If more information is necessary, the Land Use Coordinator shall request the same from the Applicant or such Departments. Once the Land Use Coordinator is in possession of all the information deemed necessary so as to allow the Application to proceed, the Land Use Coordinator shall issue a Preliminary Review Approval and schedule his or her final review of the Application.

#### **Section 4.2. Final Lease Application Review by the Land Use Coordinator**

- A. Complete Application for Review. The Land Use Coordinator shall not consider an Application for final review unless it contains the following items:
1. Preliminary Review Approval;
  2. A completed Application form;
  3. A tribally approved survey or sketch; and
  4. LFD approval and the Environmental Review Record, with any accompanying findings.
- B. Review of Application. Every completed Application shall be subject to the Land Use Coordinator's review and the Land Use Coordinator shall either:

  2. Conditional approval, with such conditions being specified; or
  3. Disapproval as to the proposed Land Use for the Premises.
- C. Criteria for Assessing an Application. In determining whether to approve, conditionally approve, or disapprove an Application, the Land Use Coordinator may consider:
1. The qualifications of the Applicant, including but not limited to land use or development experience and financial capabilities;
  2. The highest and best use of the proposed Premises, the value of the proposed Improvements; the requirements for governmental services and

commitments; economic impact; and the creation of meaningful employment opportunities for the Tribe's members;

3. The timing of start-up, construction, and completion of all proposed Improvements and the relationship of such to other Land Uses;
4. Aesthetics, architectural concept, and design function;
5. Such other issues as the Land Use Coordinator deems necessary and appropriate.

D. Compliance with Current Land Use. The Land Use Coordinator may not approve an Application if the proposed Land Use is not, to the Land Use Coordinator's knowledge, in compliance with all applicable laws and any Land Use development plan adopted by the Tribe. However, if no such plan has been adopted, the Land Use Coordinator shall ensure that the Land Use proposed in the Application is compatible with the use of Tunica-Biloxi Land adjacent to and surrounding the proposed Premises. The Land Use Coordinator may approve variances from any approved Land Use development plan if it is determined that the proposed Land Use otherwise complies with tribal law and is in the Best Interest of the Tribe.

E. Notice of Decision. The Land Use Coordinator shall provide written notice of all final Land Use Coordinator decisions to the Applicant, by personal delivery, facsimile transmission (if available), e-mail, United States First Class mail, or an express delivery service, such as FedEx or UPS, to the address as set forth in the Application. Failure to give or receive such notice shall not affect the validity of any determination or action.

#### **Section 4.3. Tribal Council Notification**

The Land Use Coordinator shall provide the Tribal Council with a copy of the final Land Use Coordinator decision on an Application for a Lease under this Ordinance.

### **ARTICLE 5 – AMENDMENTS, ASSIGNMENTS, SUBLEASES AND LEASEHOLD MORTGAGES**

#### **Section 5.1. Amendments**

A Lease may be amended only with the approval of the Land Use Coordinator. All amendments must be executed by each party to the Lease. In the event there is a Leasehold Mortgage or guaranty which provides that the mortgagee's or the Surety's consent is required for an amendment, the Lessee shall provide the Land Use Coordinator with proof of such consent prior to the amendment becoming effective.

### **Section 5.2. Assignment**

A Lease may be assigned only with the approval of the Land Use Coordinator and under such terms and conditions as the Land Use Coordinator deems appropriate. In the event there is a Leasehold Mortgage or guaranty which provides that the mortgagee's or the Surety's consent is required for any Assignment, the Lessee shall provide the Land Use Coordinator with proof of such consent prior to the Assignment becoming effective. Notwithstanding the above, the Land Use Coordinator may approve a Lease which contains a provision allowing for an Assignment without further approval by the Land Use Coordinator if (i) the assignee is the leasehold mortgagee, or its designee, and acquired the Lease through either foreclosure or conveyance; (ii) the assignee agrees in writing to assume all of the obligations and conditions of the Lease; (iii) the assignee agrees in writing that any transfer of the Lease will be in accordance with applicable laws; and (iv) the Leasehold Mortgage encumbering the leasehold had been approved by the Land Use Coordinator and contained the provisions as set forth in this Ordinance.

- B. **Prior Consent.** A Lease may expressly authorize the Lessee to enter into one or more Subleases without having to obtain subsequent Land Use Coordinator approval for such Subleases.

### **Section 5.4. Leasehold Mortgages**

A Lessee may encumber a leasehold interest with a Leasehold Mortgage, so long as: (i) the Lease does not prohibit a Leasehold Mortgage; and (ii) the Land Use Coordinator approves the form of Leasehold Mortgage. The lien imposed by the Leasehold Mortgage shall be strictly limited to the leasehold interest and the mortgagee shall not gain any rights in Tunica-Biloxi Land.

## **ARTICLE 6 – ENFORCEMENT**

### **Section 6.1. Generally**

The Land Use Coordinator shall have all powers necessary and proper to enforce this Ordinance and the business leasing management plan or policy and may call upon other Departments of the Tribe to assist in the same as necessary and appropriate.

### **Section 6.3. Defaults**

- A. **Notice.** If the Land Use Coordinator determines that the Lessee is in default of any provision of its Lease, the Land Use Coordinator shall send notice to the Lessee of such default in accordance with any notice provision contained in the Lease, demanding that the Lessee cure the default within any time frame specified in the Lease for such default. In the event the Lease does not set forth a method of notice, then the Land Use Coordinator shall provide the same by either certified mail, return receipt requested, or an express delivery service, such as FedEx or UPS, to the address of the Lessee as set forth in the Application and the notice shall be deemed given when mailed.
- B. **Cure Time.** Unless otherwise provided for in the Lease, the Lessee shall have five (5) days to cure a payment default and ten (10) days to cure a non-payment default. The Land Use Coordinator may grant additional time for a Lessee to cure a default if the Lessee has diligently taken action to cure a default.
- C. **Dispute of Default.** Within five (5) days of receipt of a notice to cure a payment default and within ten (10) days of receipt of a notice to cure a non-payment default, the Lessee may dispute the notice of default and explain why the Lease should not be cancelled or request additional time to cure the default.

### **Section 6.4. Remedies**

- A. If the Lessee fails to cure a default for which Lessee has received notice as set forth in Section 6.3.A. within the prescribed period, or if the Lessee engages in unlawful or criminal conduct on the Premises, the Land Use Coordinator may:
  - 1. Provide written Cancellation or Termination of the Lease to the Lessee (the right of Termination is in addition to any other rights and remedies as may be set forth in the Lease);

- C. A Cancellation shall become immediately effective thirty-one (31) business days after receipt of mailing of the order to vacate. The filing of an appeal shall not change the effective date of the cancellation. If the Lessee submits a request in writing to the Land Use Coordinator and the request is received within seven (7) business days of the mailing date of the order to vacate, the Land Use Coordinator in his or her discretion may grant the Lessee permission to occupy the Premises beyond the Cancellation effective date during the pendency of an appeal. If permission is granted, the Lessee shall be required to make Lease payments during the pendency of the appeal. Pending the outcome of an appeal, the Lessee shall comply with the terms of the Lease.

#### **Section 6.5. Penalties**

All Leases shall specify the rate of interest to be charged if the Lessee fails to make payments in a timely manner. Leases shall identify additional late payment penalties. Unless a Lease provides otherwise, interest charges and late payment penalties are not subject to notice and shall apply automatically, and the failure to pay such amount shall be treated as a breach of the Lease.

#### **Section 6.6. Trespass**

If a Lessee remains in possession of Premises after the expiration or Cancellation of a Lease, or if a Person occupies the Premises without appropriate approval, the Land Use Coordinator shall treat such occupation as a trespass. The Land Use Coordinator shall take action to recover possession of the Premises and may pursue any applicable additional remedies. Filing claims for trespass or any such remedies shall be made pursuant to applicable tribal laws or,

alternatively, the Land Use Coordinator may make a written request sent by certified mail to the BIA for resolution under any applicable federal laws.

#### **Section 6.7. Secretary Assistance**

The Secretary may, upon reasonable notice from the Tribe, and at the Secretary's discretion, enforce the provisions of or cause a Cancellation of a Lease. The Secretary also may, upon his or her discretion, enter the Leased premises to enforce any Lease executed by the Tribe.

Such appeals shall be initiated by: (1) a written notice setting forth the basis for the appeal; (2) a short statement indicating the nature and circumstances of the appeal; and (3) a short statement indicating the remedy being sought. An appeal must be filed within ten (10) business days of a final determination made pursuant to this Ordinance.
- B. **Scope of Review.** The Tribal Council shall review whether the Land Use Coordinator's final determination was arbitrary, capricious, or an abuse of discretion; not supported by substantial evidence in the record; or otherwise not in accordance with the law. The decision of the Tribal Council shall be final.

### **ARTICLE 7 – ENVIRONMENTAL REVIEW PROCESS**

#### **Section 7.1. General Environmental Review for Proposed Leases**

  - 2. The Public is informed of and has a reasonable opportunity to comment on, any Significant Environmental Impacts of the proposed action as identified by the Tribe; and
  - 3. The Tribe provides responses to relevant and substantive Public comments on any Significant Environmental Impacts before a Lease is given a Preliminary Review Approval by the Land Use Coordinator.

- C. The Applicant's responsibility to comply with all applicable tribal and federal environmental laws is in addition to and separate from its obligations under this Ordinance. As part of this process, the LFD will take all necessary steps to ensure that the Applicant's planned use and occupation of the Premises complies with all applicable tribal and federal environmental laws.

**Section 7.2. Threshold Environmental Compliance Determination on Proposed Lease Site**

However, a copy of the written determination finding that there are no Significant Environmental Impacts will be available, upon request, for Public review at the office of the LFD.

### **Section 7.3. Action Upon Significant Environmental Impact Determination**

If the LFD provides a determination to the Land Use Coordinator that the proposed Lease might be expected to (1) impact; (2) alter; (3) disturb; (4) cause physical disturbances to the biological or natural resources of the Tribe; or (5) otherwise create a Significant Environmental Impact, the Lessee shall be required to fulfill the requirements of the Environmental Review Process set forth in this Ordinance and comply with applicable tribal environmental regulations.
- B. Upon receipt of an LFD determination under Section 7.3.A., the Land Use Coordinator shall cause to be prepared a tribal environmental impact report (TEIR). The TEIR will provide an analysis of the potential Significant Environmental Impacts of the proposed Lease; provided, however, that information or data which is relevant to such a TEIR and is a matter of public record or is generally available to the Public need not be repeated in its entirety in the TEIR, but may be specifically cited as the source for conclusions stated therein; and provided further, that such information or data shall be briefly described, that its relationship to the TEIR shall be indicated, and that the source thereof shall be reasonably available for inspection at a public place or public building. The TEIR shall contain:

#### **Section 7.5. Public Notice and Comment**

- A. When the LFD determines that the proposed leasing activity will have Significant Environmental Impacts, notice and an opportunity for Public comment shall be provided within ten (10) days in the following manner: publication on the Tribe's publicly-accessible website or publicly-accessible website portal; publication in a local newspaper of general circulation; and posting at the Tribe's tribal administrative offices on the Reservation. The Notice shall contain the consent specified in Section 7.5B and state that the Land Use Coordinator is requesting Public comment on the proposed Lease activity before it makes a final approval determination.

  - 2. The proposed location of the Lease;
  - 3. The physical address of the LFD where the ERR and TEIR may be reviewed or copies may be obtained;
  - 4. Language explaining that a thirty (30) day Public comment period is open, and indicating that Public comments timely received will be considered; and

5. Instructions advising the Public to identify which "Notice" they are responding to.
- C. The LFD has discretion to also provide such Notice directly to individuals and other government entities known to have an interest in the proposed Lease activity.
- D. After the thirty (30) day comment period has closed the LFD, or its designee, will provide a written response to all relevant and substantive comments on any Significant Environmental Impact within ten (10) days, which the Land Use Coordinator can extend up to an additional forty-five (45) days if such additional time is needed to respond adequately to the comments, arising as a result of the proposed Lease on the Premises. The written response will include any proposed, recommended, or required mitigation measures addressing such Significant Environmental Impacts. The written response to relevant and substantive Public comments on any Significant Environmental Impacts shall be posted on the Tribe's website or website portal and a hard copy made available at the Tribe's tribal administration offices on the Reservation. Publication of the link to the Tribe's website or website portal whereon the full response is available and directions on how to access it shall be published on that website or portal, in a local newspaper of general circulation, and posted at the Tribe's tribal administration offices on the Reservation.
- E. The LFD shall consider all relevant and substantive comments and provide its responses and determination to the Land Use Coordinator for inclusion in the ERR, which shall thereafter be made public and be used to complete the Preliminary Review Approval Process.

#### **Section 7.6. Re-Evaluation of Environmental Review Process**

- A. A re-evaluation of the initial Environmental Review Process determination will be required when:
  1. There are proposed substantial changes in the nature, magnitude, or extent of the Lease activity on the Premises;
  2. There are new circumstances and environmental conditions which may affect the project or have a bearing on its impact, such as concealed or unexpected conditions discovered during the implementation of the project or activity which is proposed to be continued; or
  3. The Applicant does not adhere to the mitigation alternatives required by the original determination.
- B. If the LFD determines that the original findings are no longer valid and the re-evaluation indicates Significant Environmental Impacts are expected from the proposed Lease, then the LFD must notify the Land Use Coordinator and re-initiate the Environmental Review Process set forth in this Article 7.
