

PROOF OF INSURANCE
FOR OPERATORS OF
INTERIOR OWNED VEHICLES

This constitutes your “Proof of Insurance” and should be carried in your vehicle at all times. The U.S. Government is self-insured. No insurance company identification number is provided. Use license plate number for accident/incident reporting purposes.

Claims against the U.S. Government resulting from the operation of a Government vehicle should be directed to the agency owning the vehicle and/or the agency employing the driver of the vehicle. Claims against the other parties for damage to Interior vehicles will be processed by the owning agency. Drivers are responsible for obtaining the correct insurance information for processing claims against other responsible parties. If possible, obtain an accident report from the attending local law enforcement agency.
