DOI-2025-009852	09/25/2025	09/26/2025	ProtectJohnsonLane, Inc.	I am requesting current Land Status Maps as defined in 25 CFR 150.9 (see below) for all lands in the United States managed by the Federal Bureau of Indian Affairs. This can be in an ESRI shapefile format, or in an Excel or text format as long as the ownership percentages are tied to the reservation name. I need this data for the years 2023 and 2013, although it is readily available for certain years. For 2023 and 2025, I would be grateful to include that as well. I am conducting an analysis on the impact of land consolidation on land use decisions and require current parcel boundaries and status data (Active, Inactive, etc.) for the Reservation. This GIS data should be readily available since it is included in the permit to "divide and reallocate lands" in a regular basis. I do not require any personal ownership information. □ "25 CFR 150.9 Land status maps. The Land Titles and Records Offices shall prepare and maintain maps of all lands, including small areas, within the boundaries of the Bureau of Indian Affairs, showing prominent physical features and set on, township and range lines, shall be used to prepare land status maps. The land status maps shall reflect the individual tracts, tract numbers, and current status of the tract. Other special maps, such as plats and townsite maps, may also be prepared and maintained to meet the needs of individual Land Titles and Records Offices, Agencies, and Indian tribes." I am attempting to understand changes in leasing patterns over time on each Native American Reservation and nationwide and request this data for each year since 1934 (if it exists) in a format similar to what is found in this report: <https://archive.org/details/AnnualReportOfIndianLandAndWaterSurfaceLeases>. Even though this report says "Annual" I have only been able to find copies available for the public for the years 1966, 1978, 1983, 1984 after an exhaustive search at the National Archives, Library of Congress and various government publication repositories. Ideally this leasing information would be provided to me in a digital spreadsheet form but PDF or printed form will also work if that's all that is available. In part I request for all lands leased by the Bureau of Indian Affairs:

the total number of leases - total acres leased; □

Broken down by: □

Native American Reservation and Home - Allotted Lands and Tribal Lands? □

I do not request any personal information about the land owners or leaseholders. CFR 25.150.11a states that "The usefulness of a Land Titles and Records Office depends in large measure on the ability of the public to consult the records contained therein. It is therefore, the policy of the Bureau of Indian Affairs to allow access to land records and title documents unless such access would violate the Privacy Act, 5 U.S.C. 552a or other law restricting access to such records, or there are strong policy grounds for denying access where such access is not required by the Freedom of Information Act, 5 U.S.C. 552." Seeking Judgment Order records for Grazing Permit [REDACTED] from the Navajo Court of Indian Offenses before the transit on to the Navajo Tribal Court in 1959, specifically a May 17, 1956 Judgment Order attached and recorded below. Below is the text that has been made out:□

Only copy of the document we have attached and it is hard to read. Below is the text that has been made out:□

The Navajo Court of Indian Offenses May 17, 1956 Judgment Order reads: □

"This Navajo court of Indian Offenses has approved and granted that the name of [REDACTED] be changed to [REDACTED] and can retain the original brand of [REDACTED]. Estate consists of [REDACTED], including not [REDACTED] by [REDACTED] 6 horses, to be grazed in District No. 15. There are 10 member in the family, if any of this number wish to have use any part or number of livestock, he or she is entitled to the uses. They could be shared equally."□

I would like to get a copy of this from the archives as well as the preceding record of Grazing Permit [REDACTED] before the name change mentioned. □

[REDACTED] was also known as [REDACTED]. The spelling of the name changed to become more easy to read in English. [REDACTED]

Specifically seeking the archived copy of the attached grazing permit document (hopefully it is legible), and having it certified by a government agency, if possible. If other related documents are found pertaining to this grazing permit, to include any documents/probes leading up to this grazing permit please include those. □

Thank you. (Date Range for Record Search: From 01/18/1910 To 08/31/2025)

Request documents related to histor cal grazing permits for this area as they transitioned between heirs: May 17, 1956 Judgement Order pertaining to a grazing permit: In a probate an heir claimed it was not a legally binding document and denied other heirs rights per this document. Navajo Court Indian Offenses was abolished in 1959 replaced w/Navajo Tribal Courts. Any offcial documents related to and leading up to the document that are related to Grazing Perm [REDACTED] formally listed as grazing perm #8664 (same area). The attached Navajo Court of Indian Offenses judgement order is the only document that may help.

"This Navajo court of Indian Offenses has approved and granted that the name of B Itany Nez Begay C 12967 on Grazing Permit No. 8664 be changed to John Nez Begay C#83287 and can retain the original brand of [REDACTED]. There are 10 member in the family, if any of this number wish to have use any part or number of livestock, he or she is entitled to the uses. They could be shared equally."□

Because some records used to be with BIA and are now w/ Navajo Nat on and people don't know what happened to files it is proving very difficult to track down official certif cate copies of documents needed. □

Anything you can find w/ the Homes to lease and associated documents for [REDACTED] HSL, grazing perm t, BRFC, CRID/CRCF, and Survey Plot would help. □

Attached are Lester's Birth certif cate to show relation to [REDACTED] death certif cate, their family card to show additonal relat onships, and a survey plat showing only [REDACTED]

Request a "legible certified copy" of a Navajo Court of Indian Offenses Judgement order recorded May 17th, 1956. A barely legible copy was obtained in 2014 from BIA Dept of Natural Resources, but this document was rejected in court because it was not certified resulting in injustice. A copy of the document prev ously received is attached, a transcription from the attached via a court document, a court document showing the Pet t's lawyer rejected the document because it wasn't received certified or w/ the court mandated timeframe. □

This may be a bigger issue w/ Navajo elders or their heirs if they have Navajo Court of Indian Offenses documents that can't be certified due to problems finding documents from an abolished court system and how to request them. (Date Range for Record Search: From 01/01/1955 To 01/01/1958)
