DOI-2026-009220	08/26/2026	08/26/2026	N/A	(b) (6) ☐ offices relating to Narragansett Petition #059 and historical Narragansett membership, registration, and genealogy evidence from approximately 1927-1936. ☐ I am a descendant tracing my family's documented connection to the Narragansett/Nahahiganseck community, and I am trying to establish the lineage generation by generation through archival records. This request is for personal, non-commercial genealogical research. ☐ Please search for: ☐ • the partial 62-name revised Narragansett membership list from 1935; ☐ • the 1933 (b) (6) list from which the 1935 revision was reportedly prepared; ☐ • the 1927 (b) (6) list; ☐ • any complete or partial copy, scan, microfilm, transcription, working copy, abstract, index, or reference to the approximately 430-439-person Narragansett registration/genealogy begun in 1935-1936, which contemporaneous sources report included registrants' fathers, mothers, and grandparents; ☐ • pedigree charts, ancestry charts, family group sheets, registration forms, membership applications, genealogies, source notes, exhibits, correspondence, field notes, or internal research memoranda used in connection with Petition #059; ☐ • records concerning any earlier approximately 800-person list of Narragansett descendants; ☐ • records identifying who created, maintained, copied, supplied, reviewed, or held the 1935-36 registration, or where an original or surviving copy may now be located. ☐ Please treat the partial 62-name 1935 list and the approximately 430-439-person 1935-36 genealogy/register as separate record targets unless responsive records establish otherwise. I am specifically trying to avoid substituting the smaller revised list for the larger genealogy described in contemporaneous sources. ☐ I am particularly interested in records identifying parents, grandparents, spouses, siblings, children, or other family relationships rather than surname lists alone. Relevant surnames include (b) (6) and her family network. ☐ DFA Director Nikki Bass advised me on August 26, 2026 to initiate this records search through the Department of the Interior FOIA process. ☐ I prefer electronic copies. If responsive records are held by another DOI component, federal repository, or the National Archives, please refer or route the request as appropriate. ☐ If portions are withheld, please provide all reasonably segregable non-exempt portions and identify the applicable exemption. Please contact me before incurring fees. If a fee waiver or reduced fee is available for personal, non-commercial genealogical research, I respectfully request consideration. ☐ Thank you for your assistance. DOI-2026-008709	08/10/2026	08/11/2026 University of Denver	I am contacting you in regard to a public records/information request.□ I am looking for an up-to-date list of your current employees, full names, position, hire date, phone numbers, e-mail address, and salary, if possible, in digital format (excel preferred). I prefer to receive these documents via e-mail at requests@academymresearchgroup.com□ I am ONLY seeking public information that is clearly disclosable to me and not confidential by law, or otherwise protected, and exempted from disclosure under state law.□ I understand there may be a cost associated with retrieving and copying these documents. Please provide me with an estimated list of fees if so and contact me if you have any questions or concerns about this request. Thank you for your time and attention to this matter.□ (Date Range for Record Search: From 01/01/2020 To 08/11/2026) Background: Indian Affairs' Directives System Handbook, 1 IAM 1-H, states that a "current listing of RDs" exists, identifying Regional Directives by IAM chapter and Regional Office code. 3 IAM 4, § 1.5.D states: "Additionally, all redelegations of RD authority other than those specified in this policy must be in writing in the form of a Regional Directive as submitted through the Office of RACA and approved by the DBD, Field Operations. No other form of redelegation is authorized."□ I seek the centrally maintained control records RACA uses to identify current Regional Directives, and in particular any existing records identifying directives documenting delegations or redelegations of Regional Director authority.□ Records requested, as of August 11, 2026:□ The current master listing, index, register, log, spreadsheet, database export, or comparable tracking record maintained by RACA identifying BIA Regional Directives across all twelve Regions, including to the extent maintained: Regional Office, document ID number, release number, title, related IAM chapter, issue/effective date, supersession information, and status.□ Any existing subset, index, field, tag, or report within that system identifying Regional Directives that constitute or contain a delegation or redelegation of authority, including to the extent maintained: delegating position, receiving position, authority, limitations/thresholds, effective date, and status.□ I request existing records only — no new compilation, analysis, or search for the underlying directives themselves.□ Search date range: treat any portal-required date range as a technical search boundary only, to locate the current tracking record regardless when created or updated. It does not expand this request's scope, which remains current-status-only as of August 11, 2026.□ Exclusions: I do not seek any drafts, internal comments, legal advice, clearance correspondence, summarizing records, development emails, historical tracking versions, or underlying Regional Directives. If the master listing contains unrelated entries, I will accept an existing export limited to Regional Directives via ordinary search/filter, without new programming.□ Format: please provide responsive records in their native electronic format where maintained, preferably XLSX/CSV/database export rather than PDF, preserving field names, document identifiers, filenames, and metadata.□ If no responsive centralized record exists, please state that fact. I do not request referral to the twelve BIA Regional Offices or a broader search for the underlying directives.□	Closed
