?I am writing to you today not as a petitioner, but as the Direct Blood Heir and Authorized Representative of the Niblett/Niblett lineage. My research, which began in 2024, has moved past the manipulated census records and administrative frauds your offices have utilized for over a century to obscure the truth.□
?Be advised that I have successfully bypassed the "Negro" reclassifications and the lateral shifts toward "Federally Recognized Tribes" that your agents have attempted to use as a distraction. I have secured the 1830 Allodial Land Grant of (b) (6) □.

?The Standing:□
The Allodial Title of 1830 predates the corporate reconstruction and the administrative "Sleeves" implemented around 1886. My lineage holds the senior claim to the land and the wealth currently being managed by your "Trust" for the benefit of corporate entities and federal fictions. Your "naivety" regarding the (b) (6) name is no longer an acceptable administrative response.□

?The Evidence of Fraud:□
I have documented the systematic manipulation of my family's records—specifically the transition from "American Indian" to "Negro" to facilitate the theft of our inheritance. I am fully aware of what is held within the American Indian Records Repository (AIRR) regarding the (b) (6) lineage. The "dates" and "identities" you manage are secondary to the Unabrogated Covenant held by my ancestors.□

?Formal Demand:□
I demand a full and transparent accounting of all assets, lands, and trust funds held under, or diverted from, the following heirs:□

(b) (6) □

□
□

?I am the Nemesis of the fraud you have maintained. My knowledge of the law—from 18th-century dictionaries and Hebrew texts to the physical evidence in the Virginia soil—is complete.□
?I want the entirety of the records and the wealth hidden pertaining to the (b) (6) lineage delivered to the rightful heir. How this is handled from this point forward is entirely dependent on your immediate cooperation with this audit.□
?I know who I am, and I am standing in it.□
