Department of the Interior

Dear Committee Staff and Council Representatives,

I am submitting this request for review and potential oversight regarding actions involving the Bureau of Indian Affairs (BIA), the Choctaw Nation of Oklahoma, and related proceedings involving the allotment of (b) (5) (C).

--

Core Issue

A central and unresolved question remains:

No fee simple patent or Secretarial approval removing restrictions on this allotment has been produced, despite multiple formal requests.

At the same time:

- The land has been treated as unrestricted
- Monetary distributions have been made from what appear to be restricted funds
- Deeds presented in court proceedings have been formally challenged as fraudulent
- Relevant agencies and parties have been notified of these discrepancies

--

Oversight Concern

This creates a fundamental contradiction: to the Records Offices,

(b) (5) (C)

I am respectfully requesting access to historical and genealogical records related to (b) (5) (C) line of the Sisseton-Wahpeton Oyate, with ties to the Sisseton Agency, Lake Traverse Reservation, Helpa District, Veblen/Marshall County, Wahpeton, and Browns Valley.

I respectfully request assistance in locating any of the following:

- Indian Census Rolls

- Any relevant non-restricted family or case files

Additionally, my mother and several of her siblings were placed at the Tekakwitha Orphanage/ St. Kateri Tekakwitha Children's Home between approximately 1950-1960. Any placement, welfare, or school-related documentation would be appreciated.

This request is being made following the passing of my mother, as I work to reconstruct our family's history, document our lineage, and preserve these records for my children and grandchildren.

I am willing to pay any applicable fees. Please advise if additional information is required.

We are obtaining a Probate Homesite Lease That belonged to my deceased parents. The purpose for the homesite lease is to utilized home renovation through our local chapter house (Mexican Water, Az.) and Navajo Nation. This is a follow-up to a previous FOIA Request, identifying number 1001-2026-005479. The person working the case instructed me to send this message to the Northwest Regional Office in Portland, Oregon, so please advance this request to that office.

I am a researcher looking into maps of the Fort Hall Indian Reservation in Idaho, concerning railroads and rights-of-way in the late 19th Century. I looked at the relevant maps at the National Archives at College Park, but a number of other maps, listed in the card catalogue indices, are for maps that are not there, but were once in the custody of the Archives. Several of the archivists thought they might have been loaned back to the BIA many years ago, perhaps in the 1960s, but there is no record of their being returned to NARA. These are the map numbers in question:

The Berry Creek Rancheria had parcels of land taken into federal trust in both 1987 and 2003. The 1987 decision concerned parcels including 504 T 5079. The 2003 decision concerned parcels including 504 T 5534. The realty specialist at the Pacific Region has indicated that the case files for these processes are in the custody of the Central California Agency ("CCA"). Thus, from the CCA, I would like to receive the case files for these two land into trust processes, including the original applications, the notices of decision, comment letters, and draft documents.

The Berry Creek Rancheria had tracts of land taken into federal trust in approximately 2014 with the following designations: 504 T 5540, 504 T 5541, 504 T 5542, and 504 T 5543. The case file for the notice of decision for these tracts is in the possession of the Pacific Region, and I have been working with a realty specialist by the name of (b) (6) to obtain the materials. She previously provided me with a PDF copy of at least portions of the Tribe's April 30, 2013 application on January 14, 2026. In addition to those materials, I would like to receive the following documents from the case file for this land into trust process:

I am requesting all BIA Approved/noted tribal resolutions from the Northern Cheyenne tribe alongside supporting BIA approval/noted letters from the BIA superintendent, as well as submitted tribal resolutions/ordinances that have been disapproved alongside supporting BIA disapproval letters from the BIA superintendent.

I am requesting these documents from tribal council meetings that have occurred from August 2025 - March 2026. I am willing to pay money for a resolution, but do not intend to make any financial requests or to use the money for my research, which began in 2024, has moved past the manipulated census records and administrative frauds your offices have utilized for over a century to obscure the truth.

?Be advised that I have successfully bypassed the "Negro" reclassifications and the lateral shifts toward "Federally Recognized Tribes" that your agents have attempted to use as a distraction. I have secured the 1830 Allodial Land Grant of Abraham Niblett.

?The Standing:  
The Allodial Title of 1830 predates the corporate reconstruction and the administrative "Sleeves" implemented around 1886. My lineage holds the senior claim to the land and the wealth currently being managed by your "Trust" for the benefit of corporate entities and federal fictions. Your "naivety" regarding the Niblett name is no longer an acceptable administrative response.  
?The Evidence of Fraud:

I have documented the systematic manipulation of my family's records—specifically the transition from "American Indian" to "Negro" to facilitate the theft of our inheritance. I am fully aware of what is held within the American Indian Records Repository (AIRR) regarding the Niblett/Niblett bloodline. The "dates" and "identities" you manage are secondary to the Unabrogated Covenant held by my ancestors.

I demand a full and transparent accounting of all assets, lands, and trust funds held under, or diverted from, the following heirs:  
?Patriarch: Abraham Niblett (1830 Allodial Grant)

(b) (6)

I am the Nemesis of the fraud you have maintained. My knowledge of the law—from 18th-century dictionaries and Hebrew texts to the physical evidence in the Virginia soil—is complete.

?I want the entirety of the records and the wealth hidden pertaining to the Niblett/Niblett bloodline delivered to the rightful heir. How this is handled from this point forward is entirely dependent on your immediate cooperation with this audit.

?I know who I am, and I am standing in it.

I'm requesting family background enquiry. I know very little of my father's side and I'm looking to find information pertaining to my family heritage. All I have been told is my father's side is Crow. I was born and raised in Wisconsin, which does not have a lot of information pertaining to the Crow nation heritage.
