11/18/2024 11/19/2024 -

I am 10 year law enforcement veteran that analyzes cold cases in an effort to assist agencies in closing them. My off ce is working with [REDACTED] family to make this inquiry into the case to facilitate better understanding of the situation.  
We are aware of the tragedy that occurred to [REDACTED] and my off ce only wishes to analyze the case and provide your office with whatever supplemental information or leads I may develop. It is on these humanitarian grounds that we make this request. I am willing to sign a non-disclosure agreement if necessary.

Assigned

In the event that a fee shall be incurred for either searching or the copying of these documents or records, please inform me, Jordan Taylor, of the cost and I will provide payment.

- However, if the cost exceeds \$50, I would also like to request a waiver of all fees as the disclosure of the requested information is very highly in the public interest.
- I am requesting all files be un-redacted or at the very least only have personally identifying information (PII) redacted.
- This information should not be subject to any exemptions of the Public Records Act, (PRA), and access to the requested document(s) should be granted within twenty (20) working days.

I also request that if you determine that any part of the information requested is exempt from the PRA, this information be identified by document, and an explanation be provided. I also request that you provide the statutory basis for your claim and your reasons for not exercising your discretion to release this information.

PRA also provides that if any portions of the file are exempt from release, the remainder of the file must be released. Therefore, I request that I be provided with any and all portions that can reasonably be segregated. (Date Range for Record Search: From 03/18/2023 To 11/18/2024)

From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range.

DOI-2025-001840

11/25/2024 11/26/2024 Government Accountability Project

For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter.

Assigned

Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification on, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details.  
To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). If your off ce cannot find 10 completed case files with these criteria, please send as many case files as you can find that do.
