<a href="#">DOI-BIA-2024-000728</a>	05/10/2024	05/13/2024 -	1. Elm Hoist Road Bridge Over The Bad River. I am requesting documents that mention, make reference to, or describe any repair work that was performed by, for, or at the direction of the Bureau of Indian Affairs (BIA) or the Bad River Band of the Lake Superior Tribe of Chippewa Indians (Bad River Band) on the Elm Hoist Road Bridge over the Bad River on the Reservation, and/or on or adjacent to either of the two "approaches" on either side that bridge, and/or on the bed and banks of the river at, on either side of, or in the immediate vicinity of the abutments beneath the deck of that bridge. It is my understanding that the repair work in question included approach work, slope stabilization, and/or the application of rip rap or aggregate. The documents requested in this paragraph include but are not limited to written communications of any kind relating to any such repair work between the BIA and the Bad River Band (including the Mashkizibii Natural Resources Department (MNRD)), written communications between the BIA or the Band and the U.S. Corps of Army Engineers relating to any permits or permitting required for such work, and any documents relating to the certification by the Band of any project involving such work pursuant to section 401 of the Clean Water Act. However, the documents requested in this paragraph are limited to those relating to the above-described repair work that was performed at any time between July 12, 2016, and December 31, 2023. □	Assigned

I am seeking records regarding the Rights Protection Branch, sometimes called Rights Protection Program, 2415 statute of limitations claims. The coordinator of the program, at one time, was (b) (6). These records would have been generated in the 1970s and 1980s. □

Clarification received 5/10/2024: Thank you for asking for further information. □

I am specifically seeking records on the forced fee patents portion of the 2415/Statute of Limitations program that would have been generated beginning in the mid 1970s through about 1984. □

There are several components of the program I am interested in. □

Stolen car report on the morning of July 15, 2024. People involved (b) (6).  
Request for release of Hopi Law Enforcement police records:

Assigned

DNA - People's legal services, a nonprofit legal aid organization, is requesting the release of minimum 2 (unknown exact number of reports that exist) Hopi Law Enforcement records and reports from 2015, 2016, and/or 2017 pertaining to at least two criminal investigations of one individual: (b) (6). The records we are requesting almost certainly contain exculpatory evidence needed to effectively represent a client in a pending criminal case against him.

The arrestee's/subject's name is (b) (6) and her date of birth is (b) (6). These requests may encompass multiple investigation types and arrests by Hopi Law Enforcement involving forgery or fraud. We can provide the following three case numbers (these are court case numbers; we do not have the law enforcement agency report numbers), but this request is not limited to these if there are additional records that fit this description: 2016 CR 0711; 2016 CR 0712; 2017 CR 0032. We believe the initial investigations began in 2015, but could be 2016 and/or 2017 instead or in addition to any investigation in 2015.

[DOI-BIA-2024-001033](#)

08/05/2024

08/07/2024 DNA-People's Legal Services

We first tried to obtain the records from Hopi Law Enforcement Services, but they informed us that they do not have any records for that individual because they are pre-2019, and suggested that we contact the Bureau of Indian Affairs (BIA) because "in July of 2019 the Hopi Tribe took over Law Enforcement [from the BIA] and we do not have access to any of [BIA's] records."

Assigned

Then, we reached out to (b) (6) Program Analyst at the Phoenix BIA District Office, who instructed us to file a FOIA request in order to access any records dating earlier than 2019.

DNA - People's Legal Services is requesting these records because we are the official Hopi Public Defender, appointed by the Hopi Tribal Court to defend a criminal case against a client. These records are directly related to his defense and almost certainly contain exculpatory information necessary to defend our client's case and therefore necessary for us to provide effective assistance of counsel. The case against him is based exclusively on the word of the alleged victim, (b) (6) and contains zero physical evidence. We believe these police records contain information that is admissible in court to show that she has committed specific acts of untrustworthiness, which is admissible on cross-examination under the Federal Rules of Evidence (Hopi Courts use the Federal Rules of Evidence).

His case is set for trial on October 22, 2024 in Hopi Court, so this request is very time sensitive. He cannot feasibly ask for a continuance to obtain the records because he is being held in jail pre-trial on a bail amount that he cannot afford to pay. We sought a bail reduction in January 2024, but the request was denied.

I have reached out to Chief of Police Garcia of SPA and Special Agent Owen with no response. I have reached out to the San Felipe Police Department who were able to give me the case number.

My Client has not received any calls from law enforcement regarding this incident or if any charges were ever filed against (b) (6) pulled out a gun on my client while her son was by her and fired off shots during this incident.

It was a hit and run that occurred to me on July 19, 2024, at approximately 5:00 PM. I did report it to my car insurance company, GEICO, after all police matters were concluded on that same day via e-mail. They replied to me on the next day, July 20, 2024, for me to wait until they made a decision about the next steps I should take.

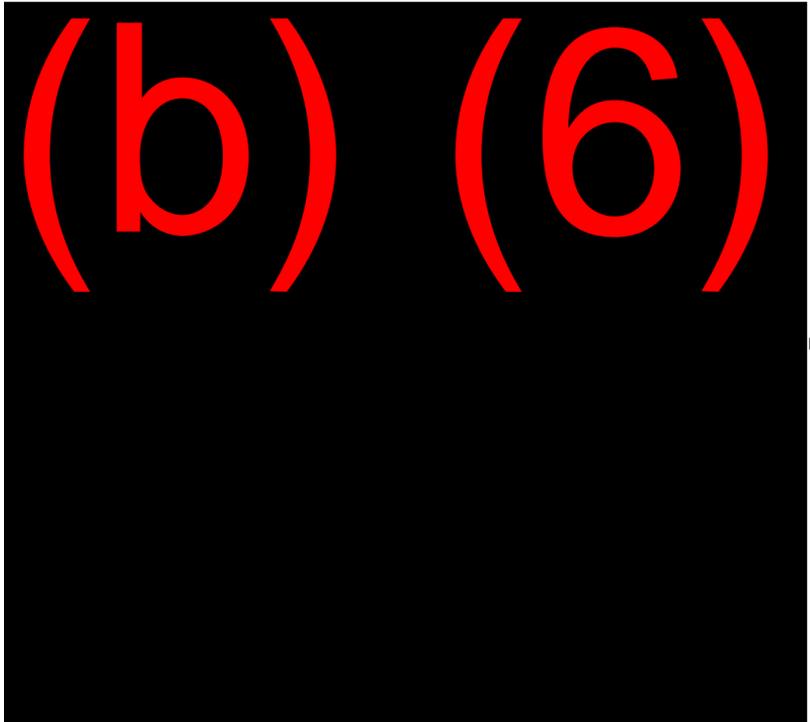

Assigned

This morning at 4:30 AM, August 06, 2024, I received an e-mail from GEICO that I would need to describe all the details of the hit and run from the accident report filed by the Police officer, in my case BIA Federal Police Officer (b) (6), (b) (7)(C). GEICO is asking for witnesses. I don't know the names of the people Officer (b) (6), (b) (7)(C) talked to. So I'm requesting a copy of the accident report he filled out so I can complete my insurance claim. Again, Officer (b) (6), (b) (7)(C) did inform me (as well as the BIA jail receptionist) that I would have to fill out a form for the accident report.

<a href="#">DOI-BIA-2024-001138</a>	09/11/2024	09/11/2024 Self	I was arrested on (b) (6) by OST Public Safety Police Case No: (b) (6) . When I got to the Pine Ridge Jail, (b) (6) by Police and or OST corrections officers. Upon being booked I requested under the Policy & Procedures of OST corrections, and the OST constitution and Bill of Rights. that I requested medical attention, and a Supervisor. Which I was locked down and denied both over the remainder of the weekend. Once I told correction officers of my OST constitutional rights as a veteran and tribal member I was met with resistance. I told Correctional officers five in total of my rights. I was locked down, and treated unfairly, my rights have been violated, and I am working on bringing a civil lawsuit for OST constitutional rights violations. I am requesting for the 911 phone call to the resident of my cousins, I am requesting the phone call where I was arrested, with name and badge number(s). I am also requesting the video cameras of each location I was being held in in the OST corrections, names, and badge numbers of the five COs, and reports. The officers told me I was being treated the way I was because I was being disrespectful. My rights have been violated. I will be filing a civil lawsuit; on the 8th, I was released declining prosecution. So today, I am requesting this information. (Date Range for Record Search: From 07/05/2024 To 07/08/2024)	Closed

Pursuant to FOIA, 5 U.S.C. § 552, I request access to records of tribal enrollment data held by the Bureau of Indian Affairs. Specifically, I am seeking the total enrollment figures for each federally recognized tribe in Alaska and the lower 48 states from 1934 onward, or from the date of federal recognition onward for each tribe. The data should include all annual enrollment figures submitted to the federal government, up to the most recent year available, provided in electronic format.

This request does not seek any personal or individually identifiable information in the conventional sense; rather, it seeks aggregated enrollment data and individual enrollment data that is essential for informing research on demographic changes, resource allocation, and tribal policy development. It is crucial to note that tribal citizens, as part of their unique political status, should not be considered private individuals in the same way that other citizens are. The federal government has historically collected and released this type of data for various purposes, including but not limited to Indian Census Rolls, boarding school rolls, and records associated with the Urban Indian Relocation Program. These records have been made publicly accessible, highlighting the

The CARES Act reserved \$8 billion in funding specifically for tribal governments, with allocations determined in part by tribal population data, which tribes were asked to submit. Given that this data was used in a federal funding allocation process and collected by a federal agency, it is my belief that the requested records are subject to FOIA disclosure.

He was placed on a couch in the garage/shed and a fire was lit in a trash can to keep him warm. It was freezing that night and was likely in the 'teens of temperature. (b) (6) died of carbon monoxide poisoning at some point in the early morning of January 1, 2000. No charges were ever brought forward against any of the residents of the home, and I am filing this request to get access to documents so that my family and I may finally have answers to why investigators never charged anyone for (b) (6) killing.

I am a law student at the University of Nevada, Las Vegas and currently serving as a Senior Staffer for the Nevada Law Journal at the Boyd School of Law. I am a Northern Paiute citizen of the Reno-Sparks Indian Colony, and I am writing a paper on (b) (6) case and my hope is that this law article will shed light on the historical and modern disparities that tribal nations in Nevada have faced within the field of criminal law. So, I would like access to every document that relates to (b) (6) death and investigation. Since Congressional statutes have authorized only federal agencies to have authority to prosecute Major Crimes in Indian Country, the federal agencies are often the only ones able to prosecute serious crimes. There has been a history of federal agencies struggling to prosecute such crimes and as a result, tribal nations in Nevada have long dealt with communities rife with criminals as well as crime, since there are circumstances where certain crimes go unresolved. Thus, I am hoping to use this example to call for more resources and awareness to federal prosecutors. I need a list of grazing leases and authorizers, including mineral and water rights and the limits to each lease for the Northern Cheyenn Reservation. Also the limits of water use and the pollution of natural aquifers for grazing means. The extent of the leases and how far they extend. Also any environmental impact statements concerning the Northern Cheyenn Reservation and a map with the partitions of allotted land labeled appropriately.

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552 and the Privacy Act, 5 U.S.C. § 552(a) Et Seq.:

I hereby respectfully request the below listed information gathered during the course of the investigation into the disappearance and subsequent homicide of [REDACTED] from [REDACTED].

1. All Investigator notes, tips, photos, video interviews, audio (or transcripts thereof) gathered during the course of the investigation.
2. Any and all Crime scene photographs if applicable.
3. Photographs of all evidence documented during the course of the investigation.
4. Any and all memos, documents, and reports, relating to the investigation into the case.
5. All Witness statements (with necessary redactions to ensure privacy).

Please provide digital copies to [REDACTED].

This information is not being requested or sought after for any commercial purposes, merely to attempt to analyze the information and further public understanding of the situation.

PCL-2025-001458

11/18/2024 11/19/2024 -

I am 10 year law enforcement veteran that analyzes cold cases in an effort to assist agencies in closing them. My off ce is working with [REDACTED] family to make this inquiry into the case to facilitate better understanding of the situation.

Assigned

We are aware of the tragedy that occurred to [REDACTED] and my off ce only wishes to analyze the case and provide your office with whatever supplemental information or leads I may develop. It is on these humanitarian grounds that we make this request. I am willing to sign a non-disclosure agreement if necessary.

In the event that a fee shall be incurred for either searching or the copying of these documents or records, please inform me, Jordan Taylor, of the cost and I will provide payment.

However, if the cost exceeds \$50, I would also like to request a waiver of all fees as the disclosure of the requested information is very highly in the public interest.

I am requesting all files be un-redacted or at the very least only have personally identifying information (PII) redacted.

This information should not be subject to any exemptions of the Public Records Act, (PRA), and access to the requested document(s) should be granted within twenty (20) working days.

I also request that if you determine that any part of the information requested is exempt from the PRA, this information be identified by document, and an explanation be provided. I also request that you provide the statutory basis for your claim and your reasons for not exercising your discretion to release this information.

PRA also provides that if any portions of the file are exempt from release, the remainder of the file must be released. Therefore, I request that I be provided with any and all portions that can reasonably be segregated. (Date Range for Record Search: From 03/18/2023 To 11/18/2024)

From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range.

DOI-2025-001840

11/25/2024 11/26/2024 Government Accountability Project

For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter.

Assigned

Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification on, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details.

To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). If your office cannot find 10 completed case files with these criteria, please send as many case files as you can find that do.

I am writing to request assistance in obtaining the birth certificate of my late grandmother, (b) (6). Her mother is (b) (6) and her biological father is unknown. I understand that these records are sealed for 100 years, but I am seeking access due to unique and compelling circumstances. □

Background: □

My grandmother was enrolled in the (b) (6) under the Alaska Native Claims Settlement Act (ANCSA) and is listed as (b) (6). I am in the process of obtaining my Certificate of Indian Blood (CIB) to reconnect with my heritage and establish my eligibility for tribal enrollment and Native benefits. However, I have encountered barriers in proving my lineage due to her passing, adoption history, and the dissolution of the (b) (6). □

Why I Am Unable to Obtain Records Through Typical Avenues: □

1. Adoption Records: My grandmother was adopted by (b) (6), and her adoption records are inaccessible. □

2. Next-of-Kin Restrictions: Both my grandmother and her parents are deceased, and I have been informed that, under current Alaska laws, birth certificates are otherwise sealed for 100 years. □

Documentation I Possess: □

My grandmother's ANCSA number and records indicating her enrollment in the (b) (6). Her Certificate of Indian Blood (CIB), listing her as (b) (6). My own lineage documents linking me to her, including my birth certificate, my mother's birth certificate, and my grandmother's death certificate. □

Request: □

I kindly request access to my grandmother's birth certificate to help establish my Native identity and cultural heritage. I am willing to provide additional documentation to verify my claim and comply with any formal processes necessary. □

I deeply appreciate your understanding and assistance with this sensitive matter. Dear (b) (6) □

I hope this letter finds you well? I am currently on a genealogy quest. Im hoping that you can assist especially when the freedom of information act has been applied. □

The information I am researching is the person who was (b) (6). I know his (b) (6) A very long life indeed. He was married 2 times. The first wife, (b) (6), they had 4 children. (b) (6). They were divorced in (b) (6). I only know of my grandmother- the other siblings nothing? □ (b) (6) second wife was (b) (6), if my facts are correct. □ (b) (6) was a sergeant in the (b) (6), and was stationed @ (b) (6), during WW2. □

I will also attach his member of a survivor of member from the armed forces his 2nd wife applied for. Also the signature to release copies of any official records. □

As far as (b) (6) parents are concerned, his mothers name was (b) (6). Im not sure if this last name was adulterated perhaps it was (b) (6)? Perhaps some current (b) (6) relatives may have an answer. Lets hope and see. Again, I wouldn't know who to contact on that front either. □

Looking forward towards your response. □
