Department of the Interior

We are willing to pay all costs associated with complying with this request.

I am trying to determine who maintains 68th Avenue & Polk Street north of 68th Avenue in the County of Riverside, City of Oasis, California.

It is my understanding that the County of Riverside maintains Polk St up to its intersection with 68th Ave, but that neither 68th Ave, nor the northerly extension of Polk St, which extends onto the Torres-Martinez Reservation is part of the County's road system. The Riverside County Transportation Department shows 68th Ave & Polk St north of 68th Ave as "non-county roads"

I would like records sufficient to determine (1) whether recorded or approved rights-of-way (or other authorizations) exist for (a) 68th Ave & (b) Polk St north of its intersection w/ 68th Ave as those roads extend into or across the Torres-Martinez Reservation, & (2) which entity or entities are responsible for repair & maintenance of those roadway segments.

Time Period: January 23, 2019, through to the present day, unless a request is expressly not time-limited because it is a foundational "grant/recorded instrument" document.

Geographic Scope: The roadway corridor commonly known as: (A) 68th Ave at and within 0.5 miles of its intersection with Polk St, Oasis, CA; and (B) Polk St north of its intersection with 68th Ave, including the northerly extension of Polk St onto or across Reservation land associated with the Torres-Martinez Desert Cahuilla Indians, within 0.5 miles north of the intersection.

Production Format: Produce Electronically (PDF)

Documents Category 1: Locator / File Identification

- (1) Documents sufficient to identify any BIA file number(s), instrument number(s), tract / parcel identifiers, or route / inventory identifiers used by BIA for the above-defined roadway segments.
(2) Documents sufficient to identify whether each roadway segment lies on tribal trust land, allotted trust land, restricted land, fee land, or other status, & which BIA office maintains the corresponding title / right-of-way file(s).
(3) Any map, plat, GIS depiction, or corridor map in BIA's possession sufficient to depict the roadway segments & any right-of-way corridor.

Documents Category 2: Right-Of-Way ("ROW") / Access Authorizations (Foundational; Not Time-Limited)

- (4) All ROW INSTRUMENTS for 68th Ave (within the above-mentioned scope), including exhibits.
(5) All ROW INSTRUMENTS for Polk St north of 68th Ave (within the above-mentioned scope), including exhibits.
(6) All amendments, renewals, assignments, terminations, or enforcement / compliance records relative to Requests 4-5 Winning grants applications

I am respectfully requesting the complete Right-of-Way case file concerning any roadway, access easement, or right-of-way affecting trust land held for (b) (6) - (date Assigned
