I am requesting to see any correspondence between non-Native business interests or their representatives (e.g., companies such as corporations, LLCs, and/or partnerships; Chambers of Commerce; or attorneys or lobbyists who represent such companies or chambers of commerce) and the Office of the Assistant Secretary for Indian Affairs. I am studying the role that these private business interests have played in the development and "practice" of federal Indian law and policy.

For correspondence concerning contracts with the Office, I would like to request a sample of one such contract every even-numbered year from 1970 through 2024 (or as close to the present as FOIA will allow).

I can begin reviewing digitized items at any time. For correspondence that does not exist in digitized form, I would like to request access to the physical copies of those documents in May 2025 in Washington, DC. I plan to visit DC for two weeks in mid-May 2025.

Report Date: 03/03/2025

Time: 10:45 AM

Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request digital copies of your webpages taken down, removed, and/or deleted since January 20, 2025.□

I specifically request that you include so-called "non-responsive" □ material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C.Cir. 2016) which found that FOIA "does not provide for . . . □ redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." □

As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$.01. □

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to Any and all documents, correspondence, and any other responsive records for Petition 191 in the Office of Federal Acknowledgement for federal recognition of the Western Cherokee Tribe of Arkansas and Missouri aka Western Cherokee Nation of Arkansas and Missouri aka any other names used. On behalf of the Yocha Dehe Wintun Nation, a federally recognized tribal government ("Yocha Dehe" or "Tribe"), and pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, I respectfully request the following records in possession or control of the United States Department of the Interior ("DOI"):

Department of the Interior ("DOI"):

1. A 2013 letter or other correspondence from the Scotts Valley Band of Porno Indians ("Scotts Valley") to the Assistant Secretary — Indian Affairs ("AS-IA") requesting reconsideration of the 2012 Indian Lands Opinion rejecting gaming eligibility of a parcel of land in the City of Richmond, California. To facilitate DOI's search, we note that this record may be dated July 24, 2013, may be from Don Arnold, Scotts Valley Chairman, and may be addressed to Kevin K. Washburn, AS-IA. Further, this record is referenced in footnote 5 of a September 19, 2013, letter from Assistant Secretary Washburn to Scotts Valley Chairman Arnold and was attached to that September 19, 2013, letter as "Attachment 4."

2. A November 2024 communication from Bureau of Indian Affairs Pacific Region Regional Director Amy Dutschke to Director of the Office of Indian Gaming Paula Hart. To facilitate DOI's search, we note that this record may be dated November 8, 2024, and may be identified as "Finding of Fact" or "Regional Director's Finding of Fact." This record is referenced in footnote 253 (page 28) of the January 10, 2025, Decision by DOI to acquire 160 acres of land in the City of Vallejo, California, in trust for Scotts Valley and to authorize a gaming facility on that property. For reference, the January 10, 2025, Decision is styled as a letter from Principal Deputy Assistant Secretary Wizipan Garriott to Scotts Valley Chairman Shawn Davis and is available on the Bureau of Indian Affairs website. The term "records" in this request includes but is not limited to, letters, electronic mail messages, text messages, meeting requests, other communications, documents, notes, calendar entries, slides, and other materials generated, modified, or acquired by DOI.

Although Yocha Dehe would meet the requirements for a waiver of all copy and research fees, to expedite production of responsive documents the Tribe is NOT seeking such a waiver at this time. However, Yocha Dehe respectfully requests that you provide an estimate of any fees or costs expected to exceed \$1,500.00.

Yocha Dehe further requests that responsive records be released as soon as they are available. To the extent that a subset of the requested records is readily available, the Tribe requests to receive those records while DOI searches for other records or completes other administrative processes. Yocha Dehe is amenable to receiving electronic copies of the requested records. If DOI intends to make records available electronically, please do so in pdf format.

FOIA requires the release of all reasonably segregable non-exempt portions of responsive documents. 5 U.S.C. § 552(b). Should any documents be withheld, in part or in their entirety, please inform Yocha Dehe of the grounds for denial and the specific administrative appeal rights which are available. 5 U.S.C. § 552(a)(6)(A)(i).

As you know, FOIA establishes strict deadlines for agency determinations on this request. I look forward to your prompt response. If you have any questions in the meantime, please contact Director of Legal Sarah Choi at (530) 796-8378 or schoi@yochadehe.gov.

To Mr. Scott Davis - (Assistant Secretary - Indian Affairs),
Under the Freedom of Information Act, I respectfully request access to any records, reports, correspondence, or memoranda, including inter-agency communications, regarding:

- Historical or administrative changes to the racial classifications of individuals recorded as "Free Persons of Color," "Indian," "Negro," "Mulatto," or "Colored" in the United States from 1790 to 1960.
- The criteria, instructions, or federal directives used to alter or revise these classifications, particularly in relation to individuals and families with ancestral ties to tribal communities, especially east of the Mississippi River.
- Any documentation referencing the Bureau of Indian Affairs, Dawes Commission, or census authorities that involved the removal or exclusion of persons originally recorded as Indigenous or tribal affiliated from subsequent enrollment, land allotment, or racial designation records.
- Internal memos, studies, or correspondence that addressed or justified the reclassification of individuals with Indigenous family origins as non-Indian racial categories under shifting federal, census, or enrollment policies.

This request includes, but is not limited to, policy manuals, internal memoranda, tribal enrollment instructions, census protocols, and federal land designation documents related to racial or tribal identity during the 18th, 19th, and early 20th centuries.

If any part of this request is considered overly broad, I welcome guidance on how it may be refined. I request digital copies of the records, and I respectfully request a fee waiver as this is for public interest research and educational purposes.

Furthermore, I am submitting this request because I descend from Indigenous American families traced to the mid-1700s, native to what is now West Virginia, specifically those whose identities were later recorded under non-Indigenous racial categories during federal and state classification efforts. My ancestors were part of the Eastern tribal nations who remained in Appalachia, resisting forced removal and surviving under labels such as "Free Persons of Color" "Black" or "Negro," despite retaining community, language, and kinship systems consistent with their Indigenous roots.

This request supports a personal and public-interest effort to recover documentation related to that identity alteration.

I also request access to any records, correspondence, or internal memoranda related to concerns over the accuracy or legitimacy of tribal enrollment during the Dawes Commission period (circa 1898-1914), including:

Subject: Freedom of Information Act request - (b) (6) family Records (Dawes Rolls and Related Files)

Dear FOIA Officer,

My name is (b) (6), an internationally acclaimed filmmaker and journalist. Over the course of my career, I have produced documentaries and news broadcasts that explore cultural heritage, identity, and history. After years of telling the stories of others, I have now turned my focus inward—researching my own Native American ancestry and documenting my family's connection to the Choctaw, Chickasaw, and Mississippi Choctaw Nations.

I have identified several of my family members on the Dawes Rolls, and I respectfully submit this FOIA request for all available records relating to them. These records are crucial not only to my personal family research, but also to my professional work documenting Native American history and heritage.

The individuals I am requesting records for are:

1. FOIA Case Management & Redaction Technology (COTS or Internal)
Contracts, license agreements, purchase orders, or modifications (FY 2022-Present) for FOIA case management, redaction, intake, workflow, or tracking systems used. If home-grown/internal systems are used, please provide documentation showing development, maintenance, or hosting costs. If internal costs are not separately tracked, a high-level good faith estimate is acceptable. We are attempting to identify the total cost of operations and this information is not captured in DOJ OIP reporting. Closed
2. eDiscovery Tools Used by the Agency
Contracts, license agreements, or purchase orders for all eDiscovery systems. (FY 2022-Present). These are increasingly being used in FOIA programs.
