All bids are subject to acceptance and approval of the agriculture lease contract (Lease) and contingent upon approval by the Anadarko Agency Superintendent. The Superintendent reserves the right to waive technical defects, reject any and all bids, and disapprove and reject bids prior to approval of any lease contract made on an accepted bid. Past lease compliance issues and/or history of delinquent payments by bidders will be considered in award of the bid and an additional 20% interest will be required in the bond. The right of landowners to claim owner's use of a property prior to lease contract approval is recognized and may be implemented.

LEASE SALE RULES:

- No Late Bids will be accepted. **Sealed Bids will be accepted up to and until COB August 25, 2026. NO EXCEPTIONS**
- INFORMATION ON BID SALE SHEET MUST BE LEGIBLE OR MAY BE REJECTED WITHOUT NOTIFICATION
- Disruptive behavior will not be tolerated.
- If a participant is escorted from Lease Sale, ALL submitted bids by the participant will be rejected.
- All outstanding financial violations (trespass/delinquent payment, etc.) must be cured prior to participation in Lease Sale.
- Past compliance activities and/or history of delinquent payments by bidders will be considered in award of the bid and an additional 20% interest will be required in the bond.
- Minimum bid is for trust interest only. Lessee is responsible for negotiating with owner(s) of the undivided fee interest.
- For item numbers receiving one sealed bid and determined unacceptable, the bidder will be given two oral opportunities to increase.
- Oral auction bid will be made in increments of \$100.00.
- Successful bidder must submit the lease contract and required documents within 10 days of receipt of the lease contract.
- Offers will be submitted on the attached Bid Sheet. Additional copies may be duplicated using the attached form.

LEASE TERMS

1. The lease contracts will convey exclusive dry land farming and/or grazing rights, subject to the reserved rights of the landowner (lessor) to grant business leases, oil and gas leases, rights-of-way and other legal grants as provided in the Lease Contract.

NOTE: Hunting, fishing, timber cutting, mineral/rock extraction, etc., are strictly prohibited and are reserved rights of the LESSOR (Landowner) only.

2. The Agriculture Lease Contract will be for a term not to exceed five years effective January 01, 2027, unless otherwise specified and determined by the Superintendent.
3. Lease Contracts approved pursuant to this notice will be executed and granted by the Superintendent having jurisdiction over the land in accordance with applicable instructions and regulations. With the exception of a single owner, the Indian owners of the particular allotments involved will not be signatory parties on the lease, pursuant to Congressional authority granted to the Superintendent, whose approval will adequately convey and lease the respective Indian owners' interest.
4. The successful bidder will be required to furnish, within 10 days of receipt of the lease contract, a performance bond, letter of credit, certificate of deposit or cash bond, **PAYABLE UPON WRITTEN DEMAND**. In accordance with 25 CFR 162.234, bond is to secure a) payment of one year's rental; b) construction of any required improvements; c) performance of any additional lease obligations, including the payment of operation and maintenance charges under 161.228(b) of this subpart; and d) restoration and reclamation of the leased premises to their condition at the commencement of the lease term or some other specified condition. This will be strictly enforced.
5. Bidders are expected to have physically inspected tract(s) prior to bidding. Tracts can be viewed at <http://www.earthpoint.us/>.
6. The Additional Lease Requirements (Revised 1976-SMC Stipulation Sheet) will be executed and made a part of the lease file. Any questions regarding the tract can be directed to the Anadarko Agency Land Operations, Soil Conservationist personnel relative to the land use or conservation program, and improvements at (405) 247-6677:

7. Contact the Branch of Real Property Management, Surface Leasing Section for any Payment Invoice not received by December 1st of each year. The annual rent is due on or before January 1st of each year. Not receiving the invoice constitutes or relieves lessee from submitting payment before the due date.
8. Offers will be submitted on the attached Bid Sheet. Additional copies may be duplicated using the attached form. All lands are offered on the highest annual consideration. Annual lease rental includes bid and estimated costs of major improvements. Minor improvement proposals will not be considered as part of the bid.
9. A provision is incorporated in each lease contract granted as a result of this advertisement to the effect that the lessee agrees to release a portion or portions of the lease premises for home site purposes as required by the lessor or the Anadarko Agency Superintendent.
10. In the event the land is advertised for public sale and sold as a result thereof, the Lease Contract shall terminate at the end of the Lease Contract year following the year in which the land is advertised. The rental hereunder for the remainder of the term of the Lease Contract shall be reduced by an amount equal to the use value contributed by the portion or portions sold to the entire premises. The Secretary shall be the sole and final judge as to the rental adjustment.
11. **ADDITIONAL LEASE REQUIREMENTS.** (Conservation Stipulation Sheet) will be executed and made a part of the lease. Damages for non-compliance will be enforced. Interested bidders are to contact the BIA Soil Conservationist concerning land use, conservation practices, and/or required improvements. Stocking rates are calculated based on soil type and forage availability found on the tract. *Required improvements must be protected by bond and will be enforced the duration of the lease or until improvements are completed and approved by this office.*
12. Prior to approval of any lease contract, a non-refundable filing fee and flat rate fee of \$60.00 will be applied to each Lease Contract. The non-refundable fee will be 3% of the annual rental amount, including any percentage based rent that can be reasonably estimated. The minimum filing fee is \$15.00 and the maximum filing fee is \$500.00.
13. All agriculture lease contracts will be on an approved Departmental Form at the Anadarko Agency. Successful bidders will return the lease contracts with all supporting forms and verification of filing fee payment within **TEN DAYS** from the date written on the Instruction Sheet provided with the lease contract.
14. It is the successful bidder's responsibility to keep their contact information current for the duration of the lease contract. The Anadarko Agency is to be notified immediately of an address change.

15. Annual rent is due on or before January 1st of each year. All lease contracts approved under this advertisement will be 100% AGENCY PAY. No modifications will be allowed. No personal checks accepted. All payments mailed to the Lockbox must include the Payment Invoice which lists the lease number and amount to be paid for each lease contract to ensure proper payments are made. Payment received after January 1st, regardless of the post-date on the envelope, is considered late and will be charged Ten Percent (10%). Not receiving a Payment Invoice does not validate late payment. Failure to pay the annual rent on or before the due date is a lease compliance violation. Post marked dates are not given any consideration. A ten percent (10%) interest of the annual rent due will be assessed for late payment, and an additional Ten percent (10%) if over thirty (30) days.
16. Items Numbers advertised may be excluded from the Lease Sale the day of due to pending negotiations. Contact the Anadarko Agency, Surface Leasing Section prior to the Lease Sale concerning Items Numbers advertised.

ANY ANNOUNCEMENTS MADE THE DAY OF THE LEASE SALE WILL SUPERSEDE ANY INFORMATION CONTAINED IN THIS ADVERTISEMENT.
