reviewer, Tracking Analyst*
PKG 2	**ArcGIS Desktop Standard (formerly ArcEditor) Concurrent License with Extensions** - *3D Analyst, Spatial Analyst, Geostatistical Analyst, Publisher, Network Analyst, Schematics, Workflow Manager, Data Reviewer, Tracking Analyst*
PKG 3	**ArcGIS Desktop Basic (formerly ArcView) Concurrent License with Extensions** - *3D Analyst, Spatial Analyst, Geostatistical Analyst, Publisher, Network Analyst, Schematics, Workflow Manager, Data Reviewer, Tracking Analyst*

ArcGIS Pro

There are the three licensing options available with ArcGIS Pro through the ELA Program:

Named User License - The ArcPro license is authorized by an organization administrator through the ELA product Portal for ArcGIS. Please indicate the number of seats you would need.

Concurrent Use License - Your machine points to a License Manager Server for license authorization from a shared pool of licenses. Select Advanced, Standard or Basic functionality.

Single Use License - These licenses are authorized on a single machine. Anyone with access to that machine can use ArcGIS Pro on or off the network. Select Advanced, Standard or Basic functionality.

For more information on ArcGIS Pro, please go to http://pro.arcgis.com/en/pro-app/. Please use the ArcGIS Pro order form to make your selection.

Mobile GIS

GIS0299   **ArcGIS 10.2.1 for Windows Mobile for Desktop or Engine Deployments**

GIS2332   **ArcGIS v10.2.1 for Windows Mobile for Server Enterprise Standard**

GIS2323   **ArcGIS v10.2.1 for Windows Mobile for Server Workgroup Advanced**

XTools Pro

Over 80 general usage tools that extend the standard ArcGIS Desktop functionality. Go to https://xtools.pro/en/overview/ for more information on XTools Pro. Please complete the XTools Pro order form and include the names and contact information of the individuals who will be using the software.

Avenza Pro

This mobile application that allows you to download your maps over a Wi-Fi or cellular network. Each user will need to register their device using the subscription ID. Please contact the Geospatial Support Help Desk at geospatial@bia.gov to request the installation instructions and the authorization code.

ArcGIS for Server

You must have a 64 bit operating system to run ArcGIS Server v10.2 and newer. There are two levels to choose from, Enterprise and Workgroup.

- **Enterprise Server:** This level is designed to run and optionally deploy on multiple machines and on a user-defined multiuser database (IBM DB2, Informix Dynamic Server, Microsoft SQL Server, Oracle, or PostgreSQL). The Enterprise level server supports unlimited simultaneous connections to a multiuser geodatabase and has unlimited storage capacity.
- **Workgroup Server:** This level is designed and limited to run on a single machine and includes SQL Server Express 2008 R2 database engine. The Workgroup level server supports 10 simultaneous connections to a multiuser geodatabase and has 10 GB of data storage on a multiuser geodatabase.

Access to high-resolution imagery, data and analysis. For more information, go to https://www.digitalglobe.com/. Please contact the Geospatial Support Help Desk at 1-877-293-9494 or geospatial@bia.gov to request access.

Free Online Training with ESRI® e-Learning

Access to ESRI's self-paced online courses is now being managed on the "My Esri site", and course access codes are no longer being used. Every individual listed as an authorized ArcGIS user under an active ELA account is eligible for access to ESRI® Training self-paced e-Learning at no charge. Please contact the Geospatial Support Help Desk at 1-877-293-9494 or geospatial@bia.gov to request access to ESRI® e-Learning.

ArcGIS Online (AGOL)

Access to ArcGIS (AGOL) is not available under the ELA program; however, there are two options available for accessing AGOL at no cost to you.

1. If you are an authorized ArcGIS user under an active BIA ELA account, you can access AGOL through the ESRI Geospatial Platform. Please contact the Geospatial Support Help Desk at 1-877-293-9494 or geospatial@bia.gov for more information.

2. For information on accessing AGOL through the Tribal GIS Program, please contact Garret Couch at 573-358-2522, gcouch@windenvironmental.com.

3. If you would like to purchase your own AGOL organization license/subscription, please contact Rod Schardein, US DOI-BIA Sales Representative, at rschardein@esri.com or 800.447.9778, ext. 1-1664,
