### **Transfer Credits**

Grades earned in courses taken at other institutions are not included in the calculation of SIPI grade point average. Official high school and college transcripts submitted to the Admissions Office become the property of the College and will not be copied, transferred, or returned to the student.

#### **Evaluation of Credit**

Before previous coursework can be considered for transfer, admissions must receive official transcripts from all schools where the coursework was completed. Any student requesting transfer credit must contact his/her academic advisor, who will review the course(s) for which transfer credit has been requested. If the advisor determines that the course(s) meet the requirements of the student's program of study, the advisor will complete a SIPI College Course Credit Transfer form. The signed form will be routed to the department chairperson, the Vice President of Academic Programs, and the Admissions Office for final approval.

#### **Transfer Credits**

Before a course from another institution will be accepted toward a SIPI certificate or degree, the following requirements must be satisfied:

- Admissions must receive official transcripts from all schools where coursework was completed.
- The academic advisor will evaluate the transfer credits to determine which transfer credits may be applied toward the student's program of study.
- Transfer credits in any degree program of study offered by SIPI must have a letter grade of C or higher, provided the classes are similar or equivalent to courses offered at SIPI.
- A minimum of 24 residency hours in a core area is required for the award of a certificate or degree.
- Official transcripts submitted to SIPI Admissions and Records become the property of the institution and will not be transferred or returned to the student.
- Only credits from regionally accredited institutions are transferrable.
- To receive transfer credit for career and technical courses, the student must request a copy of the transcript(s) from the SIPI's Admissions Office and submit them to the appropriate academic division for review. An interview and/or demonstration of competence may be required before the decision regarding credit is made. Demonstration of competence is required for all transfer credit more than 10 years old.
- Remedial courses and upper-division courses, 300 & 400 levels, are not generally transferable.

#### **Quarter System Evaluation**

SIPI operates on a trimester academic year. Transfer courses from a post-secondary institution that uses a quarter system will be recalculated to trimester hours (one quarter hour equals 2/3 (0.66) trimester hour) to determine acceptability.

### **Military Credits**

Credit for military service is granted to those students who have served in the armed forces. Credit for Physical Education (1 credit) and Health (2 credits) may be granted, provided the course(s) is/are part of the student's program of study. The prospective student must provide a Department of Defense Form 214 (DD Form 214), to the Director, Admissions and Financial Aid during the application process.
