RE: FEIS Comments, Little River Band Trust Acquisition and Casino Project

Dear Ms. Poitra,

As a member of the Little River Band of Ottawa Indians, I am writing to voice my support for our Tribe's Muskegon Casino project in Fruitport Township, Michigan.

Our Tribe's largest membership base is located in Muskegon County. We operate a separate office there to service the needs of our members. For more than 10 years we have worked with community leaders to develop this casino project that will not only provide jobs to our members and resources to support their needs, but also benefit the local community as well.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into the local economy.

As member of the Little River Band of Ottawa Indians, I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land and in the best interest of the Tribe and the local community.

Sincerely,

Michelle L. Oracz #1870

Dear Ms. Poitra,

As a member of the Little River Band of Ottawa Indians, I am writing to voice my support for our Tribe's Muskegon Casino project in Fruitport Township, Michigan.

Our Tribe's largest membership base is located in Muskegon County. We operate a separate office there to service the needs of our members. For more than 10 years we have worked with community leaders to develop this casino project that will not only provide jobs to our members and resources to support their needs, but also benefit the local community as well.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into the local economy.

As member of the Little River Band of Ottawa Indians, I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land and in the best interest of the Tribe and the local community.

Sincerely,

Annalisa Goat

Dear Ms. Poitra,

I am writing to voice my support for the Little River Band of Ottawa Indians' Muskegon Casino project in Fruitport, Michigan.

For more than 10 years, the Little River Band of Ottawa Indians has worked hand-in-hand with community leaders, state and local governments, and the community at large to develop this casino project.

The Fruitport casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into our local economy.

Finally, I want to express dismay at any opposition comments from tribal members from our sister tribes. Sadly, any opposition sister tribes express to the development of the Fruitport Casino is not based in fact, and is not well-sounded in the economic benefits the Fruitport Casino will bring to the Southwestern Michigan economy. Sister tribes and their members are only launching an opposition campaign against the advancement of the Fruitport Casino for self-protectionism of their respective casinos, which by the way, the Little River Band of Ottawa Indians previously supported.

Sincerely,

Kenneth James Snyder

I am writing to voice my support for the Little River Band of Ottawa Indians' Muskegon Casino project in Fruitport Township, Michigan.

For more than 10 years, the Little River Band of Ottawa Indians has worked hand-in-hand with community leaders, state and local governments, and the community at large to develop this casino project.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into our local economy.

I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land. I look forward to the advancement of this project that will enhance the community and positively impact the entire region.

Sincerely,

Sandra Mary Wittkop

RE: FEIS Comments, Little River Band Trust Acquisition and Casino Project

Dear Ms. Poitra,

As a member of the Little River Band of Ottawa Indians, I am writing to voice my support for our Tribe's Muskegon Casino project in Fruitport Township, Michigan.

Our Tribe's largest membership base is located in Muskegon County. We operate a separate office there to service the needs of our members. For more than 10 years we have worked with community leaders to develop this casino project that will not only provide jobs to our members and resources to support their needs, but also benefit the local community as well.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into the local economy.

As member of the Little River Band of Ottawa Indians, I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land and in the best interest of the Tribe and the local community.

RE: FEIS Comments, Little River Band Trust Acquisition and Casino Project

Dear Ms. Poitra,

As a member of the Little River Band of Ottawa Indians, I am writing to voice my support for our Tribe's Muskegon Casino project in Fruitport Township, Michigan.

Our Tribe's largest membership base is located in Muskegon County. We operate a separate office there to service the needs of our members. For more than 10 years we have worked with community leaders to develop this casino project that will not only provide jobs to our members and resources to support their needs, but also benefit the local community as well.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into the local economy.

As member of the Little River Band of Ottawa Indians, I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land and in the best interest of the Tribe and the local community.

Sincerely,

Mancee Jayworth

The casino will potentially increase tourism and hopefully drive millions of dollars into the Muskegon area economy. These dollars will enable the Tribe to expand medical care to the hundreds of Tribal members that live in the greater Muskegon area; currently those members, many who are Elders, need to travel 90-plus miles to the Tribe's Manistee clinic.

I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land. I look forward to the advancement of this project that will enhance the community and positively impact the entire region.

RE: FEIS Comments, Little River Band Trust Acquisition and Casino Project

Dear Ms. Poitra,

I am writing to voice my support for the Little River Band of Ottawa Indians' Muskegon Casino project in Fruitport Township, Michigan.

For more than 10 years, the Little River Band of Ottawa Indians has worked hand-in-hand with community leaders, state and local governments, and the community at large to develop this casino project.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into our local economy.

I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land. I look forward to the advancement of this project that will enhance the community and positively impact the entire region.

Sincerely,

Alvin R. Carnes

RE: FEIS Comments, Little River Band Trust Acquisition and Casino Project

Dear Ms. Poitra,

As a member of the Little River Band of Ottawa Indians, I am writing to voice my support for our Tribe's Muskegon Casino project in Fruitport Township, Michigan.

Our Tribe's largest membership base is located in Muskegon County. We operate a separate office there to service the needs of our members. For more than 10 years we have worked with community leaders to develop this casino project that will not only provide jobs to our members and resources to support their needs, but also benefit the local community as well.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into the local economy.

As member of the Little River Band of Ottawa Indians, I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land and in the best interest of the Tribe and the local community.

As a member of the Little River Band of Ottawa Indians, I am writing to voice my support for our Tribe's Muskegon Casino project in Fruitport Township, Michigan.

Our Tribe's largest membership base is located in Muskegon County. We operate a separate office there to service the needs of our members. For more than 10 years we have worked with community leaders to develop this casino project that will not only provide jobs to our members and resources to support their needs, but also benefit the local community as well.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into the local economy.

As member of the Little River Band of Ottawa Indians, I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land and in the best interest of the Tribe and the local community.

Sincerely,

For more than 10 years, the Little River Band of Ottawa Indians has worked hand-in-hand with community leaders, state and local governments, and the community at large to develop this casino project.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into our local economy.

I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land. I look forward to the advancement of this project that will enhance the community and positively impact the entire region.

Sincerely,

RE: FEIS Comments, Little River Band Trust Acquisition and Casino Project

Dear Ms. Poitra,

I am writing to voice my support for the Little River Band of Ottawa Indians' Muskegon Casino project in Fruitport Township, Michigan.

For more than 10 years, the Little River Band of Ottawa Indians has worked hand-in-hand with community leaders, state and local governments, and the community at large to develop this casino project.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into our local economy.

I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land. I look forward to the advancement of this project that will enhance the community and positively impact the entire region.

Sincerely,

Kenneth L. Willard

RE: FEIS Comments, Little River Band Trust Acquisition and Casino Project

Dear Ms. Poitra,

As a member of the Little River Band of Ottawa Indians, I am writing to voice my support for our Tribe's Muskegon Casino project in Fruitport Township, Michigan.

Our Tribe's largest membership base is located in Muskegon County. We operate a separate office there to service the needs of our members. For more than 10 years we have worked with community leaders to develop this casino project that will not only provide jobs to our members and resources to support their needs, but also benefit the local community as well.

The casino will provide our region with a tremendous economic boost and employment opportunities. This includes nearly 1,500 permanent, good-paying jobs and supporting as many as 1,500 additional construction jobs in our local community. The casino will increase tourism and drive millions of dollars into the local economy.

As member of the Little River Band of Ottawa Indians, I agree with the conclusion of the FEIS that the proposed casino and related developments are the best uses for this land and in the best interest of the Tribe and the local community.

Sincerely,

Emuley Jones
